Dear Laughlin Residents & Property Owners:

Clark County Department of Comprehensive Planning invites you to an Open House to review information and comment on the update of the Laughlin Land Use Plan.

You will have the chance to meet and talk with land use planners and other service providers.

The OPEN HOUSE is the first informal meeting for you to provide input on the update of the land use plan. There will be one or two more open houses over the next 9-12 months. This update is part of a regularly scheduled review to keep the land use plan up to date.

Materials at the open house will also available to review at:
http://www.clarkcountynv.gov/comprehensive-planning/land-use/Pages/LaughlinLandUsePlan.aspx

The Open House is *informal* - come by anytime during the hours - there will NOT be a formal presentation - staff will be there to show you materials and collect your comments.
