

ONPOINT CD-ROM TAX SET

The OnPoint CD-Rom tax set

To supplement the tax information we have in print and on microfiche we purchased a CD-Rom subscription OnPoint from RIA a reputable Tax Treatise publisher.

The CD-Rom set has cases, rulings, and decisions from the Tax court.

Tax information found on this CD

The Cases come from the United States Tax Court.

Rulings are those handed down from the Court.

Decisions are those of the Court.

The CD-Rom set comes with a study guide.

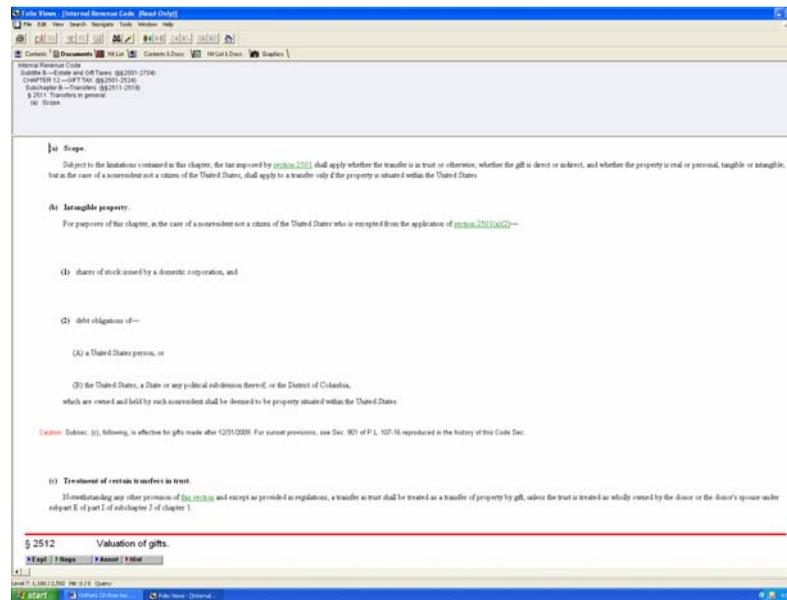

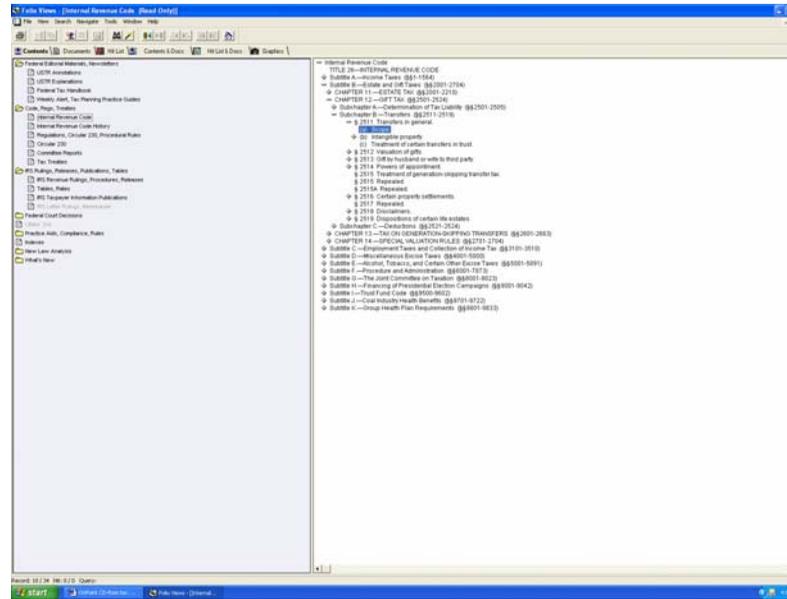

In the study guide are pictures and examples of searches. The study guide can be checked out or borrowed while in house and using the CDs.

Instructions on the different options and searches are in the study guide.

Below is a bulleted list of items found on the CD-Rom set.

Other Tax resources in the library are.

If what you need is not on the CD, or if you are not very comfortable using the CD you can use print or microfiche.

We have the same tax information going back further in print and microfiche, but for the most recent and up to date information the CD-Rom set OnPoint will have the most current tax information.

The microfiche are in the microfiche room and the print materials are in the treatise section of the library around shelf "G".
