

2010 CLARK COUNTY PARKS AND RECREATION FEES AND CHARGES SCHEDULE

APPROVED 12/15/2009

Purpose

The purpose of this schedule is to provide uniform use of Clark County Parks and Recreation facilities for the benefit of the public. This schedule establishes a framework to ensure that all users conduct activities in a manner that limits the impact to the facilities, and to assist the County in recovering the costs of providing such amenities.

Authority

The Parks and Recreation Department, as a part of the annual budget process, proposes fees and charges each year. Both the Park and Recreation Advisory Commission (PRAC) and the Board of County Commissioners (BCC) review and, by resolution, authorize the Department to collect these fees and charges.

General Policies

After authorization by the BCC, the Director of the Department of Parks and Recreation is not authorized to waive or modify any fees in this schedule.

The Director of Parks and Recreation reserves the right:

- To negotiate with participants, user groups or concessionaires to offset any additional costs of any activity with the County including administrative fees, facility cleanup or damage, staff services, traffic control and security or police services when the user's event requires these services. Fees shall not be less than the fees and charges noted within this Schedule. At events/tournaments where an applicant charges admission/team fees, or at commercial events/tournaments, a service charge agreement will be negotiated to ensure costs incurred by the County are recovered. When appropriate, the Department may also negotiate a percentage of sales with vendors to recover or offset costs incurred by the County.
- To establish temporary developmental rates, and to engage in promotional and marketing activities to enhance Departmental programs. These rates include, but are not limited to, use of discount coupons and free admission days.
- To schedule or offer public programs and/or special events that may affect the use of parks or pre-empt regular operation or programming.
- To take necessary action to protect the health and safety of the public at all times and to maintain proper management in relation to the usage of department facilities, and to determine designated areas of use.
- To limit use and scheduling based on budgetary limitations, the number of requests, or the impact of use on the facilities.

The fee for classes, before and after-school programs and other general activities will be based upon staff/instructor costs, plus any other direct costs (i.e. supplies) times no more than 190%, based upon minimum enrollment.

A \$25.00 fee will be assessed to the issuer for all checks returned to the Department for insufficient funds.

Other local governmental agencies, defined by NRS 237.050 as political subdivisions of this state, including, without limitation, a city, county, irrigation district, water district or water conservancy district, will receive an exception of rental fees for use of County facilities based on an understanding of the County receiving a mutual use benefit.

Community Rates:

Community use includes exclusive use such as private gatherings, birthday parties and picnics, meetings or events sponsored by organizations with proof of non-profit tax exempt status pursuant to 26 U.S.C. 501 (c)(3 or 4) that may or may not charge the public, or meetings or events sponsored by organizations without proof of non-profit 501(c)(3 or 4) tax exempt status where there is no charge to the public and no financial transactions will be conducted. The community rate is discounted from the standard commercial rate.

Commercial Rates:

Commercial use includes all other exclusive uses that do not meet the criteria for community use as defined above.

Requests for use will receive scheduling priority at available facilities after Parks & Recreation Department events and programs. Uses may be limited based on availability and priority.

Annual Use Permit: Permitted to all community and commercial groups and/or individuals that intend on conducting fee-based, multi-session leisure services, classes and activities in identified Clark County parks. Annual Use Permits will only be issued to those requiring non-exclusive use of a park location and are restricted to designated areas.

- Community Use: \$500 per park per year
- Commercial Use: \$1,000 per park per year

General Provisions

Users must follow all park rules including specific rules for individual parks or facilities. Park rules are listed separately. Inappropriate use is subject to misdemeanor penalties under County Code (19.04.080) as well as cancellation of use and forfeiture of all fees, charges and deposits.

Park hours are from 6:00 am until 11:00 pm, unless otherwise established, and all park use must occur during this time unless approval from the Director of the Department of Parks and Recreation is obtained. Use must occur within the area designated for use for each individual or group.

Dogs and cats under control of a handler and on a leash no longer than six (6) feet are allowed in County parks except for the Wetlands. (Use of designated dog park areas and permitted dog shows are exempt from this requirement.) All other animals are prohibited without permission from the Director of Parks & Recreation or designee. No animals (except certified service animals) are allowed in buildings. Any individual(s) engaged in conducting animal shows, events, or obedience schools require permission from the Director of Parks & Recreation or designee to schedule such use at any Clark County facility.

Any activity must obtain, and provide proof of, permits from the Southern Nevada Health District, Clark County Business Licensing or other public agency as required. All activities must follow all local, state and federal laws.

An indemnity agreement, liability insurance and/or cleaning/security deposits may be required for any group regardless of group size or activity.

Security

Security requirements for use will be based on group size. Group use thresholds that require security are shown below. If security is required, a security plan must be submitted and approved by the County prior to scheduled activity. Additional security requirements may apply depending upon the nature of the activity, distribution of alcoholic beverages, and/or during periods of high security alert. A per hour security rate will be assessed according to current contract conditions for private security guard services and are to be paid directly to service provider. In addition to the security company fees, a \$50 fee will be assessed to cover staff costs of coordinating with the security vendor.

101 – 250	2
251 – 350	3
351 - 450	4
451 & over	4 + 1 for each additional 100 persons

Payments/Refund Policy

All payment of fees must occur before use of the facility. All payments must be made in appropriate United States currency, money order, check or by credit card. Upon completion of use, any variance in cost from original projections, including actual direct County costs incurred, will require payment by the user no later than fourteen (14) days after date of use. Refunds will be issued only after an effort is made to accommodate a user by transfer to a similar program or facility. Refunds will be available based on the criteria within this policy, specifically listed below. If a customer receives a service or takes part in a program/activity and is unhappy with the outcome, a full refund will be given based on the Department’s 100% satisfaction guarantee policy.
