Nevada 4-H Shooting Sports Leader Training & Certification

The Nevada 4-H Shooting Sports Program utilizes Shooting Sports Education (Muzzleloader, Shotgun, .22 Rifle, Air Rifle, Air Pistol, and Archery) as a vehicle for developing life skills and personal growth in youth. The overall goal is to develop the skills that enable youth to become responsible, happy, productive, and beneficial members of society. Safety issues and concerns will always be the first consideration in all 4-H Shooting Sports activities and/or programs.

State Certified Instructors are trained and certified by Instructors who have been trained and certified through the National 4-H Shooting Sports Program. Individuals interested in becoming a State Certified Instructor must attend a State 4-H Shooting Sports Leader Training & Certification, complete the entire Training & Certification Class, pass a written test, and be recommended for certification by the State Training Instructor. Upon completion of Volunteer Leader Screening Requirements in their respective county and upon successful completion of the Nevada 4-H Shooting Sports Instructor Certification/Training, individuals become State Certified Instructors for Nevada 4-H. Individuals may only be trained and certified in one Shooting Sports discipline per State Training and Certification.

State Instructors can only provide training and instruction in those Shooting Sports disciplines in which they have been certified. (For example, an instructor appropriately certified in rifle cannot provide training or instruction in air pistol.) Minimum age for all 4-H Shooting Sports Instructors is 21 years except Junior Instructors who must be at least 14. All Instructors must be screened and fingerprinted as 4-H Leaders, receive/attend any state or local 4-H Leader training required, and follow all 4-H Leader policies/guidelines.
