INVITATION TO BID

BID NO. 603607-15

GOVERNMENT CENTER EMPLOYEE PARKING LOT ACCESS CONTROL IMPROVEMENT

NEVADA STATE LABOR COMMISSION PWP NUMBER: CL-2015-139

SCOPE OF WORK: The Work consists of the construction of two sets of access gates for the employee parking lot for the Clark County Government Center. Power will be supplied to the two gate sites via a new line from the northwest corner of the existing Central Plant facility to the west of the project sites. Approximately 1600- LF of trenching will be dug to connect the power to the project sites. The portion of the trenching including the removal of existing asphalt, sidewalks, and curb and gutters will be performed using hydro excavation and the portion of the trenching within the landscaped areas will be performed using a backhoe. The northern gate will consist of one ingress and egress gate respectively and a "tack on" 2-ft wide, 32-LF long median separating the two lanes. The southern gate will have 2 ingress and egress gates respectively; however one of the ingress gates will be closed except for during the peak times when all gates will be open, for example 5 am to 9am and 4pm to 6:30 pm M-F. The southern gate will have approximately 59-LF of 3.5-ft wide "Tack on" median that will be divided into two separate medians with a 15-lf turn around area. Once the gates are installed and the trenching for the electrical runs has been re-filled, the trenches will be repaved and the parking lot will be restriped as necessary. The Contractor's operation shall not block access to the employee parking lots during County business hours.

ESTIMATED COST: \$188,100 - \$207,900.
