

# Community Open House on May 3<sup>rd</sup>

## Southwest Ridge Recreation Study

### Dear Neighbor,

The Southwest Ridge area, located near Summerlin South, Spring Valley and Red Rock, includes three County-owned park properties that total 1,200 acres. The Southwest Ridge provides spectacular and readily accessible views of the Las Vegas Valley at an elevation of approximately 3,400 feet. The site is remarkable and contains an iconic ridgeline, natural washes, and opportunities for trails, recreation and open space protection.

The Clark County Comprehensive Planning Department is completing a study to develop a community vision for Southwest Ridge and conceptual plan that will guide future park development.

Please help us plan the County's newest park by attending the upcoming Community Open House, or completing a short survey where you can share your ideas for Southwest Ridge.

**Southwest Ridge location map:** The future park sites (shown in yellow) are located in the foothills west of Summerlin South and Rhodes Ranch, between Tropicana and Blue Diamond.

### Community Open House

- Date:** Thursday, May 3, 2012
- Time:** Drop in anytime between 4:00 p.m. and 7:00 p.m.
- Location:** Robert L. Forbuss Elementary School
