

# HISTORIC PRESERVATION

## Policies

- 1 Clark County encourages programs designed to preserve and maintain historical, cultural, and archaeological resources that will help to enhance intellectual and social experiences within Clark County.
- 2 Clark County supports resource identification and evaluation.
- 3 Clark County supports partnerships and cooperation with local, state (including the Historic Preservation Office) and federal agencies to promote resource protection.
- 4 Clark County encourages the recognition of sites on the State and National Registers of Historic Places.
- 5 Clark County encourages public outreach and educational programs to foster a sense of civic pride, cultural understanding, and aesthetic appreciation of Clark County's historical heritage.
- 6 Clark County supports community efforts that further promote the identification and protection of historic and cultural resources.
- 7 Clark County supports efforts by communities to establish historic programs.
- 8 Plan for Historic Neighborhoods by establishing and maintaining a process for them in the Clark County Development Code. The process should be neighborhood initiated by request for consideration to the Board of County Commissioners, subject to Nevada Revised Statutes criteria.
