8. Average size of load leaving the property (tons):	
9. Daily amount of material received (total tons):	
10. Daily amount of material distributed (total tons):	
11. Annual amount of material received (total tons):	
12. Annual amount of material distributed (total tons):	
13. Method of dust control: <input type="checkbox"/> Baghouse (complete SS-PER-008-01) <input type="checkbox"/> Scrubber (complete SS-PER-008-06) <input type="checkbox"/> Other (complete SS-PER-008-05)	

***Attach flow diagram(s) and manufacturer's specification sheet(s).***

**All information above this line is required for this form to be considered complete. Duplicate sheet as needed.**

**The information in this section guides you to other forms that may have to accompany this worksheet.**

- Use the Engine form (SS-PER-007-03) if not operating on grid power and/or if there is an engine on-site.

# Form Instructions

Before filling out this worksheet, locate the **Supplemental Information** box at the top right.

- If submitting this worksheet with a permit application, do not check the box.
- If submitting this worksheet without a permit application, or in response to a DAQ request for supplemental/requested information, check the box.

1. Provide the source name as it appears on the application. If a permit already exists for this operation, the source name should match the name on the permit.
2. If the source is existing and already has a permit, provide the number as it appears on the permit. Otherwise, enter "New."
3. Provide a brief description of the proposed project as it appears on the permit application. Indicate types of material distributed, list all (decorative rock, type II sand, mulch, etc).

## **USE ATTACHMENT IF ADDITIONAL SPACE IS REQUIRED.**

4. Specify in acres the area of disturbed surfaces and stockpiles.
5. Specify in miles the one-way length(s) of any paved road(s).
6. Specify in miles the one-way length(s) of any unpaved road(s).
7. Specify in tons the average size of a load entering the property.
8. Specify in tons the average size of a load leaving the property.
9. Specify in total tons the daily amount of material received at the facility.
10. Specify in total tons the daily amount of material distributed at the facility.
11. Specify in total tons the annual amount of material received at the facility.
12. Specify in total tons the annual amount of material distributed at the facility.
13. Specify the method of dust control used at the facility.
