7. METHOD OF EVALUATION AND AWARD

Since the Service requested in this RFP is considered to be a non-professional service, award will be in accordance with the provisions of the Nevada Revised Statutes, Chapter 332, Purchasing: Local Governments, Section 332.115.

The proposals may be reviewed individually by staff members through an ad hoc committee. The finalists may be requested to provide OWNER a presentation and/or an oral interview. The ad hoc staff committee may review the RFP’s as well as any requested presentations and/or oral interviews to gather information that will assist in making the recommendation. OWNER reserves the right to award the contract based on objective and/or subjective evaluation criteria. This contract will be awarded on the basis of which proposal OWNER deems best suited to fulfill the requirements of the RFP. OWNER also reserves the right not to make an award if it is deemed that no single proposal fully meets the requirements of this RFP.

Once OWNER makes an initial selection, it will utilize required compliance considerations, and negotiate fair market value compensation for the Service under the agreement. Based upon this process, OWNER will then negotiate a final contract(s) with PROPOSER and present the contract(s) to the GB for approval. A sample contract is attached hereto and incorporated by reference herein as Exhibit B.

If a PROPOSER intended for award withdraws their proposal, that PROPOSER may be deemed non-responsible if responding to future solicitations.

10. REJECTION OF PROPOSAL
OWNER reserves the right to reject any and all proposals received by reason of this request.

11. **PROPOSAL COSTS**

There shall be no obligation for OWNER to compensate PROPOSER(S) for any costs of responding to this RFP.

12. **ALTERNATE PROPOSALS**

Alternate proposals are defined as those that do not meet the requirements of this RFP. Alternate proposals will not be considered.

13. **ADDENDA AND INTERPRETATIONS**

If it becomes necessary to revise any part of the RFP, a written addendum will be provided to all PROPOSER(S) in written form from OWNER’s representative. OWNER is not bound by any specifications by OWNER’s employees, unless such clarification or change is provided to PROPOSER(S) in written addendum form from OWNER’s representative.

14. **PUBLIC RECORDS**

OWNER is a public agency as defined by state law, and as such, it is subject to the Nevada Public Records Law (Chapter 239 of the Nevada Revised Statutes). Under that law, all of OWNER's records are public records (unless otherwise declared by law to be confidential) and are subject to inspection and copying by any person. However, in accordance with NRS 332.061(2), a proposal that requires negotiation or evaluation by OWNER may not be disclosed until the proposal is recommended for award of a contract. PROPOSER(S) are advised that once a proposal is received by OWNER, its contents will become a public record and nothing contained in the proposal will be deemed to be confidential except proprietary information. PROPOSER(S) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information.

If a PROPOSER feels that they cannot submit their proposal without including proprietary information, they must adhere to the following procedure or their proposal may be deemed unresponsive and will not be recommended to the GB for selection:

PROPOSER(S) must submit such information in a separate, sealed envelope labeled "Proprietary Information" with the RFP number. The envelope must contain a letter from PROPOSER’s legal counsel describing the documents in the envelope, representing in good faith that the information in each document meets the narrow definitions of proprietary information set forth in NRS 332.025, 332.061 and NRS Chapter 600A, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, OWNER will open the envelope to determine whether the procedure described above has been followed.

Any information submitted pursuant to the above procedure will be used by OWNER only for the purposes of evaluating proposals and conducting negotiations and might never be used at all.

If a lawsuit or other court action is initiated to obtain proprietary information, a PROPOSER(S) who submits the proprietary information according to the above procedure must have legal counsel intervene in the court action and defend the secrecy of the information. Failure to do so shall be deemed PROPOSER’s consent to the disclosure of the information by OWNER, PROPOSER’s waiver of claims for wrongful disclosure by OWNER, and PROPOSER’s covenant not to sue OWNER for such a disclosure.

PROPOSER(S) also agrees to fully indemnify OWNER if OWNER is assessed any fine, judgment, court cost or attorney’s fees as a result of a challenge to the designation of information as proprietary.

15. **PROPOSALS ARE NOT TO CONTAIN CONFIDENTIAL / PROPRIETARY INFORMATION**

Proposals must contain sufficient information to be evaluated and a contract written without reference to any confidential or proprietary information. PROPOSER(S) shall not include any information in their proposal that they would not want to be released to the public. Any proposal submitted that is marked “Confidential” or “Proprietary,” or that contains materials so marked, will be returned to PROPOSER and will not be considered for award.

16. **COLLUSION AND ADVANCE DISCLOSURES**

Pursuant to 332.165 evidence of agreement or collusion among PROPOSER(S) and prospective PROPOSER(S) acting to illegally restrain freedom of competition by agreement to bid a fixed price, or otherwise, shall render the offers of such PROPOSER(S) void.

Advance disclosures of any information to any particular PROPOSER(S) which gives that particular PROPOSER any advantage over any other interested PROPOSER(S), in advance of the opening of proposals, whether in response to advertising or an informal request for proposals, made or permitted by a member of the governing body or an employee or representative thereof, shall operate to void all proposals received in response to that particular request for proposals.
17. **CLARK COUNTY BUSINESS LICENSE / REGISTRATION**

2. HOSPITAL’s review, approval, acceptance, or payment for any of PROVIDER’s services herein shall not be construed to operate as a waiver of any rights under this Contract or of any cause of action arising out of the performance of this Contract, and PROVIDER shall be and remain liable in accordance with the terms of this Contract and applicable law for all damages to HOSPITAL caused by PROVIDER's performance or failures to perform under this Contract.

H. PROVIDER shall be and remain liable for all damages to HOSPITAL caused by negligent performance or non-performance of work under this Contract by PROVIDER's subcontractor or its sub-subcontractor.

C. The compensation due under Section II shall not be affected by HOSPITAL's approval of PROVIDER's request to subcontract.

D. HOSPITAL shall assist PROVIDER in obtaining data on documents from public officers or agencies, and from private
citizens and/or business firms, whenever such material is necessary for the completion of the services specified by

such additional time(s) as may be granted by formal Amendment, or fails to prosecute the work or any separable part

This Agreement is made effective the _____ of ________________, 20_____, by and between University Medical Center of Southern Nevada (hereinafter referred to as “Covered Entity”), a county hospital duly organized pursuant to Chapter 450 of the Nevada Revised Statutes, with its principal place of business at 1800 West Charleston Boulevard, Las Vegas, Nevada, 89102, and __________________________________________________________, hereinafter referred to as “Business Associate”, (individually, a “Party” and collectively, the “Parties”).

WITNESSETH:

WHEREAS, Sections 261 through 264 of the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, known as “the Administrative Simplification provisions,” direct the Department of Health and Human Services to develop standards to protect the security, confidentiality and integrity of health information; and

WHEREAS, pursuant to the Administrative Simplification provisions, the Secretary of Health and Human Services issued regulations modifying 45 CFR Parts 160 and 164 (the “HIPAA Security and Privacy Rule”); and

WHEREAS, the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5), pursuant to Title XIII of Division A and Title IV of Division B, called the “Health Information Technology for Economic and Clinical Health” (“HITECH”) Act, provides modifications to the HIPAA Security and Privacy Rule (hereinafter, all references to the “HIPAA Security and Privacy Rule” are deemed to include all amendments to such rule contained in the HITECH Act and any accompanying regulations, and any other subsequently adopted amendments or regulations); and

WHEREAS, the Parties wish to enter into or have entered into an arrangement whereby Business Associate will provide certain services to Covered Entity, and, pursuant to such arrangement, Business Associate may be considered a “business associate” of Covered Entity as defined in the HIPAA Security and Privacy Rule (the agreement evidencing such arrangement is entitled “Underlying Agreement”); and

WHEREAS, Business Associate may have access to Protected Health Information (as defined below) in fulfilling its responsibilities under such arrangement;

THEREFORE, in consideration of the Parties’ continuing obligations under the Underlying Agreement, compliance with the HIPAA Security and Privacy Rule, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound, the Parties agree to the provisions of this Agreement in order to address the requirements of the HIPAA Security and Privacy Rule and to protect the interests of both Parties.

I. DEFINITIONS

Except as otherwise defined herein, any and all capitalized terms in this Section shall have the definitions set forth in the HIPAA Security and Privacy Rule. In the event of an inconsistency between the provisions of this Agreement and mandatory provisions of the HIPAA Security and Privacy Rule, as amended, the HIPAA Security and Privacy Rule shall control. Where provisions of this Agreement are different than those mandated in the HIPAA Security and Privacy Rule, but are nonetheless permitted by the HIPAA Security and Privacy Rule, the provisions of this Agreement shall control.

The term “Protected Health Information” means individually identifiable health information including, without limitation, all information, data, documentation, and materials, including without limitation, demographic, medical and financial information, that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual. “Protected Health Information” includes without limitation “Electronic Protected Health Information” as defined below.

The term “Electronic Protected Health Information” means Protected Health Information which is transmitted by Electronic Media (as defined in the HIPAA Security and Privacy Rule) or maintained in Electronic Media.
Business Associate acknowledges and agrees that all Protected Health Information that is created or received by Covered Entity and disclosed or made available in any form, including paper record, oral communication, audio recording, and electronic display by Covered Entity or its operating units to Business Associate or is created or received by Business Associate on Covered Entity’s behalf shall be subject to this Agreement.

II. CONFIDENTIALITY AND SECURITY REQUIREMENTS

(a) Business Associate agrees:

(i) to use or disclose any Protected Health Information solely: (1) for meeting its obligations as set forth in any agreements between the Parties evidencing their business relationship, or (2) as required by applicable law, rule or regulation, or by accrediting or credentialing organization to whom Covered Entity is required to disclose such information or as otherwise permitted under this Agreement, the Underlying Agreement (if consistent with this Agreement and the HIPAA Security and Privacy Rule), or the HIPAA Security and Privacy Rule, and (3) as would be permitted by the HIPAA Security and Privacy Rule if such use or disclosure were made by Covered Entity. All such uses and disclosures shall be subject to the limits set forth in 45 CFR § 164.514 regarding limited data sets and 45 CFR § 164.502(b) regarding the minimum necessary requirements;

(ii) at termination of this Agreement, the Underlying Agreement (or any similar documentation of the business relationship of the Parties), or upon request of Covered Entity, whichever occurs first, if feasible, Business Associate will return or destroy all Protected Health Information received from or created or received by Business Associate on behalf of Covered Entity that Business Associate still maintains in any form and retain no copies of such information, or if such return or destruction is not feasible, Business Associate will extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible;

(iii) to ensure that its agents, including a subcontractor, to whom it provides Protected Health Information received from or created by Business Associate on behalf of Covered Entity, agrees to the same restrictions and conditions that apply to Business Associate with respect to such information, and agrees to implement reasonable and appropriate safeguards to protect any of such information which is Electronic Protected Health Information. In addition, Business Associate agrees to take reasonable steps to ensure that its employees’ actions or omissions do not cause Business Associate to breach the terms of this Agreement;

(iv) Business Associate shall, following the discovery of a breach of unsecured PHI, as defined in the HITECH Act or accompanying regulations, notify the covered entity of such breach pursuant to the terms of 45 CFR § 164.410 and cooperate in the covered entity’s breach analysis procedures, including risk assessment, if requested. A breach shall be treated as discovered by Business Associate as of the first day on which such breach is known to Business Associate or, by exercising reasonable diligence, would have been known to Business Associate. Business Associate will provide such notification to Covered Entity at the time of discovery of the breach. Such notification will contain the elements required in 45 CFR § 164.410; and

(v) Business Associate will, pursuant to the HITECH Act and its implementing regulations, comply with all additional applicable requirements of the Privacy Rule, including those contained in 45 CFR §§ 164.502(e) and 164.504(e)(1)(ii), at such time as the requirements are applicable to Business Associate. Business Associate will not directly or indirectly receive remuneration in exchange for any PHI, subject to the exceptions contained in the HITECH Act, without a valid authorization from the applicable individual. Business Associate will not engage in any communication which might be deemed to be “marketing” under the HITECH Act. In addition, Business Associate will, pursuant to the HITECH Act and its implementing regulations, comply with all applicable requirements of the Security Rule, contained in 45 CFR §§ 164.308, 164.310, 164.312 and 164.316, at such time as the requirements are applicable to Business Associate.

(b) Notwithstanding the prohibitions set forth in this Agreement, Business Associate may use and disclose Protected Health Information as follows:
if necessary, for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate, provided that as to any such disclosure, the following requirements are met:

(A) the disclosure is required by law; or

(B) Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the person, and the person notifies Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached;

(ii) for data aggregation services, if to be provided by Business Associate for the health care operations of Covered Entity pursuant to any agreements between the Parties evidencing their business relationship. For purposes of this Agreement, data aggregation services means the combining of Protected Health Information by Business Associate with the protected health information received by Business Associate in its capacity as a business associate of another covered entity, to permit data analyses that relate to the health care operations of the respective covered entities.

(c) Business Associate will implement appropriate safeguards to prevent use or disclosure of Protected Health Information other than as permitted in this Agreement. Business Associate will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of any Electronic Protected Health Information that it creates, receives, maintains, or transmits on behalf of Covered Entity as required by the HIPAA Security and Privacy Rule.

(d) The Secretary of Health and Human Services shall have the right to audit Business Associate’s records and practices related to use and disclosure of Protected Health Information to ensure Covered Entity’s compliance with the terms of the HIPAA Security and Privacy Rule.

(e) Business Associate shall report to Covered Entity any use or disclosure of Protected Health Information which is not in compliance with the terms of this Agreement of which it becomes aware. Business Associate shall report to Covered Entity any Security Incident of which it becomes aware. For purposes of this Agreement, “Security Incident” means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system. In the occurrence of a breach, Business Associate shall notify Covered Entity’s IT Service Center directly at (702) 383-2227. In addition, Business Associate agrees to pay all costs of notification and to mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of Protected Health Information by Business Associate in violation of the requirements of this Agreement, or to indemnify Covered Entity for all costs of notification and mitigation incurred by Covered Entity.

III. AVAILABILITY OF PHI

Business Associate agrees to comply with any requests for restrictions on certain disclosures of Protected Health Information pursuant to Section 164.522 of the HIPAA Security and Privacy Rule to which Covered Entity has agreed and of which Business Associate is notified by Covered Entity. Business Associate agrees to make available Protected Health Information to the extent and in the manner required by Section 164.524 of the HIPAA Security and Privacy Rule. If Business Associate maintains Protected Health Information electronically, it agrees to make such Protected Health Information electronically available to the applicable individual. Business Associate agrees to make Protected Health Information available for amendment and incorporate any amendments to Protected Health Information in accordance with the requirements of Section 164.526 of the HIPAA Security and Privacy Rule. In addition, Business Associate agrees to make Protected Health Information available for purposes of accounting of disclosures, as required by Section 164.528 of the HIPAA Security and Privacy Rule and Section 13405(c)(3) of the HITECH Act. Business Associate and Covered Entity shall cooperate in providing any accounting required on a timely basis.

IV. TERMINATION

Notwithstanding anything in this Agreement to the contrary, Covered Entity shall have the right to terminate this Agreement and the Underlying Agreement immediately if Covered Entity determines that Business Associate has violated any material term of this Agreement. If Covered Entity reasonably believes that Business Associate will violate a material term of this Agreement and, where practicable, Covered Entity gives written notice to Business Associate of such belief within a reasonable time after forming such belief, and Business Associate fails to provide adequate written
assurances to Covered Entity that it will not breach the cited term of this Agreement within a reasonable period of time given the specific circumstances, but in any event, before the threatened breach is to occur, then Covered Entity shall have the right to terminate this Agreement and the Underlying Agreement immediately.

V. MISCELLANEOUS

Except as expressly stated herein or the HIPAA Security and Privacy Rule, the Parties to this Agreement do not intend to create any rights in any third parties. The obligations of Business Associate under this Section shall survive the expiration, termination, or cancellation of this Agreement, the Underlying Agreement and/or the business relationship of the Parties, and shall continue to bind Business Associate, its agents, employees, contractors, successors, and assigns as set forth herein.

This Agreement may be amended or modified only in a writing signed by the Parties. No Party may assign its respective rights and obligations under this Agreement without the prior written consent of the other Party. None of the provisions of this Agreement are intended to create, nor will they be deemed to create any relationship between the Parties other than that of independent parties contracting with each other solely for the purposes of effecting the provisions of this Agreement and any other agreements between the Parties evidencing their business relationship. This Agreement will be governed by the laws of the State of Nevada. No change, waiver or discharge of any liability or obligation hereunder on any one or more occasions shall be deemed a waiver of performance of any continuing or other obligation, or shall prohibit enforcement of any obligation, on any other occasion.

The Parties agree that, in the event that any documentation of the arrangement pursuant to which Business Associate provides services to Covered Entity contains provisions relating to the use or disclosure of Protected Health Information which are more restrictive than the provisions of this Agreement, the provisions of the more restrictive documentation will control. The provisions of this Agreement are intended to establish the minimum requirements regarding Business Associate’s use and disclosure of Protected Health Information.

In the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of the provisions of this Agreement will remain in full force and effect. In addition, in the event a Party believes in good faith that any provision of this Agreement fails to comply with the then-current requirements of the HIPAA Security and Privacy Rule, including any then-current requirements of the HITECH Act or its regulations, such Party shall notify the other Party in writing. For a period of up to thirty days, the Parties shall address in good faith such concern and amend the terms of this Agreement, if necessary to bring it into compliance. If, after such thirty-day period, the Agreement fails to comply with the HIPAA Security and Privacy Rule, including the HITECH Act, then either Party has the right to terminate upon written notice to the other Party.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the day and year written above.

SURGICAL SERVICES

Criteria for Implants, Devices or Procedures

PURPOSE:

POLICY:

1. The Vendor or Vendor’s office is to contact the UMC Surgery department as soon as possible, but at least three (3) working days prior to any scheduled surgical case or procedure involving a patient. Should the Vendor be required in the room, have product that is not routine for UMC use during the case or procedure, the Vendor is to notify the scheduler at this time. Hospital department will complete the Implant, Device or Procedure form and send to Managed Care office.

2. Managed Care Staff will review the Vendor’s request in order to evaluate UMC’s capability to both provide the service and ensure appropriate payment sources. Managed Care will contact the Surgical Scheduling Department prior to the procedure with payment information and consent to treat. Should the case be postponed, the Surgical Scheduling department will notify the physician’s office that is scheduling the case, the Vendor will be notified by the Surgical Departments Materials department.

3. Once approved, the Vendor(s) with implants or instrumentation should report the day before the scheduled case (no later than 5pm) to facilitate instrument processing, if necessary. Instruments to be used the day of surgery that arrive non-sterile or sterile are to be taken to the Sterile Processing Department (SPD) for decontamination and sterilization (please note that there is a minimum of a four (4) hour turnaround time when brought in the day of procedure). The SPD Clinical Manager will be responsible to monitor the process and report adverse outcomes to the Operating Room Director/Manager or Charge Nurse.

4. The Vendor will complete necessary implant documentation furnished by UMC at the conclusion of the case for products that were brought directly to the procedural area by the Vendor. Vendor will make every attempt to leave an invoice referencing the case (not leaving requested paperwork will delay processing / payment). Processing of paperwork and approvals, prior to issuance of a Purchase Order from Materials Management is usually a three to four (3-4) day turnaround. UMC Department Materials Management team will handle product that has been ordered in advance or is part of UMC inventory for patient charging and replenishment.

Please Note:

All surgical implants, devices and procedures must have prior approval for use in any Procedural Department within the facility. Infractions of this can result in non-payment, suspension of Vendor credentials without re-appointment, and product suspension for use at UMC.

Access:

After normal business hours or in emergency situations, utilization of UMC’s 3rd Party Credentialing “Kiosk” is required. System will issue an access badge if Vendor is approved for access (when access is denied, see below). Approved and completed credentialing will be the responsibility of the Vendor. Vendor is to maintain approved credentialing for access. A Vendor identification Badge will be issued and will be worn at all times within the UMC facility. A new badge will be required for each visit to UMC.

Upon arrival during normal visiting hours, all Vendors will utilize check in “Kiosk” for 3rd Party Vendor Access for verification and valid credentialing. System will issue an access badge if Vendor is approved for access (when access is denied, see below). Approved and completed credentialing will be the responsibility of the Vendor. Vendor is to maintain approved credentialing for access.

In both instances; when access is denied by 3rd Party System, Security, and Administrator on Duty along with departmental Charge Nurse(s) will validate the appropriateness for Vendor access. A temporary badge will
