ADDENDUM NO. 3

INVITATION TO BID

1. The Bid opening date of May 19, 2014 at 3:00:00 p.m. **remains unchanged.**

BID FORM

2. **Discard** original bid Form page IV-1 through IV-8 and **replace** with the attached revised Bid Form pages IV-1 through IV-8. (Changes are identified in bold)

QUESTION AND ANSWER

- Q1: Item #32 lists a power distro but was not specific in if you need cable for it, or just the distro.
A1: This is for the power distro only. All cabling are separate and have been identified within the Bid Form.
- Q2: Item #35 does not indicate how long the stringer needs to be and how many Edison connections are required or how long of stringer.
A2: 50ft stringer with Edison connectors every 3 or 5 feet depending on the manufacturer.
- Q3: Item #8 is 300' really required? What kind of amp draw is being pulled from this cable? Info is required to determine gauge of cable for this exceptionally long power run
A3: Cable is used to power digital console separately and is not necessary to make system run. Just back up cabling to power system at mix position (FOH)
- Q4: There is a reference to "training" on this bid. What is expected from Bidder in regards to training?
A4: On the Revised Bid Form, a new line item has been added for Option A & Option B for training related services. If requested by County, on an as needed basis, Successful Bidder shall provide technical, troubleshooting and training related assistance, by an appropriately qualified representative of the Successful Bidder, to ensure the system if fully operation and working accordingly. County anticipates up to 8 hours of training on a date and time determined by County. Successful Bidder will be compensated for actual on-site time only, prorated to the nearest fifteen (15) minute increment
- Q5: Bid Item No.9, G3 500 Series IEM doesn't exist. Its now the EW300IEMG3 that is available in two versions, single (ew300IEMG3) and dual (ew300-2IEMG3).
A5: The Revised Bid Form has been updated to reflect this issue, the single has been selected.
