

Introducing...

Clark County Practical Shooting Club

Every Week Monday Night Steel Challenge

@ The Clark County Public Pistol and Rifle Range

Info email: ccp@iscopellc.com

- **Steel Challenge is a fun introduction into the practical shooting sports. It incorporates drawing your firearm and engaging multiple targets from a stationary shooting position. All targets will be various size steel plates and the instant gratification of hearing your hit and the lack of time wasted going downrange to tape and score targets makes this game fast and fun for everyone. For more info and equipment requirements visit the official Steel Challenge Shooting Association's website at www.steelchallenge.com.**
- **The match registration is open from 4:00pm-8:00pm with the last shots being fired by 10:00pm. Match fee is \$20. At your first match, you will receive a Clark County Practical Shooting Club membership packet and you must attend a safety briefing. Annual club membership fee for Clark County Practical Shooting Club is \$30. Upon completion of membership packet and safety briefing, you will receive an ID card and a voucher for one free match.**
