QUALITY ASSURANCE AGENCY MEETING

AGENDA

September 15, 2010
2:00 P.M. – 3:00 P.M.

- **TG-17 Special Inspector – Stephen Toms**
 - Section 7.9.5 All inspectors must obtain required certification.
 - Update certifications when required or the tech will be removed.
- **AEC to ICC Certification Reciprocity – Stephen Toms**
 - Please refer to the letter to industry for the reciprocity of the AEC certification to the ICC soils certification.
- **TG-50 Electronic Daily Reports – Brian Lenihan**
 - If you have any suggestions please email them to me at bpl@co.clark.nv.us.
- **TG-16 Quality Assurance Agency Obligations – Brian Lenihan**
 - TG-16 is under review. If you have any suggestions please email them to me at bpl@co.clark.nv.us.
- **Structural Observation – Brian Lenihan**
 - Permits are being issued with the Structural Observation report. The registered design professional will be responsible for performing this item and submitting their report.
- **Enforcement Issues – Brian Lenihan**
 - The project start-up form grace period ended August 1st. Final reports will be checked for properly executed project start-up forms. Deficiencies are subject to enforcement action.
 - PT stressing calculations have been inaccurately calculated and/or reported.
 - Basement wall backfill must comply with the ICC-ES report and the approved plans.
- **Soil Density Gauges – Brian Lenihan**
 - There are new types of gauges that do not use radioactive sources. If anyone wishes to use one, please contact me at bpl@co.clark.nv.us. CCDDS-BD will work with the EM to evaluate the suitability of the devices for the Las Vegas Valley. Testing equipment must have an approved ASTM procedure.
- **Public Comment and Discussion**

NOTE: Enter through the (Far West, 2nd set of front doors) by the **Presentation Room SIGN...**not the main entrance
