SECONDHAND SALES
(TITLE 30)

APP. NUMBER/OWNER/DESCRIPTION OF REQUEST
TA-18-0845-HUNTINGTON GEM LAB:

TEXT AMENDMENT to amend Chapter 30.44, Table 30.44-1 to allow Secondhand Sales within the C-P (Office and Professional) zoning district. (For possible action)

RELATED INFORMATION:

BACKGROUND:
Project Description
The applicant is requesting that Title 30 be amended to allow Secondhand Sales within the C-P (Office and Professional) zoning district.

Title 30 defines a Secondhand Sales as the sale of previously owned and/or used goods, as further defined by Chapters 6.28 & 7.16. Per Chapter 6.28 a "secondhand dealer" is defined to mean any person, firm or corporation other than a licensed pawnbroker having a place of business in the county, outside the incorporated cities and towns both within and without the unincorporated cities, for purchasing, trading or dealing in any secondhand article whatsoever.

Exempted from this definition are the following:
(a) The buying, or selling by a licensed business of articles which were acquired as a trade-in or a credit upon the purchase of a new article of the same general kind through an arm’s length transaction; or
(b) The buying, selling or trading of coins, gold or silver, which are not a part of any jewelry;
(c) The selling of used articles in garage sales or other similar sales on the property of the owner of the articles which do not occur more often than four days or portion thereof each calendar half year;
(d) The buying, selling or trading of used books, newspapers and periodicals; or
(e) The buying, selling or trading by a licensed retail business of used video games, videotapes, cassettes, digital video discs, compact discs or sound recordings that have been purchased, or received as trade-ins, from its retail customers, so long as credit only has been given as consideration for the purchases or trade-ins, which credit then can only be used by its retail customers for the rental or purchase of new or used items referenced in this paragraph (e) at any of its licensed business premises.

In Chapter 30.44, Table 30.44-1, Secondhand Sales are a permitted use in C-2 and U-V subject to being part of a mixed-use development) zoning districts and is allowed with the issuance of Special Use Permit in C-1, M-D, M-1, H-2 and H-1 zoning districts. Historically, jewelry stores have served as one of the primary locations for the sale of used jewelry, hence the allowance in
retail zoning districts. This retail zoning may not be appropriate for an independent jewelry appraiser which would also require a secondhand sales license. Appraisers work on an appointment basis, and as such locating in an area where walk-in or drop in traffic is not necessary, making it more appropriate in a C-P zoning district. The applicant states that allowing Secondhand Sales in the C-P zoning district will improve the ability to serve a changing customer base.

STANDARDS FOR APPROVAL:
The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis
Current Planning
Several other uses listed within Table 30.44-1 are allowed conditionally within the C-P zoning district: Medical/Dental Laboratory, Photographic Studio, Recording Studio and Watch/Small Clock Repair. These uses are similar in terms of customer makeup. None of the uses rely on walk in traffic, but rather requires an appointment. Staff agrees with allowing less intensive retail uses in the C-P zoning district and finds that Secondhand Sales, or Jewelry Sales – Including Secondhand Sales which is a less intensive use than a typical Secondhand Sales retail establishment, may be an appropriate change to Title 30.

Staff Recommendation
Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

2. Allow a 12 foot high electronic (graffiti wall) sign where not permitted.

DESIGN REVIEWS:
1. Thirteen roof signs (lotus flowers).
2. An electronic (graffiti wall) sign.

LAND USE PLAN:
WINCHESTER/PARADISE - INDUSTRIAL

BACKGROUND:
Project Description
General Summary
- Site Address: 2548 W. Desert Inn Road
- Site Acreage: 9.2
- Project Type: Signage for marijuana establishment (dispensary)
- Sign Height (feet): 15 (roof signs)/12 (electronic wall)
- Square Feet: 661.4 (13 roof signs)/2,004 (electronic wall sign)
History & Site Plan
Similar requests for roof signs and an electronic wall signage were submitted under UC-18-0703; however, the requests were withdrawn without prejudice. The applicant is re-submitting the request. The plans show an approved marijuana dispensary co-located with an approved retail marijuana store in an existing office/warehouse complex. The dispensary/retail marijuana store is located on the east side of the site. Access to the site is from Desert Inn Road to the south. This request is to allow 13 roof signs (lotus flowers) and an electronic (graffiti wall) sign, which are not permitted by Title 30.

Signage
The plans show thirteen, 15 foot high roof signs (Lotus flowers). The flowers will light up with different colors. The plans also show a 12 foot high, 2,004 square foot electronic graffiti wall sign along the west property line. Electronic paint stations/projectors and an observation area are shown across the drive aisle within a striped pedestrian area. The pedestrian striped area is located on the west side of the parking lot which is used by customers to create their own messages. Below is the summary of all requested signage (14 signs total) and their total area which is approximately 2,665.4 square feet.

</tr>
</tbody>
</table>

*each

Applicant’s Justification
The applicant states that the approved dispensary and retail marijuana dispensary signage is state of the art. The site is located in the middle of an industrial area; therefore, the proposed signage will make it easier to reach the facility via taxi and Uber/Lyft ride sharing. Additionally, the signage requested will provide relief from a flat roof appearance with the unique 13 proposed lotus flowers. The applicant adds that the proposed electronic graffiti wall allows customers to program messages for loved ones on the wall, or just use the paint stations to write a message.

STANDARDS FOR APPROVAL:
The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Current Planning

Waivers of Development Standards
According to Title 30, the applicant shall have the burden of proof to establish that the proposed request is appropriate for its existing location by showing that the uses of the area adjacent to the property included in the waiver of development standards request will not be affected in a substantially adverse manner. The intent and purpose of a waiver of development standards is to modify a development standard where the provision of an alternative standard, or other factors which mitigate the impact of the relaxed standard, may justify an alternative.

Waiver of Development Standards #1 & Design Review #1
Title 30 prohibits roof signs; however, the Board of County Commissioners has approved alternative signs such as roof signs in different parts of the Valley because of the site shape, location, or design of the signs through the approval of the waiver of development standards. Staff does not have a practical problem with the proposed roof signs' (lotus flowers) design and height since the signs do not have flashing lights and they do not emit any sound that may impede traffic or accidents by distracting attention or obstructing vision. Therefore, staff can support the roof signs with a condition of no flashing or excessive lights.
Waiver of Development Standards #2 & Design Review #2
Title 30 does not allow electronic signs in conjunction with marijuana establishments. Staff still has concerns of allowing customers to program messages for loved ones on the proposed electronic (graffiti wall) sign, which may lead to customers providing misleading, false information or advertising about the uses permitted on the site. Additionally, the electronic wall sign is located on the west side of the 2 way driveway which separates the customer stripped area and the projectors of which staff finds as unsuitable design for pedestrian safety. Therefore, staff cannot support these requests.

Staff Recommendation
Approval of waiver of development standards #1 and design review #1, and denial of waiver of development standards #2 and design review #2

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Current Planning
If approved:
- No flashing or excessive lights on roof sign.
- Applicant is advised that a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that this application must commence within 2 years of approval date or it will expire.

TAVERN SEPARATION REDUCTION MARYLAND PKWY/KAREN AVE
(TITLE 30)

PUBLIC HEARING
APP. NUMBER/OWNER/DESCRIPTION OF REQUEST
UC-18-0876-B33 SUNRISE CITY PLAZA, LLC:

USE PERMIT to reduce the separation between a proposed tavern and an existing single family residential development in conjunction with an existing shopping center on 5.0 acres in a C-2 (General Commercial) Zone in the MUD-4 and Midtown Maryland Parkway Overlay Districts.

Generally located on the west side of Maryland Parkway and 485 feet south of Karen Avenue within Winchester. CG/jor/ja (For possible action)

RELATED INFORMATION:

APN:
162-10-601-004

USE PERMIT:
Reduce the separation between a proposed tavern and an existing single family residential development to 25 feet where 200 feet is required per Table 30.44-1 (an 88% reduction).

LAND USE PLAN:
WINCHESTER/PARADISE - COMMERCIAL GENERAL

BACKGROUND:
Project Description
General Summary
- Site Address: 2797 S. Maryland Parkway, Suite 24
- Site Acreage: 5
- Project Type: Separation of a proposed tavern from a residential development
- Number of Stories: 1
- Building Height (feet): 17
- Square Feet: 9,435 (lease space) /77,000 (existing shopping center)
- Parking Required/Provided: 261/261

Site Plan
The site plan depicts an existing 1 story shopping center with an area of 77,000 square feet. The shopping center is an in-line retail building with a variety of commercial lease spaces which face Maryland Parkway. Access to the site is from 2 driveway entrances from Maryland Parkway and existing parking is located on the east half the subject property. The lease space for the
applicant’s proposed tavern has an area of 9,435 square feet and is located on the northern end of the shopping center.

Landscaping
Changes to the existing landscaping is not a part of this request.

Elevations
The elevations of the existing retail building consist of a tan stucco exterior finish with black aluminum framing systems for the store front windows and doors. Signage for each of the businesses was installed above the main entrances for each occupied lease space.

Floor Plan
The floor plan for the proposed tavern depicts an entry area and cashier counter adjacent to the main entrance. Customer circulation flows clock-wise from the entry way. The left side of the lease space has a dedicated sitting area and video game arcade stations. The bar area is located at the center of the floor plan and designated back of house areas which include a storage area and a walk-in cooler behind the bar. The right side of the floor plan depicts the restrooms, lounge area, and an additional game room with televisions and ancillary video game systems. The floor plan also depicts a lounge, VIP room, and game storage area to the right of the cashier counter.

Signage
Signage is not a part of this request.

Applicant’s Justification
The applicant is proposing a video game themed tavern where patrons can enjoy new and old video games. Hours of operation are from 12:00 p.m. to 4:00 a.m. Per the applicant, the tavern is not offering live entertainment or operating as a night club. The applicant is requesting to reduce the separation between their proposed tavern and the existing residential development to the west.

### STANDARDS FOR APPROVAL:
The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

### Analysis

#### Current Planning

A use permit is a discretionary land use application that is considered on a case by case basis in consideration of Title 30 and the Comprehensive Master Plan. One of several criteria the applicant must establish is that the use is appropriate at the proposed location and demonstrate the use shall not result in a substantial or undue adverse effect on adjacent properties. Staff finds that the proposed tavern is not an unexpected type of use within the surrounding established neighborhood. Taverns with a reduction in separation to the residential development to the west have been previously approved on the subject property (UC-0578-10 and UC-1565-06) with no reported problems. In addition, there is an existing block wall and landscaping located on the west property line which is adjacent to the golf course. Staff also determined that the existing golf course to the west creates a visual and physical buffer between the existing residences that are adjacent to the golf course and the proposed tavern. Staff is in support of this request.

### Staff Recommendation

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.
PRELIMINARY STAFF CONDITIONS:

Current Planning
- Applicant is advised that a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that this application must commence within 2 years of approval date or it will expire.

Public Works - Development Review
- No comment.

Building Department - Fire Prevention
- No comment.

Clark County Water Reclamation District (CCWRD)
- Applicant is advised that the property is already connected to the CCWRD sewer system; and that if any existing plumbing fixtures are modified in the future, then additional capacity and connection fees will need to be addressed.
