Application For Phased Design and Construction

Samuel D. Palmer, Acting Director/Building & Fire Official · Girard Page, Fire Marshal

The Building Official may authorize projects to be constructed using the Phased Design Building Program. Consideration will be given to size, complexity, construction schedule and other related factors to determine if this approach is acceptable. Authorization must be obtained prior to submitting any initial building permit applications/documents. A copy of this application **with** appropriate signature must be attached to the first permit application.

Please complete the following information and submit this application to The Department of Building, Manager of Plans Examination. Extremely large and/or complex projects may require a preliminary meeting prior to completion of this application.
