

UNIVERSITY MEDICAL CENTER OF SOUTHERN NEVADA
RFP No. 2012-15
Percutaneous Coronary Intervention Products
May 2, 2012

ADDENDUM NO. 1

Questions / Answers

A. Question and Answers

1. For the Cardiology guides, diagnostic catheters, and wires, is UMC looking for a sole, dual, or multiple vendor contract?

A: This will be determined based on the responses received. UMC always reserves the right for a multiple vendor award.

2. What is the difference between a balloon catheter and single inflation device? We have coronary balloons and I'm assuming that would be in the balloon catheter category.

A: The inflation device is used to inflate a balloon catheter.
