

Our Centennial

Las Vegas Centennial Song

John C. Fremont. Kit Carson
Put Big Springs on the map
Mormons built a fort
Two miles from the springs resort
In 1855

Eldorado has gold mining
The Virgin River sprouts Bunkerville
In the 1870's
The railroad starts a town
About the time Clark County came around
With a population of 4,859

Our Centennial
Born in 1909
We've come a long way in that time
One hundred phenomenal years
Clark County has no peers
A better place is hard to find

The railroad closes down
Hundreds in the unemployment line
Gambling becomes legalized
The Boulder Dam Act Coolidge signs
Prohibition had it's time
Roosevelt dedicates the Dam in '35

Las Vegas Gunnery School
Becomes Nellis
Protecting me and you
El Rancho Vegas on the Strip
