BID NO. 603347-14

ANNUAL REQUIREMENTS CONTRACT FOR FLOOD CONTROL CHANNEL MAINTENANCE

Name of Firm

PART 1 – GENERAL

1.1 DEFINITIONS

- A. PROJECT ADMINISTRATOR - (PA) shall be the designated Owner representative who will be the Contractor's contact person on all matters of responsibility pertaining to execution of this contract. All correspondence shall be via email or in writing to the PA.

1.2 SCOPE OF WORK

- A. The work shall consist of providing general cleanup, vegetation and trash removal, and removal of all obstructions such as shopping carts, bricks, lumber, mattress', etc. in specific flood control facilities within the boundaries of Clark County as described within as Exhibit A for the time period specified in the Contract Document. The Contractor shall furnish any and all labor, materials, equipment, tools, transportation, and supplies required to complete the work in accordance with the Contract Documents and the terms of the contract, including, but not limited to the following:
1. **Channels and Access Roads: Removal and disposal of trash, debris. Rock & sediment shall be removed in concrete lined channels. Also remove deceased animals, animal and human feces, vegetation, and all other obstructions from channels and access roads (i.e.: shopping carts, mattresses, etc.) within the entire channel right-of-way (fence to fence). Removal and disposal of vegetation from access roads (i.e. weeds, small trees, seedlings, tumbleweeds), using mechanical and manual means. The contractor shall also sweep the paved access roads using a street sweeper, road broom, or other approved method.**
 2. **Detention Basins: Removal of trash, debris, deceased animals, animal and human feces, and all other obstructions from the detention basin floor, trash rack and/or labyrinth/spillway areas of detention basins including inlet/outlet dirt channels to and from the basins. No equipment can be used on slopes.**
 3. Report missing nuts & bolts (locks) on channel access roads in the weekly report to Clark County. Locks to be replaced by the County at its discretion.
 4. Traffic Control as required and specified herein.

The above stated work shall be included and incidental to each Bid Line Item. No additional payments will be made for any of the above work items.

- B. Note: The County reserves the right to perform work, as it deems necessary within the flood control facilities identified in the contract. Contractor shall coordinate with the County to facilitate working through the area.
- C. All damage to the existing facilities caused by the actions or inactions by the Contractor or their employees or agents shall be repaired or replaced at the Contractor's expense.
- D. It is the responsibility of the Contractor to clean the flood control facilities identified on Exhibit A of all trash, debris, rock & sediment in concrete lined channels, vegetation, animal and human feces, and all other obstructions once per month. In addition, failure to comply with the work tasks outlined in this scope of work will result in a penalty in the amount of \$500.00 for each additional day that the Contractor fails to respond within three (3) days of receipt of notice. The Contractor is to ensure that there is adequate staff and equipment available to complete the tasks identified in this Contract. Failure to complete the tasks required by the Contract may result in removal of the Contractor.
