CLARK COUNTY, NEVADA RFP 603525-14 BOULDER CITY CONSERVATION EASEMENT DESERT TORTOISE PREDATION STUDY – PHASE 2

December 23, 2014

ADDENDUM NO. 1

REQUEST FOR PROPOSAL

1. The bid opening date of February 5, 2015 at 3:00:00 p.m. **remains unchanged.**

QUESTIONS AND ANSWERS

2. Q1: If no telemetry is necessary for the study due to the large number of telemetered tortoises on the BCCE, would the proposer be able to acquire telemetry data from Clark County and/or outside sources?

A1: The telemetry project that is currently ongoing is studying survivorship and movement of resident and translocated tortoises on the BCCE. We also have other locational data for tortoises and carcasses found on the BCCE during surveys conducted over the last couple years. We consider desert tortoise location data to be sensitive data; therefore it is not posted on our website. Please refer to the response to question 4 for information on obtaining data that is not available on the website.

Q2: Would it be possible to obtain the details of the Phase 1 study and what it entailed?

A2: Here is the link to the final report that was done for Phase 1 (<http://bit.ly/1uUOKBO>).

Q3: How can we view other reports related to the desert tortoise such as survivability, data GBI, occupancy data and carcasses data?

A3: You can view the various reports that are on the Desert Conservation Planning website at <http://www.clarkcountynv.gov/Depts/dcp/Pages/GuidingDocuments.aspx>.

Q4: If we cannot locate information on the website, is there another option.

A4: Yes, you can complete a Request for Public Records that is located on the Purchasing and Contracts website under Forms/Documents.
