There are no gas stations or convenience stores on Mt. Charleston, so it is best to fill up before driving up the mountain. In the summer months, it is also a good idea to bring drinking water as a travel precaution. There is no cellular phone service in the camp area.

To get to Camp Lee Canyon, travel north along US 95 about 30 miles from Las Vegas. You will pass the turn off for Mt. Charleston/ Kyle Canyon (Route 157). Keep going on US 95. Turn west (left) at the Lee Canyon turn off (Lee Canyon Rd.) Stay on Lee Canyon Rd. for approximately 15 miles. On this road you will be climbing in elevation from 3,000 feet to 8,000 feet. (This part of the drive can cause overheating in older cars, so watch your temperature gauge. Turning off your air conditioner may help lower your engine temperature.)

As you travel up Lee Canyon Rd, you will pass the turn off you Route 158 and you will also pass the road for Camp Foxtail and the meadow play area. Stay on Camp Lee Rd.. Once you have passed those landmarks - you're almost there! The entrance to Camp Lee Canyon is on the left side of the road. The camp is set back off the road but is marked by signage. Turn left into the camp, just before the McWilliams campground and the Lee Canyon ski area.
