30.72 Signs

30.72.010 Purpose. The purpose of the sign regulations contained in this chapter is as follows:

- A. To preserve the non-commercial character of residential neighborhoods; to provide reasonable yet appropriate conditions for identifying businesses and services rendered in non-residential districts by controlling the size, type and design of signs in relationship to the type and size of the establishment; and to maintain and enhance the aesthetic environment.
- B. To reduce traffic hazards by restricting signs and lights which exceed the viewer's capacity to receive information or which increase the probability of impeded traffic or accidents created by distracted attention or obstructed vision. (Ord. 2851 § 3, 3/2003)

30.72.020 Deleted. (Ord. 3019 § 4, 2/2004)

30.72.030 Deleted. (Ord. 3019 § 5, 2/2004; Ord. 2959 § 2, 10/2003; Ord. 2852 § 1, 2/2003; Ord. 2787 § 2, 9/2002; Ord. 2573 § 15 (part), 2001; Ord. 2521 § 2, 2000)

30.72.040 Requirements of General Applicability. All signs, advertising displays, and structures regulated by this Chapter, shall adhere to the following provisions.

1. **External Bracing.** Except for poles supporting freestanding signs, but including single support freestanding signs (pole signs), all bracing and support structures for signs visible from a street or residential development shall be decorative or covered. Single support freestanding signs (pole signs) shall use decorative pole covers that integrate the colors, materials, architectural features, or other appropriate design components of the principal buildings within the same site development to prevent visibility of any structural element.
2. **Abandoned Displays.** Abandoned displays or those advertising activities of a defunct or inoperative nature must be moved within ninety (90) days of notification to property owner, owner of the business advertised, or owner of the sign.
3. **Maintenance.** All signs, advertising displays, and structures as regulated by this Chapter shall be maintained by the owner of the sign or property in a safe and readable manner, and shall be kept free and clear of all obnoxious substances, materials, rubbish or weeds.
4. **FAA Limitations.** Unless permitted pursuant to Table 30.16-6 or 30.16-7, no signs, advertising displays, or structures shall exceed those design standards specified in Chapter 30.56, nor any recommendation of the Director of Aviation in regard to obstructions of visibility by height, area or lighting thereof.
5. **Location Provisions.** No sign shall be placed in any of the following locations:
 - A. Within the right-of-way of any highway, road or other public easement, or within a future right-of-way, except for permanent lettering attached to a motor vehicle in compliance with Chapter 14.10 of the Clark County Code, wall signs on building for monorail stations that comply with size restrictions per Table 30.72-1, or signs allowed per NRS 405.110; however, temporary signs may be permitted within future rights-of-way.
 - B. Within a drainage channel.
 - C. Within a sight zone as established in Chapter 30.56.
 - D. So as to interfere with, mislead, obstruct the view of, or be confused with any directional, warning, danger, signal or informational sign or structure, either required by law or established by local authority
 - E. So as to prevent free ingress and egress from any door, window or fire escape, or attached to any standpipe or fire escape.

6. **Sign Area and Sign Faces.** "Sign Area" means the entire area within a continuous perimeter enclosing the extreme limits of sign display, including any frame or border, except for wall or awning sign area calculations based on letter height/building width per Table 30.72-1. The square footage of signs shall be measured on only one (1) side of a two (2) sided sign (if the interior angle exceeds 45 degrees, the area of both sign faces shall be measured), and on two (2) sides of a three (3) sided or four (4) sided sign, or on one face of a multi-vision sign.
7. **Awnings.** Signs are permitted on architectural building features such as awnings, with all regulations applying to text and logos only.
8. **Orientation.** Freestanding, monument, trespassing, directional, temporary off-premise for sale, construction, and temporary on-premise signs shall be considered to face the street to which they are most nearly perpendicular.
9. **Alternative Sign Standards.** It is recognized that individual sites may present unique characteristics, including site shape and location, and the design of existing and proposed structures could be best developed through the application of alternative sign standards which depart from the requirements of this Chapter. In certain circumstances, such alternative standards may be considered beneficial by the Commission or Board as a tool to achieve the land development policies of the County. In such cases, the Board or Commission may approve alternative sign standards for on-premise and temporary signs through the waiver of development standards or, for resort hotels, the design review application process, according to the procedures outlined in Tables 30-16-7 and 30.16-9 of this Title respectively, subject to finding that the alternative standards will:
 - A. Result in development having a visual character which is as or more compatible with adjacent development than anticipated by the requirements of this Chapter;
 - B. Encourage a development trend or a visual character similar to that anticipated by the requirements of this Chapter; or
 - C. Result in a development which meets or exceeds all other requirements of this Title.
10. **Non-Commercial Messages.** Anywhere a display, structure, or sign is permitted by Title 30, a non-commercial message may be placed on such display, structure, or sign. The approval authority shall not consider the content of speech or the viewpoint of the speaker when deciding to approve or deny an application for a sign (also see the definitions for signs established in 30.08.030).
11. **Flags.** Up to three (3) non-commercial flags are permitted on any improved lot or parcel of land, provided no flag overhangs a property line or public right-of-way when fully extended, and further, that any pole or structure is set back a minimum of ten (10) feet from any property line or public right-of-way line and does not exceed the maximum height for principal structures within the zoning district (except as permitted in 30.56.040). Flags with a commercial message shall satisfy the requirements for off-premise, on-premise, or temporary signs, whichever is applicable.
12. **Hazardous, Misleading, and Immoral Messages.** Signs shall not do any of the following:
 - A. Imitate or simulate any traffic control device or structure, or directional sign, in size, shape, color, or other appearance.
 - B. Illuminate with such brilliance or position as to blind or dazzle the vision of travelers.
 - C. Emit any sound as a part of the advertising message.
 - D. Provide misleading, erroneous or false information or advertising about the uses permitted on the property.
 - E. Contain messages or pictures of specified anatomical areas or sexually specified activities as described in subsections 8 and 9 of the definition of adult use in Section 30.08.030.

13. Pennant Signs. Streamers, pennants or strings of pennants, no more than twenty-four (24) inches in total height, are permitted surrounding an approved outdoor retail display. The minimum height shall not be less than fourteen (14) feet above the ground where located in an area subject to vehicular traffic, nor less than eight (8) feet above the ground in any other location.

14. Prohibited Structures. The following types of sign structures are prohibited:

- A. Portable or mobile signs unless permitted as a temporary, special attraction/promotional sign.
- B. Signs placed on parked vehicles, trailers or parked commercial vehicles, whose apparent purpose is to advertise a product or to direct people to a business or activity located on the same or nearby property.
- C. **Roof Signs.** (Ord. 3061 § 5, 5/2004; Ord. 3019 § 6, 2/2004; Ord. 2961 § 10, 10/2003; Ord. 2787 § 3, 9/2002; Ord. 2573 § 15 (part), 2001; Ord. 2510 § 15 (part), 2000)

30.72.050 On-Premise Signs. The regulations listed in Table 30.72-1 below apply to on-premise signs and include additional Residential Protection Standards established for on-premise freestanding signs. All the property within a commercial complex, including shopping centers and business parks, which contains more than one (1) user and shares common parking or vehicular access shall also be considered on the same property (See Figure 30.72-1). Property located within the Transition Corridor, Red Rock Design Overlay, CMA Area Design Overlay, and the Asian Design Overlay Districts are subject to additional requirements and restrictions per Chapter 30.48 (see respective PARTS). (Ord. 3397 § 12 (part), 6/2006; Ord. 3382 § 4, 5/2006; Ord. 3055 § 9, 4/2004; Ord. 3019 § 7 (part), 2/2004; Ord. 2832 § 6, 12/2002; Ord. 2787 § 4, 9/2002)

30.72.070 Temporary Signs. Temporary signs may be permitted in any zoning district subject to the provisions provided herein and compliance with Section 30.72.040. Any sign not specifically defined as a temporary sign shall satisfy the requirements for on-premise signs, established in Section 30.72.050 and Table 30.72-1. Permitted temporary signs and their regulations are listed in Table 30.72-3.

1. **Sign Permits.** Sign permits shall be required for all temporary signs, except for non-commercial signs, temporary signs, whose total area is sixteen (16) sq. ft. or less, and temporary construction signs painted onto temporary construction fences. An application for a sign permit for the construction, placement or installation of a new sign or modification of an existing sign shall be filed with the Building Official on forms so provided. The permit application shall, at a minimum, be accompanied by the following material:
 - A. Three (3) copies of the most recent Assessor's parcel map for the parcel, three (3) copies of detailed drawings to show the dimensions, design, advertising copy, structure and location of each particular sign.
 - B. Evidence of the property owner's approval of the sign installation, such as a lease or other signed agreement, is required for off-premise for sale signs, except weekend directional signs (three (3) copies).

- C. One (1) application and permit may include multiple signs, provided they are permitted on the same lot or parcel of land, except for weekend directional signs, which need not be on the same lot or parcel.
 - D. Changing the copy on a sign shall not require the approval of a new permit if the sign still advertises the original subdivision, as shown on the approved tentative map.
2. **Sign Permit Fee.** An application for a sign permit shall be accompanied by a fee made payable to the County, as required by Chapter 30.80.
3. **Requirements Waived.**
- A. Temporary signs do not require installation of paved parking, landscaping, wall-enclosed trash areas or off-site improvements, nor the signing of an avigation easement.
 - B. A temporary sign that is smaller than 1,200 square feet is exempt from the requirements for design review listed in this Title; however, to address issues related to size and location, approval of a design review application prior to permitting shall be required for any temporary sign that is larger than 1,200 square feet.
 - C. Temporary construction signs that are painted onto temporary construction fences allowed by the Building Official are exempt from the size, setback, and right-of-way restrictions otherwise required per Table 30.72-3 and may be located wherever the temporary construction fence is allowed.
4. **Violations.** Whenever a temporary sign is found to be in violation of the provisions of this Title, the Clark County Code or of any other ordinance or law, the County shall order that such sign be brought in compliance with the provisions of the this Title, the Clark County Code or of any other ordinance or law. The order may require the alteration, repair, reconstruction, demolition, relocation or removal as may be appropriate. Any work required to be done shall, unless a different time is specified, be completed within ten (10) days of the date of such order.
5. **Removal of Temporary Signs.** In addition to the criminal penalties, Clark County is authorized to remove temporary signs or other advertising displays in the following manner.
- A. Any temporary sign or advertising display unlawfully located in the public right-of-way, or on private or public property without the owner's consent, or which causes the threat of immediate peril or menace to the public may be removed without notice. Within ten (10) working days, notice shall be sent by United States Mail to the property owner and the beneficial user of the sign, if such user can reasonably be identified, informing them of the action taken and that the sign may be reclaimed upon payment of the prescribed fee and within the time set forth under Subsection (9) of this Section.
 - B.
