WAIVER OF DEVELOPMENT STANDARDS:
Increase the square footage of a wall sign on the east side of a restaurant building to 2,600 square feet where 1,040 square feet is allowed per Table 30.72-1 (a 150% increase).

LAND USE PLAN:
WINCHESTER/PARADISE - COMMERCIAL TOURIST

BACKGROUND:

Project Description
General Summary
- Site Address: 355 Convention Center Drive
- Site Acreage: 1.2
- Project Type: Wall sign
- Total Area for Wall Sign (square feet): 2,600

Site Plans
The approved plans depict an existing restaurant with access onto Convention Center Drive. There are no changes to the existing building, parking, landscaping, or drive aisles.

Signage & Elevations
The approved plans depict 1 wall sign made of vinyl material. The wall sign is 2,600 square feet and is located on the east side of the restaurant building. The sign is oriented to be visible to traffic traveling north on Paradise Road and west on Convention Center Drive.
Previous Conditions of Approval

Listed below are the approved conditions for WS-0099-17:

Current Planning
- 2 years to commence and review;
- Applicant to file a temporary use application for each signage event;
- Advertising limited to on-premises events;
- Maximum duration of signs to correspond with the event advertised which shall be no longer than 10 days with a maximum of 6 events per year;
- Signs to be removed immediately after each event ends.
- Applicant is advised that approval of this application does not constitute or imply approval of a liquor or gaming license or any other County issued permit, license or approval; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time and application for review; and that the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified.

Applicant’s Justification

The applicant is requesting this early review in order to enter into agreements for the upcoming 2019 events. The applicant states that most of the events are scheduled months in advance and potential clients do not want to enter into a contract without proper notification and approvals from Clark County.

STANDARDS FOR APPROVAL:
The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis
Current Planning
Title 30 standards of approval on an application for review state that such an application may be denied or have additional conditions imposed if it is found that circumstances have substantially changed. A substantial change may include, without limitation, a change to the subject property, a change in the areas surrounding the subject property, or a change in the laws or policies affecting the subject property. Since the original approval the applicant has commenced the temporary signs and is requesting an additional review period to ensure proper agreements are met for upcoming events, staff can support this additional 2 year request.

Staff Recommendation
Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Current Planning
- Until April 5, 2021 to review.
- Applicant is advised that a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; and that the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified.

LAND USE PLAN:
WINCHESTER/PARADISE - COMMERCIAL TOURIST

BACKGROUND:
Project Description
General Summary
- Site Address: 365 Convention Center Drive and 3175 Paradise Road
- Site Acreage: 1.4
- Project Type: Permit a use within a tent and paving requirements
- Tent Height (feet): 25
- Square Feet: 900
- Parking Required/Provided: 6/6

Site Plans
The original plans were approved for a 1 story, 900 square foot temporary outdoor tent located at the center of the site which is currently undeveloped. The plans also showed an HVAC and generator unit located adjacent to the tent to support activities within the tent. Six parking spaces were approved along the west property line. The subject site is the former location of “The Beach” nightclub. The location held a non-restricted gaming license, prior to being closed and subsequently demolished in 2006.

Elevations
The original plans show an approved 1 story tent up to 25 feet high.
Previous Conditions of Approval
Listed below are the approved conditions for WS-0237-08 (AR-0171-16):

Current Planning
- Until December 19, 2018 to review subject to 3 additional 1 day events only.
- Applicant is advised that a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time and application to review; and that the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified.

Listed below are the approved conditions for WS-0237-08 (ET-0126-13):

Current Planning
- Until December 19, 2016 to review subject to 3 additional 1-day events only.
- Applicant is advised that any change in circumstances or regulations may be justification for the denial of an extension of time.

Listed below are the approved conditions for WS-0237-08 (ET-0046-11):

Current Planning
- Until December 19, 2013 to commence subject to 1-day events only;
- All applicable standard conditions for this application type.
- Applicant is advised that any change in circumstances or regulations may be justification for the denial of an extension of time.

Listed below are the approved conditions for WS-0237-08 (ET-0322-09):

Current Planning
- Until May 5, 2011 to commence subject to 1-day events only;
- All applicable standard conditions for this application type.
- Applicant is advised that any change in circumstances or regulations may be justification for the denial of an extension of time.

Listed below are the approved conditions for WS-0237-08:

Current Planning
- 1 day event only, excluding set-up and take-down time;
- Dust mitigation to be provided per Department of Air Quality and Environmental Management standards;
- Gates to remain open during event operation;
- All applicable standard conditions for this application type.
- Applicant is advised that any change in circumstances or regulations may be justification for the denial of an extension of time; and that this application must commence within 2 years of approval date or it will expire.
Applicant’s Justification
The applicant states that the temporary tent structure is required to conduct a 1 day gaming operation on the site in order to preserve the existing grandfathered non-restricted gaming license on the site. The site was licensed for non-restricted gaming prior to the adoption of Senate Bill 208, which limited the location of non-restricted gaming establishments. The applicant must operate a gaming operation on the subject site within 18 months of license abandonment. It is anticipated that additional 1 day gaming operations will be required on the property before it is developed.

STANDARDS FOR APPROVAL:
The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Current Planning
Title 30 standards of approval for an application for review state that such an application may be denied or have additional conditions imposed if it is found that circumstances have substantially changed. A substantial change may include, without limitation, a change to the subject property, a change in the areas surrounding the subject property, or a change in the laws or policies affecting the subject property. Using the criteria set forth in Title 30, no substantial changes have occurred since the original approval.

LAND USE PLAN:
WINCHESTER/ PARADISE - COMMERCIAL GENERAL

BACKGROUND:

Project Description
General Summary
- Site Address: 953 Sahara Avenue, Suite B-9
- Site Acreage: 0.1
- Project Type: Place of Worship
- Number of Stories: 1
- Square Feet: 6,000 (lease space)

Site Plan
The site plan depicts an existing place of worship within a leased space located within an
existing shopping center (Commercial Center). Access to the site is from Karen Avenue, State
Street, Market Street, and Commercial Center Drive. Parking for the place of worship can be
accommodated by the parking lot that is in the middle of the shopping center.

Landscaping
No changes are proposed or required to the existing landscaping.

Elevations
The photos depict an existing 1 story building constructed of aluminum storefront doors and
windows. The exterior finishes consist of stucco and brick veneer and a parapet roof.
Floor Plans
The floor plans depict the following areas: an altar, seating space, sound booth, storage/pantry, offices, kitchen, lobby areas, gathering space, and classrooms. The floor plans do not suggest that additional square footage will be added to the lease space.

Signage
Signage is not a part of this request.

Applicant’s Justification
Per the applicant, the existing place of worship is a place of spiritual guidance for the community. The church offers activities to their members which include church band practice, leadership school, and additional worship services. Their intent is to contribute to the local community in a positive way by giving the public a place to have a spiritual outlet. The worship services are held on Sundays and Wednesdays from 7:00 p.m. to 9:00 p.m.

Numerous land use applications have been applied for within the overall site of the shopping center for temporary and permanent uses.

Clark County Public Response Office (CCPRO)
CE17-6465 is an active zoning violation for operating a place of worship without proper land use approvals within the shopping center.

STANDARDS FOR APPROVAL:
The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis
Current Planning

The existing place of worship is located within a shopping center with 6 existing places of worship. Staff finds that there is an administratively approved place of worship (ADR-0560-17) located 125 feet east of the applicant’s suite and there have been no reported issues. The place of worship does not interfere with uses within the shopping center since the services are only held
twice a week and the shopping center has adequate parking. Staff finds that the place of worship is an appropriate use and staff can support this request.

Staff Recommendation
Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

LAND USE PLAN:
WINCHESTER/PARADISE - COMMERCIAL TOURIST

BACKGROUND:
Project Description
General Summary
- Site Address: List on file
- Site Acreage: 15
- Number of Units: 3,250 hotel rooms and 250 resort condominiums
- Project Type: Resort hotel with resort condominiums
- Number of Stories: 42
- Building Height (feet): 670
- Parking Required/Provided: 5,666/3,917 (a 30% reduction)

Site Plan
The original application was a request to expand the Gaming Enterprise District to facilitate the construction of a High Impact Project. The project is the Marriott Resort Hotel, consisting of 6,279,180 square feet of total area. Public access to the site is provided via curb cuts on Convention Center Drive, Desert Inn Road, and Debbie Reynolds Drive. There is no vehicular access provided from Paradise Road. A curb cut for an entrance to the employee parking area is provided from Debbie Reynolds Drive. A 30 percent parking reduction was approved to reduce the overall parking for the resort.

Landscaping
The approved pedestrian realm consisting of a minimum of 20 feet is provided along all street frontage areas and includes a detached sidewalk. The pedestrian realm consists of a minimum 10 foot wide amenity zone, planted with trees and shrubs, located adjacent to the back of curb, a minimum 10 foot wide sidewalk, and a minimum 5 foot wide supplemental area adjacent to the structures.

Elevations
The approved exterior elevations for the high-rise tower involve the use of a glazed aluminum window wall system, EIFS applications, aluminum composite panels, and a metal louver system on the parking garage elevations. The low-rise convention center portion of the building consists of pre-cast concrete panels and aluminum composite panels.
Floor Plans
The approved plans depict 75,000 square feet of casino area; 182,950 square feet of retail, restaurant, and entertainment floor area; 150,000 square feet of exhibit area; 400,000 square feet of meeting rooms associated with the convention center; 24,000 square feet of theater area; a 71,500 square foot spa and salon; 283,000 square feet of circulation areas; 1,046,116 square feet of back-of-house areas; 2,196,114 square feet of floor area associated with the hotel rooms and resort condominiums; 20,000 square feet of loading areas; a 50,400 square foot central plant; and 1,705,100 square feet of floor area in the 5 level parking garage for the total floor area of the project.

Previous Conditions of Approval
Listed below are the approved conditions for UC-1223-07 (ET-0170-16):

Current Planning
- Until December 19, 2018 to commence.
- Applicant is advised that a Development Agreement was a condition of approval on the first extension of time and is required to ensure that any increased impact for public services and infrastructure is mitigated and adequate amenities are provided; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; and that the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified.

Public Works – Development Review
- Compliance with previous conditions.

Listed below are the approved conditions for UC-1223-07 (ET-0127-13):

Current Planning
- Until December 19, 2016 to commence.
- Applicant is advised that any change in circumstances or regulations may be justification for the denial of an extension of time.

Public Works – Development Review
- Compliance with previous conditions.

Clark County Water Reclamation District (CCWRD)
- Applicant is advised that at the time of development CCWRD requires submittal of civil improvement plans and estimated wastewater flow rates from all phases of the proposed project at build-out before sewer point-of-connection can be approved for the hotel casino; active odor control treatment of wastewater liquid and vapor will be required as part of this project; all on-site sewers shall be private; public sewers shall only be allowed in the public streets; there are existing public 21 inch and 8 inch sanitary sewer lines on the property; as part of the applicant’s project, at the time of development CCWRD will require the developer to vacate and abandon the on-site public sewers that are no longer being actively used as part of the development; developer relocation of existing public sanitary sewers will require full engineering review and evaluation; all new sewers must meet CCWRD design standards and have adequate capacity as determined by CCWRD;
rerouted sewers must have capacity at least equal to the existing sewer plus any net additional flows resulting from the proposed project; CCWRD will not vacate existing right-of-way or public utility/sewer easements until all rerouted or replacement sewers are constructed, inspected, and accepted by CCWRD; and that CCWRD has no objection to the extension of time.

Listed below are the approved conditions for UC-1223-07 (ET-0045-11):

Current Planning
- Until December 19, 2013 to commence;
- Certificate of Occupancy and/or business license shall not be issued without final zoning inspection;
- All applicable standard conditions for this application type.
- Applicant is advised that a Development Agreement was a condition of approval on the first extension of time and is required to ensure that any increased impact for public services and infrastructure is mitigated and adequate amenities are provided; and that any change in circumstances or regulations may be justification for the denial of an extension of time.

Public Works – Development Review
- Compliance with previous conditions.

Listed below are the approved conditions for UC-1223-07 (ET-0321-09):

Current Planning
- Until December 19, 2011 to commence;
- Certificate of Occupancy and/or business license shall not be issued without final zoning inspection;
- All applicable standard conditions for this application type.
- Applicant is advised that this application is subject to a Development Agreement; and that any change in circumstances or regulations may be justification for the denial of an extension of time.

Civil Engineering
- Compliance with previous conditions.

Listed below are the approved conditions for UC-1223-07:

Current Planning
- A Development Agreement as agreed upon by the applicant to mitigate impacts of the project including but not limited to issues identified by the technical reports and studies; and issues identified by the Board of County Commissioners;
- Grading, excavation, foundations, structures up to 35 feet high but not within 45 feet of any public rights-of-way, underground utilities, mechanical, electrical and plumbing undergrounds, and dewatering permits may be issued prior to final approval of the Development Agreement;
- Developer to hold a neighborhood meeting with the Metropolis Condominium owners;
- Design review as a public hearing for significant changes to the plans;
- Decorative fencing or barriers shall be installed around this site to prohibit pedestrian access across Paradise Road, Desert Inn Road, and Convention Center Drive;
- A 50 foot minimum setback from right-of-way at the intersection of Convention Center Drive and Paradise Road to create an open plaza area at the intersection;
- Pedestrian realms per plans on file;
- All applicable standard conditions for this application type.
- Applicant is advised that approval of this application does not constitute or imply approval of a liquor or gaming license or any other County issued permit, license, or approval; any change in circumstances or regulations may be justification for the denial of an extension of time; and that this application must commence within 2 years of approval date or it will expire.

Civil Engineering
- Compliance with Development Agreement with Clark County, if required;
- Right-of-way dedication and construction of the following: Convention Center Drive to accommodate dual turn lanes, 30 feet on Debbie Reynolds Drive to back of curb, and Paradise Road to accommodate a bus turn out and additional through lanes;
- Construct full off-site improvements with construction of off-sites on Paradise Road to be coordinated with Public Works;
- Detached sidewalk will require dedication to back of curb and granting necessary easements for utilities, pedestrian access, streetlights, and traffic control, which may require a vacation of excess right-of-way or execute a License and Maintenance Agreement for non-standard improvements in the right-of-way;
- Dedication and construction of bus turnouts including passenger loading shelter areas in accordance with Regional Transportation Commission standards on Paradise Road and a combination bus turnout/turning lane on Desert Inn Road;
- Drainage study and compliance;
- Traffic study and compliance;
- Traffic study to also address: a) any additional right-of-way dedications to Clark County as required by the traffic study to accommodate any turn lanes, physical improvements, and pedestrian volumes generated by this project, b) the required width of all public walk way segments so that a minimum Level of Service “C” is achieved under peak pedestrian volumes, c) turnover analysis for the porte-cochere and recommendation of mitigation measures as applicable, d) on-site circulation, e) identification and implementation of Traffic Demand Management (TDM) measures, f) traffic impact mitigation plan to be reviewed by the staffs of Regional Transportation Commission, Freeway and Arterial System of Transportation (FAST), Clark County Development Services Civil Engineering Division and Clark County Public Works, g) air quality analysis to the Department of Air Quality and Environment Management (DAQEM), h) on-site turnaround analysis to be provided for loading docks on Debbie Reynolds Drive, and i) congestion and circulation;
- Driveway location and widths on Convention Center Drive to be approved by Clark County Civil Engineering Division;
- Developer to participate in the construction of the pedestrian bridges with financial cooperation and collaboration from Las Vegas Convention Authority and coordinate the design and construction with Clark County Public Works;
- Developer shall provide pavement markings and signs to create a continuous two-way left turn lane (TWLTL) centered on the ultimate street centerline of Debbie Reynolds Drive along the project's frontage;
- Reconstruct any unused driveways with full off-sites;
- Vacate any unnecessary rights-of-way and/or easements;
- Any applicable vacations to be recordable prior to building permit issuance or applicable map submittal;
- Any signs to remain a minimum of 10 feet from right-of-way and maintain clearance from site visibility zone.

Department of Aviation
- No building permits shall be released for the project prior to the Department of Aviation notifying Zoning Plan Check that the applicant has received all necessary airspace approvals;
- Applicant is required to file a valid FAA Form 7460-1, "Notice of Proposed Construction or Alteration" with the FAA, in accordance with 14 CFR Part 77, or submit to the Director of Aviation a "Property Owner's Shielding Determination Statement" and request written concurrence from the Department of Aviation;
- If applicant does not obtain written concurrence to a "Property Owner's Shielding Determination Statement," then applicant must also receive either a Permit from the Director of Aviation or a Variance from the Airport Hazard Areas Board of Adjustment (AHABA) prior to construction as required by Section 30.48 Part B of the Clark County Unified Development Code.
- Applicant is advised that the FAA's determination is advisory in nature and does not guarantee that a Director's Permit or an AHABA Variance will be approved.

Applicant's Justification
The applicant states that the proposed project is entirely consistent and compatible with what has been approved and constructed in the area. The area remains unchanged since approval of the original application in December 2007, and remains an appropriate area for this type of resort hotel use. As staff indicated on previous approvals, the request for the expansion of the Gaming Overlay is appropriate and compatible as the area is master planned for gaming. The original approval was granted just before a debilitating recession. The market is now coming back and the applicant would like to maintain these entitlements to preserve the opportunity to develop the property in the future.

**STANDARDS FOR APPROVAL:**
The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.
Analysis

Current Planning

Title 30 standards of approval on an extension of time application state that such an application may be denied or have additional conditions imposed if it is found that circumstances have substantially changed. A substantial change may include, without limitation, a change to the subject property, a change in the areas surrounding the subject property, or a change in the laws or policies affecting the subject property. Since the original approval, several applications have been approved in the surrounding area, including the convention center expansion (UC-18-0343 and UC-18-0843), a new non-gaming hotel to the west (UC-18-0753) and a lagoon/convention center to the south (UC-17-0669). The project still complies with all separations from residential, educational, and religious uses and other commercial tourist developments and is in close proximity to the Wynn and Encore Resort Hotels. However, no technical studies for the project have been submitted to date. Staff finds that the design of this development may no longer be appropriate for this location. In addition, this is the fifth extension of time application with no progress being made. Therefore, staff cannot support an extension of time on this application.

Staff Recommendation

Denial.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Current Planning

If approved:

- Until December 19, 2021 to commence.
- Applicant is advised that a Development Agreement was a condition of approval on the first extension of time and is required to ensure that any increased impact for public services and infrastructure is mitigated and adequate amenities are provided; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; and that the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified.

APP. NUMBER/OWNER/DESCRIPTION OF REQUEST
WS-18-0979-ALDABBAGH, OMAR:

WAIVERS OF DEVELOPMENT STANDARDS for the following: 1) increased area for an animated sign; 2) increased area for a freestanding sign; and 3) permit electronic message unit/video graphics where only electronic message units are allowed.

DESIGN REVIEW for an animated freestanding sign in conjunction with an existing adult cabaret on 1.0 acre in an M-1 (Light Manufacturing) Zone in the Adult Use and MUD-1 Overlay Districts.

Generally located on the west side of Highland Drive, 550 feet south of Edna Avenue within Winchester. TS/pb/ia (For possible action)

RELATED INFORMATION:

APN:
162-08-705-005; 162-08-705-006

WAIVERS OF DEVELOPMENT STANDARDS:
1. Increase the area of a proposed animated sign to 180 square feet where 100 square feet is allowed per Table 30.72-1 (an 80% increase).
2. Increase the area of a proposed freestanding sign to 273 square feet where 228.75 square feet is allowed per Table 30.72-1 (a 19.3% increase).
3. Permit electronic message unit/video graphics where only electronic message units are allowed in an M-1 zone per Table 30.72-1.

LAND USE PLAN:
WINCHESTER/PARADISE - COMMERCIAL GENERAL

BACKGROUND:
Project Description
General Summary
- Site Address: 3016 Highland Drive
- Site Acreage: 1
- Project Type: Animated freestanding sign
- Freestanding Sign Height (feet): 27
- Square Feet: 180 (electronic message unit/video graphics)/273 (overall freestanding sign including proposed electronic message unit)
Site Plans
The plans depict an existing commercial building on the site that consists of an adult cabaret (Scores Gentlemen’s Club). Access to the site is from Highland Drive.

Landscaping
Existing landscape areas are located adjacent to Highland Drive. The proposed sign is located within the landscape area which includes groundcover and landscaping around the base of the sign.

Signage
The plans depict a proposed freestanding sign located in the landscape area along Highland Drive on the northeastern portion of the southern parcel. The 27 foot high, 273 square foot freestanding sign will include a 180 square foot, double faced, animated video unit. Additionally, the sign column will be wrapped in marble tile matching the existing building.

Applicant’s Justification
The applicant indicates that the sign will be located in an existing landscape planter and will be compatible with the approved signage on the adjacent parcel to the south. This is an industrial area largely vacated by sunset so the additional light will not disrupt nor distract significant amounts of traffic not related to the business.

STANDARDS FOR APPROVAL:
The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis
Current Planning
Waivers of Development Standards
According to Title 30, the applicant shall have the burden of proof to establish that the proposed request is appropriate for its existing location by showing that the uses of the area adjacent to the property included in the waiver of development standards request will not be affected in a substantially adverse manner. The intent and purpose of a waiver of development standards is to modify a development standard where the provision of an alternative standard, or other factors which mitigate the impact of the relaxed standard, may justify an alternative.

Waiver of Development Standards & Design Review
Urban Specific Policy 20 of the Comprehensive Master Plan states that all signage should be compatible with building styles on-site and also with surrounding development. Staff did not find any approvals to allow a video message unit in conjunction with a freestanding sign, increase animated sign area or freestanding sign area for other businesses on the abutting properties. Therefore, staff finds the requests for the video message unit and increased area are not compatible with surrounding development and does not comply with Urban Specific Policy 20. Staff also finds that the applicant has not provided a sufficient justification to warrant approval of the waivers of development standards. These waivers are the result of the applicant’s desire for a type of sign that is not permitted at this location, which is a self-imposed hardship, that staff does not support.
Staff Recommendation
Denial.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Current Planning
If approved:
• Applicant is advised that the video unit shall not contain messages or pictures of specified anatomical areas or sexually specified activities as described in subsections 8 and 9 of the definition of adult use in Section 30.08.030 of Title 30; off-premises advertising is not permitted on the sign; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that this application must commence within 2 years of approval date or it will expire.

Public Works - Development Review
• Applicant is advised that signs shall not encroach into public right-of-way, easements, or sight-visibility zones.
