II. GENERAL

- A. Administrative and procedural requirements for schedules required for proper performance of Work including, but not limited to the following:

1. **PROGRESS OF WORK**

- A. It is understood and acknowledged by all parties that the Work cannot be efficiently managed without the use of a Design Schedule, updated frequently and utilized by the CONSULTANT for the planning, management and coordination of the Work. It is further acknowledged that the OWNER will be made aware of any event or circumstance that negatively affects the CONSULTANT'S ability to complete the project as agreed in the OWNER approved **Exhibit F** Baseline Schedule. The Work will be executed with such progress as required to prevent any delay to the completion of the Contract. Therefore, all requirements of this Contract as to scheduling and reporting, as well as time limits for completion of the Work, are of the essence.

2. **SCHEDULE METHODOLOGY**

- A. The scheduling method to be used shall be a Critical Path Method schedule in the form of an activity on node Precedence Diagram Network (PDN) with capabilities of identifying the critical path.
- B. The scheduling system to be utilized will be a Primavera scheduling solution. These include, Project Planner Version 3.1 or later, Primavera Suretrak 3.0, Primavera Contractor, or Primavera P6 or later. This will be referred to as the Scheduling System. The system will be capable of handling, processing, printing, and plotting data to satisfy all requirements of this Section. The CONSULTANT will maintain the Scheduling System, the schedule, and the scheduling staff required to support and maintain the system and processes.

3. **INTEGRATED PROJECT SCHEDULE TEMPLATE**

- A. The work assigned to the selected CONSULTANT represents one of the nine phases typically performed in the life cycle of the projects managed by the OWNER'S representative (Clark County Real Property Management). A critical component of the OWNER'S project management plan is the coordination and forecasting of the work as it transitions from one phase to the next. To facilitate this coordination the OWNER has developed a scheduling template integrating each of the phases into a master project plan. All project participates, including the selected. CONSULTANT shall develop a Baseline Schedule with-in the structure established by the Schedule Template.
- B. It is expressly understood the OWNER'S intent in providing the Schedule Template to the selected CONSULTANT is not to dictate how the design is performed. The Schedule Template simply provides the frame work and integration points for which the Baseline Schedule is to be developed and maintained.

- C. No change, modification, substitution or updating of the CONSULTANT'S Baseline Schedule will be performed by the CONSULTANT without explicit written permission by the OWNER. Acceptance of any such Schedule, report or update by the OWNER serves only to acknowledge that the CONSULTANT has fulfilled the contractual requirement to submit the same; in doing so, the OWNER assumes no responsibility for any loss or damage to the CONSULTANT and the CONSULTANT remains solely responsible for the choice of sequences, durations, logic, and procedures reflected therein.
- D. The CONSULTANT, with approval of the OWNER, will modify the Integrated Project Schedule Template as required to develop the Design Schedule for the work in accordance with the requirements of this Section. The purpose of the Design Schedule shall be to:
 - 1. Depict the CONSULTANT'S plan for performing the Work.
 - 2. Assure adequate planning, scheduling, and reporting during execution of the design and related activities so they may be prosecuted in an orderly and expeditious manner, within the Contract time and the Milestones stipulated by the Contract.
 - 3. Assist the CONSULTANT and OWNER in monitoring the progress of the Work and evaluating proposed changes to the Contract and the Design Schedule.
 - 4. Assist in detecting problems for the purpose of taking corrective action and to provide a mechanism or tool for determining and monitoring such corrective actions.
 - 5. Coordinate the execution of following project phases.
- E. DESIGN SCHEDULE CODING STRUCTURE
 - 1. The OWNER'S coding dictionary included in the Schedule Template facilitates the OWNER'S reporting requirements. These four codes included in the Schedule Template shall not be altered. Additional coding may be added by the CONSULTANT as needed.

4. DESIGN CONSULTANT'S PROJECT SCHEDULER

- A. The CONSULTANT is required to employ or retain the services of a Project Scheduler. The Project Scheduler shall have at least five years of verifiable experience as the person primarily responsible for preparing and maintaining detailed project schedules on projects of the same or similar nature as this project.
- B. The Project Scheduler is required to attend all meetings pertaining to scheduling and progress of the work.
- C. Within five (5) calendar days after the Notice to Proceed, the CONSULTANT shall provide a statement to the OWNER with the following:
 - 1. Identification, qualifications, and experience of the CONSULTANT'S Project Scheduler and all other members of the CONSULTANT'S scheduling staff.
 - 2. The OWNER reserves the right to disapprove any candidate proposed for the Project.
 - 3. The OWNER reserves right to remove, without rights to work on the project, any member of the CONSULTANT'S scheduling staff that is, in the OWNER'S opinion, incompetent in scheduling.
- D. Related Sections: Other Division 1 Specification Sections including, but not limited to, following:
 - 1. Section TBD Payment Procedures
 - 2. Section TBD Submittal Schedule
 - 3. Section TBD Schedule of Values

III. DESIGN SCHEDULE MILESTONES

- A. The OWNER will provide project specific time constraint Milestones (if required) to support the phases following the design effort. The CONSULTANT shall maintain these Milestones in the Design Schedule.
- B. The Milestones listed in these specifications, or elsewhere in the CONSULTANT'S Contract, represent only the major milestones. The Milestone completion durations indicated are considered essential to the satisfactory performance of this Contract and to the coordination of all Work on the Project.

C. Refer to the Contract for the project required Milestones and durations. Earlier completion dates may be established by the CONSULTANT subject to approval by the OWNER. The OWNER reserves the right to require the CONSULTANT to prosecute the Work in accordance with the specified Milestone durations. The CONSULTANT shall create all Project Milestones deemed necessary by the OWNER, including but not limited to the following:

1. Develop and Submit Baseline Schedule
2. Schematic Drawings
3. Design Development
4. 60% CD's
5. 95% CD's

IV. SUBMITTALS

- A. **DESIGN SCHEDULE BASELINE SCHEDULE:** Within the first ten (10) working days of the Contract the CONSULTANT shall meet with the OWNER to develop a digital copy of the Baseline Design Schedule. The Design Schedule Update shall reflect the CONSULTANT'S plan for completing the work included in the scope of the Contract
- B. **DESIGN SCHEDULE MONTHLY UPDATES:** On the third Friday of each month, the CONSULTANT shall submit a digital copy of the current progress of the Design Schedule status through the middle of the month. The status shall include actual dates for activities that have started and/or completed, expected completion dates for activities in progress, and proposed durations and sequence for the remaining activities in the Design Schedule. The Design Schedule Update shall reflect the CONSULTANT'S plan for completing the remaining work included in the scope of the Contract.

INSURANCE REQUIREMENTS

TO ENSURE COMPLIANCE WITH THE CONTRACT DOCUMENT, CONSULTANT SHOULD FORWARD THE FOLLOWING INSURANCE CLAUSE AND SAMPLE INSURANCE FORM TO THEIR INSURANCE AGENT PRIOR TO PROPOSAL SUBMITTAL.

1. **Format/Time:** The CONSULTANT shall provide OWNER with Certificates of Insurance, per the sample format (page B-3), for coverages as listed below, and endorsements affecting coverage required by this Contract within **ten (10) business days** after the award by the OWNER. All policy certificates and endorsements shall be signed by a person authorized by that insurer and who is licensed by the State of Nevada in accordance with NRS 680A.300. All required aggregate limits shall be disclosed and amounts entered on the Certificate of Insurance, and shall be maintained for the duration of the Contract and any renewal periods.
2. **Best Key Rating:** The OWNER requires insurance carriers to maintain during the contract term, a Best Key Rating of A VII or higher, which shall be fully disclosed and entered on the Certificate of Insurance.
3. **Owner Coverage:** The OWNER, its officers and employees must be expressly covered as additional insureds except on workers' compensation. The CONSULTANT'S insurance shall be primary as respects the OWNER, its officers and employees.
4. **Endorsement/Cancellation:** The CONSULTANT'S general liability and automobile liability insurance policy shall be endorsed to recognize specifically the CONSULTANT'S contractual obligation of additional insured to OWNER and must note that the OWNER will be given thirty (30) calendar days advance notice by certified mail "return receipt requested" of any policy changes, cancellations, or any erosion of insurance limits. Either a copy of the additional insured endorsement, or a copy of the policy language that gives Clark County automatic additional insured status must be attached to any certificate of insurance.
5. **Deductibles:** All deductibles and self-insured retentions shall be fully disclosed in the Certificates of Insurance and may not exceed **\$25,000**.
6. **Aggregate Limits:** If aggregate limits are imposed on bodily injury and property damage, then the amount of such limits must not be less than **\$2,000,000**.
7. **Commercial General Liability:** Subject to paragraph 6 of this Exhibit, the CONSULTANT shall maintain limits of no less than **\$1,000,000** combined single limit per occurrence for bodily injury (including death), personal injury and property damages. Commercial general liability coverage shall be on a "per occurrence" basis only, not "claims made," and be provided either on a Commercial General Liability or a Broad Form Comprehensive General Liability (including a Broad Form CGL endorsement) insurance form. Policies must contain a primary and non-contributory clause and must contain a waiver of subrogation endorsement.
8. **Automobile Liability:** Subject to paragraph 6 of this Exhibit, the CONSULTANT shall maintain limits of no less than **\$1,000,000** combined single limit per occurrence for bodily injury and property damage to include, but not be limited to, coverage against all insurance claims for injuries to persons or damages to property which may arise from services rendered by CONSULTANT and **any auto** used for the performance of services under this Contract.
9. **Professional Liability:** The CONSULTANT shall maintain limits of no less than **\$1,000,000 aggregate**. If the professional liability insurance provided is on a Claims Made Form, then the insurance coverage required must continue for a period of 2 years beyond the completion or termination of this Contract. Any retroactive date must coincide with or predate the beginning of this and may not be advanced without the consent of the OWNER.
10. **Workers' Compensation:** The CONSULTANT shall obtain and maintain for the duration of this contract, a work certificate and/or a certificate issued by an insurer qualified to underwrite workers' compensation insurance in the State of Nevada, in accordance with Nevada Revised Statutes Chapters 616A-616D, inclusive, provided, however, a CONSULTANT that is a Sole Proprietor shall be required to submit an affidavit (**Attachment 1**) indicating that the CONSULTANT has elected not to be included in the terms, conditions and provisions of Chapters 616A-616D, inclusive, and is otherwise in compliance with those terms, conditions and provisions.
11. **Failure To Maintain Coverage:** If the CONSULTANT fails to maintain any of the insurance coverages required herein, OWNER may withhold payment, order the CONSULTANT to stop the work, declare the CONSULTANT in breach, suspend or terminate the Contract, assess liquidated damages as defined herein, or may purchase replacement insurance or pay premiums due on existing policies. OWNER may collect any replacement insurance costs or premium payments made from the CONSULTANT or deduct the amount paid from any sums due the CONSULTANT under this Contract.
12. **Additional Insurance:** The CONSULTANT is encouraged to purchase any such additional insurance, as it deems necessary.

13. Damages: The CONSULTANT is required to remedy all injuries to persons and damage or loss to any property of OWNER, caused in whole or in part by the CONSULTANT, their subcontractors or anyone employed, directed or supervised by CONSULTANT.
