

Sub-Permits

How do I view trade fees for standard plans online?

- Log in is not needed to see sub trade fees.
- From the Building screen in Citizen Access Portal, click on Search Permits/Complaints, and then enter the Standard plan Template number (BD53-xxxx).
- Scroll down to the Details section, and then click on the arrow to open More Details. The fees will display here.

Code Analysis

Code Year: 2012

Plumbing Permit Fee: 138.54

Electrical Permit Fee: 146.22

Mechanical Permit Fee: 130.85

How do sub-contractors get online permits?

- The ability for sub-contractors to obtain their permits online is solely based on these 3 things:
 - The general contractor must add the sub license number when applying for the Step 3 building permit online.

TRACT HOMES

Electrical Contractor License Number:

Electrical Contractor Name:

Plumbing Contractor License Number:

Plumbing Contractor Name:

Mechanical Contractor License Number:

Mechanical Contractor Name:

- The subcontractor must be properly licensed for the permit type.
- The subcontractor must have an active Citizen Portal account that is properly linked to their State Contractor License.
- If these steps are all completed, when the subcontractor logs into their account, the permits will be on their record list displaying a status of Ready to Issue, and an Action option of 'Pay Fees Due'.
- When payment is made, the permit will be emailed to the subcontractor of record.
