Development Services to Unveil Campaign to Educate Homeowners About Building Permits

Clark County Commissioner Larry Brown will join representatives from Development Services and The Home Depot on **Monday, June 8, at 10 a.m.** to announce a new public outreach effort to educate homeowners about the need for building permits and inspections when doing home remodel and repair projects.

The kickoff will take place at the Development Services Permit Application Center located at 4701 W. Russell Road east of Decatur Boulevard. Many materials created by county staff for the effort are in English and Spanish, including informational brochures and public service announcements.

###

Clark County is a dynamic and innovative organization dedicated to providing top-quality service with integrity, respect and accountability. With jurisdiction over the world-famous Las Vegas Strip and covering an area the size of New Jersey, Clark is the nation's 15th-largest county and provides extensive regional services to more than 2 million citizens and 44 million visitors a year. Included are the nation's 7th-busiest airport, air quality compliance, social services and the state's largest public hospital, University Medical Center. The county also provides municipal services that are traditionally provided by cities to almost 900,000 residents in the unincorporated area. Those include fire protection, roads and other public works, parks and recreation, and planning and development. In 2009, Clark County celebrates a "century of service."
