The procedure for tie-bids is to hold a public drawing and award the bid to the winner of the draw in accordance with the Method of Award clause in the Instructions to Bidders. When a drawing is necessary, the Bidders involved will be contacted with the time and place of the drawing. Attendance is not mandatory for the drawing. An impartial witness will be present at the drawing.

11. EVALUATION OF BIDS AND AWARD

The Bidder shall quote a total price for each line item; low bid will be defined as the lowest sum of these total prices. Mathematical errors in the line item Bid Schedule shall be corrected by Owner. If there is no cost for a line item, the Bidder will enter a "0" or write the words "NO COST". A Bidder who fails to quote a total price for each line item or modifies/changes any elements within its Bid Form may be deemed non-responsive and their bid rejected.

B. Intent to Award

The Owner will issue a formal letter of Intent to Award to the low responsive responsible and/or best Bidder. The Bidder shall utilize this letter to obtain the bonds required by NRS 339.025. This statute requires that before any Public Works contract is awarded and becomes binding, the Contractor shall furnish bonds and insurance.

C. Award Determination

All responsive and responsible bids received are considered firm offers for 90 calendar days after the date of bid opening and may be considered for award. Award shall be made to the lowest responsive, responsible and/or best bidder based upon the Total Bid Amount. - d. \$250,000.

The protest filed in accordance with these provisions operates as a stay of action in relation to the award of this contract until a determination is made by the Governing Body on the protest.

An unsuccessful Bidder may not seek any type of judicial intervention until the Governing Body has made a determination on the protest and awarded the Contract.

Neither the Governing Body or the authorized representative is liable for any costs, expenses, attorney's fees, loss of income or other damages sustained by a Bidder, whether or not the person files the protest pursuant to this clause.

If the protest is upheld, the bond posted or other security submitted with the protest must be returned to the Bidder who

submitted the protest. Contractor may only request a substitution if a material or product will fit into the space allocated, affords comparable ease of operations, maintenance and service, that the appearance, and longevity is equal to or better than the material or product specified; or that the substitution of such material, product, or service by reason of cost savings, reduced construction time, or similar demonstrable benefit will be in Owner's interest.
2. The burden of proof of equality of a proposed substitution for a specified material, product, or service shall be upon Contractor. Contractor shall support its request with sufficient test data and other means to permit Owner to make a fair and equitable decision on the merits of the proposal. Contractor shall submit drawings, samples, data and certificates for proposed substitute materials. Any material, product, or service by a manufacturer other than those specified or of brand name or model number or of generic species other than those specified will be considered a substitution. Owner will be the sole judge of whether or not the substitution is equal in quality, utility and economy to that specified.
3. Approval of a substitution shall not relieve the Contractor from responsibility for compliance with all requirements of the Contract. Contractor shall bear the expense for any changes in other parts of the work caused by any substitutions.
4. Materials, products or service proposed as substitutions for specified items shall be supported by certification of their approval for use by any or all governmental agencies having jurisdiction over use of the specific material, product or service.
5. Substitutions will not be permitted in those instances where the product is intended to accommodate artistic design, specific function or economy of maintenance.

B. **Procedure**

Should the Contractor wish to use any material, product, or service other than those specified by brand or trade name, it shall, within **10 calendar days** after award of the contract, submit to the Architect or Engineer, a written request for substitution accompanied by all data necessary for the Architect or Engineer to determine whether the requested substitution is equal to the specified material, product, or service. If the Contractor fails to submit written requests within **10 calendar days** after the award of the contract, no substitutions will be allowed. The submission of a request to substitute a material, product, or service gives rise to no obligation on the part of the Owner to accept such substitute, or on the part of the Architect or Engineer to determine such substitute to be the equal of that specified.

The Architect or Engineer will have a reasonable amount of time to review requests for substitution and make a recommendation to the Owner. Should the substitute be acceptable to the Owner, an authorization will be written allowing the provision of the substitute material, product, or service. No substitution will be allowed which will increase the Contract amount.

2.3 DELIVERY, UNLOADING AND STORAGE

Contractor shall receive, unload, store in a secure place, and deliver from storage to the construction site all materials and equipment required for the performance of the Contract. The storage facilities and methods of storing shall meet Owner's approval. Materials and equipment subject to degradation by exposure shall be stored in a suitable enclosure provided by Contractor.

2.4 PAYMENT OF MATERIAL

- A. At the discretion of the Owner, payment for materials on hand may be made when a paid invoice is presented to the Architect/Engineer for inclusion with the estimate, provided the materials meet the requirements of the plans and specifications, and are stored under acceptable storage conditions. Payment for materials on hand does not alter the responsibility of the Contractor for all materials until final acceptance of the work.
- B. If materials are not specifically purchased for the work, but are taken from the Contractor's stock, then in lieu of invoices, there shall be submitted to the Owner statements accompanied by an affidavit of the Contractor, certifying such materials were taken from its stock and the price and transportation claimed represent the actual cost to the Contractor.
- C. It is understood and agreed that the transfer of title to, and the Owner's payment of such stored or stockpiled material shall in no way relieve the Contractor of its responsibility for furnishing and placing such materials in accordance with the requirements of the Contract, plans, and specifications.

2.5 WARRANTY

- A. Unless otherwise provided elsewhere in the Contract, all materials and equipment incorporated into any work covered by the contract shall be new, and where grade is not specified, shall be of the most suitable grade of their respective kinds for their intended use, and all workmanship shall be in accordance with construction practices acceptable to Owner. Unless otherwise provided in the contract, Contractor warrants all equipment, materials, and labor furnished or performed under this contract against defects in design, materials (unless furnished by Owner), and workmanship for a period of **12 months** (unless longer guarantees or warranties are provided for in the contract in which case the longer periods of time shall prevail) from the date of Substantial Completion, regardless of whether the same were furnished or performed by Contractor or by any of its subcontractors of any tier. Upon receipt of written notice from Owner of any defect in any such equipment, materials, or labor during the applicable warranty period, due to defective design, materials or workmanship, the affected item or parts thereof shall be redesigned, repaired or replaced by Contractor at a time acceptable to Owner.
- B. Contractor shall perform such tests as Owner may require verifying that such redesign, repairs and replacements comply with the requirements of this Contract. All costs incidental to such redesign, repair, replacements and testing, including the removal of any barrier, necessary to gain access, shall be borne by Contractor.
- C. Contractor warrants such redesigned, repaired or replaced work against defective design, materials and workmanship for a period of 12 months from and after date of acceptance thereof. Should Contractor fail to promptly make the necessary redesign, repair, replacement, and tests, Owner may perform or cause to be performed the same at Contractor's expense. Contractor and its surety or sureties shall be liable for the satisfaction and full performance of the warranties as set forth herein.

3.4 EMPLOYMENT OF UNAUTHORIZED ALIENS

In accordance with the Immigration Reform and Control Act of 1986, the successful Bidder agrees that it will not employ unauthorized aliens in the performance of this contract.

3.5 NON-DISCRIMINATION / FAIR EMPLOYMENT PRACTICES

A. Discrimination:

The Governing Body is committed to promoting full and equal business opportunity for all persons doing business in Clark County. The successful Bidder acknowledges that the Owner has an obligation to ensure that public funds are

not used to subsidize private discrimination. The successful Bidder recognizes that if they or their subcontractors are found guilty by an appropriate authority of refusing to hire or do business with an individual or company due to reasons of race, color, religion, sex, sexual orientation, gender identity or expression, age, disability, national origin, or any other protected status, the Owner may declare the successful Bidder in breach of the contract, terminate the contract, and designate the successful Bidder as non-responsible.

B. Fair Employment Practices:

In connection with the performance of work under this contract, the Contractor agrees not to discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex or age. Such agreement shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

This law requires that, when the qualifications of applicants are equal, that preference be given: First, to honorably discharged soldiers, sailors, and marines of the United States who are citizens of the State of Nevada; second, to other citizens of the State of Nevada. If the provisions of NRS 338.130 are not complied with by the Contractor, this contract is void, and any failure or refusal to comply with any of the provisions of NRS 338.130 renders this contract void.

Contractor shall act as an independent Contractor and not as the agent of Owner in performing the Contract. The Contractor shall maintain complete control over its employees and all of its Subcontractors. Nothing contained in this Contract or any subcontract awarded by Contractor shall create any contractual relationship between any such Subcontractor and Owner. Contractor shall perform all work in accordance with its own methods subject to compliance with the Contract.

B. Any subcontract entered into by the Contractor and its Subcontractor or Material Supplier shall not create any contractual relationship between the Owner and Subcontractor or Material Supplier. It is the Contractor's responsibility to ensure all subcontract agreements and material supply contracts comply with the terms and conditions set forth in this Contract and applicable Statutes. If the Contractor submitted with its Bid a signed and notarized Affidavit, the Contractor must include in each contract between the Contractor and Subcontractor the apportionment of Bidder's Preference Liquidated Damages assessed (General Conditions Section 1,1.2(D)).

Eligibility for the preference will be established if the Bidder, at the time of Bid: 1) possesses a certificate of eligibility from the State Contractor's Board; and 2) submits the "Affidavit Pertaining to Preference Eligibility" form, attached hereto as Attachment No. 3, included as part of the Bid Documents and hereafter incorporated into the Contract. A person or entity who believes that a Contractor is not entitled to receive preference in bidding on public works under Nevada Law may: 1) challenge the validity of the certificate of eligibility by filing a written objection with the Owner in compliance with NRS 338.147 (13) within three (3) business days after the Bid opening; or 2) file a written objection with the Owner setting forth proof or substantiating evidence to support the belief that the Contractor has failed to comply with A.B. 144. In evaluating an objection to the certificate of eligibility, the Owner shall comply with the requirements of NRS 338.147 (14).

3.11 BIDDERS RECEIVING PREFERENCE

- A. If the Contractor submitted with his or her Bid a signed and notarized "Affidavit Pertaining to Preference Eligibility" form, and fails to comply with any of the requirements certified in the Affidavit, such failure is a material breach of the Contract and entitles the Owner to liquidated damages in the amount of one percent (1%) of the Contract Price.
- B. A person or entity who believes that the Contractor that obtained a preference bidding by submitting with his or her Bid a signed and notarized Affidavit has failed to comply with a requirement certified in the Affidavit, may file a "written objection" with the Owner that sets forth proof or substantiating evidence to support the belief of the person or entity that the Contractor has failed to comply.
- C. If the Owner receives a written objection from a person or entity that a Contractor who submitted an Affidavit with his or her Bid has failed to comply with a requirement certified in the Affidavit, the Owner shall determine whether the objection is accompanied by the required proof or substantiating evidence. If the Owner determines that the objection is not accompanied by the required proof or substantiating evidence, the Owner shall dismiss the objection. If the Owner determines that the objection is accompanied by the required proof or substantiating evidence or if the Owner on its own initiative determines that the required proof or substantiating evidence exists, the Owner shall determine that the Contractor has failed to comply with a requirement certified in his or her Affidavit, the Owner may seek to recover by civil action liquidated damages for material breach of the Contract in the amount of one percent (1%) of the Contract Price.
- D. If the Contractor submitted with his or her Bid a signed and notarized Affidavit, the Contractor must:
 - 1. Each Contract between the Contractor and a Subcontractor must provide for the apportionment of liquidated damages to be assessed if a person other than the Contractor is responsible for a breach of the Affidavit. The apportionment of liquidated damages must be in proportion to the responsibility of each party for the breach.
 - 2. Submit copies of the vehicle registration for all vehicles used primarily for the Work. However, if such use increases the cost, or delays the completion of remaining portions of work, Contractor shall be entitled to an equitable adjustment mutually agreed upon prior to Owner taking possession.
- C. If, as a result of Contractor's failure to comply with the provisions of the Contract, such use proves to be unsatisfactory to Owner, Owner shall have the right to continue such use until such portion of work can, without injury to Owner, be taken out of service for correction of defects, errors, omissions, or replacement of unsatisfactory materials or equipment, as necessary for such work to comply with contract; provided that the period of such operation or use pending completion of appropriate remedial action shall not exceed 12 months, unless otherwise mutually agreed upon in writing between the parties.

 - c. Persistently disregards laws, ordinances, or rules, regulations or order of a public authority having jurisdiction; or
 - d. Has otherwise materially breached the Contract.
- 2. When any of the above reasons exist, the Owner may without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's Surety, if any, **seven (7) business days** advance written notice, terminate the contract with Contractor and may, subject to any prior rights of the Surety:
 - a. Take possession of the site and of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;
 - b. Accept assignment of Subcontractors pursuant to this Contract (contingent assignment of subcontracts to Owner if Contract is terminated); and,
 - c. Finish the work by whatever reasonable method the Owner may deem expedient.
- 3. When the Owner terminates the Contract for one of the reasons stated in this section "Termination by the Owner for Cause", the Contractor shall be entitled to receive payment only on work completed and accepted by Owner as of that termination date.

If the Contractor fails to submit the proposal within the time allowed, the Owner may determine the amount due to the Contractor because of the termination and shall pay the determined amount to the Contractor.

SECTION 7: PROJECT CONFLICTS

7.1 DISPUTES

All claims, disputes or other controversy that may arise between the Owner and Contractor relating to any provisions of this Contract, or its performance, which have not been waived by the making and acceptance of final payment or any progress payment, must be attempted to be resolved by the parties by informal negotiations prior to the initiation of mediation. In the event such claim, dispute or controversy cannot be resolved by informal negotiations within forty-five (45) calendar days after either party made a written request for such informal negotiations, the parties shall, pursuant to NRS 338.150, attempt to resolve the claim, dispute or controversy by non-binding mediation prior to initiating judicial action.

In the event the Contractor files a claim in District Court, pursuant to one or more provisions of NRS 338.640, and the Owner prevails in the Court's decision, then the Contractor shall pay the Owner's attorneys' fees. Further, Contractor acknowledges that NRS 338.640 is contained within Nevada's Prompt Pay Act and, thus, fee-shifting provisions apply only to actions involving ordinary progress payments, and not claims for additional compensation or additional days beyond this contract.

The Owner and Contractor, in any legal proceeding, including this mediation, an arbitration or Court action, shall bear their own fees and costs. This specifically extends to any pass-through claims asserted by or on behalf of subcontractor. The County shall not be liable for fees or costs as an element of consequential damages.

7.2 NOTICE OF NON-BINDING MEDIATION

After the expiration of the forty-five (45) days for informal negotiations, as set forth in Item 7.1 above; either the Owner or the Contractor may initiate mediation by providing written notice to the other party against whom a claim, dispute or controversy is being made by submitting the following:

- A. A written demand by the party initiating the mediation that the claim, dispute, or other controversy be referred to a mediator;
- B. The names, addresses and telephone numbers of the parties;
- C. A reference to any contract provisions from which the claim, dispute or controversy arises;
- D. A complete description and a specific statement of the claim(s), dispute(s) or controversy(ies) and a showing of entitlement to relief;

- H. If the Contractor submits a total cost or modified cost claim, dispute or controversy then the Contractor must submit documents showing: 1) that the nature of the particular losses make it impossible or highly impractical to determine the losses with a reasonable degree of accuracy; 2) that the bid was realistic; 3) that the actual costs are reasonable; 4) that the Contractor was not responsible for the added expenses; and 5) that the Owner, and not anyone else, is responsible for the additional cost; and
- I. If the Contractor is the initiating party, it must submit the written demand of mediation to Owner in the time period set forth in the claims presentment statute of NRS 244.250.
- J. If the Contractor is the initiating party of the claim, dispute or controversy, the Contractor shall certify in writing that the claim is made in good faith, that the supporting data is accurate and complete to the best of the Contractor's knowledge and belief, and that the amount requested accurately reflects the Contract adjustment for which the Contractor believes the Owner is liable.

The mediator shall be chosen by mutual agreement of the parties.

7.4 COST OF THE MEDIATION

The fees and expenses of the independent private mediator shall be shared equally by the Owner and Contractor. Parties are expected to have present at the mediation an officer, partner, employee or other person authorized to make decisions regarding the resolution of the dispute, claim or controversy. Contractor acknowledges that Owner is a public body and any settlement agreed to by its authorized representatives is subject to approval by the Board of County Commissioners sitting as the UMC Board of Hospital Trustees.
- C. The mediation shall consist of one or more sessions totaling no more than sixteen (16) hours, unless otherwise mutually agreed to by the parties and the mediator. Unless the parties otherwise mutually agree, it shall be an irrebuttable presumption that efforts beyond sixteen (16) hours would be futile.

- E. The mediation shall be confidential and, as a condition of the nonbinding mediation, the parties shall enter into a confidentiality agreement, attached hereto as **Exhibit B** prior to the commencement of the mediation proceeding.

- F. The mediation session will be private. Persons other than the parties and their representatives may attend only with the permission of both parties and the consent of the mediator. Unless mutually agreed to by the parties, the Owner and Contractor, along with its authorized representatives, shall be the only participants in the mediation. There shall be no stenographic record of the mediation process.
- G. The parties agree to assert all claims, disputes and controversies known to the parties in their respective written statements submitted to the mediator.
- H. The parties agree that opinions, recommendations, proposals, suggestions made or written, or views expressed, by the mediator will not be introduced, used or relied upon in any arbitral, judicial or other proceedings.

The mediation shall be terminated:

- A. by the execution and approval of a settlement agreement by the parties;
