Fund #: 5250.850  
 Fund Center: 2200400050  
 Description: Resolution of Intent to sell Clark County (County) Department of Aviation (DOA) real property at public action.

Fund Name: CMA Operations  
 Funded Pgm/Grant: N/A  
 Amount: \$495,000

Added Comments: The sale proceeds of not less than \$495,000, less Real Property Management (RPM) fees and associated costs, will be distributed according to the Southern Nevada Public Land Management Act of 1998 (SNPLMA) as follows: 85% to the Bureau of Land Management, 5% to the State of Nevada, and 10% to the DOA.

**BACKGROUND:**

In April 1999, DOA received a patent for 115 acres of land, which included Assessor's Parcel Number 163-36-601-019 (±2.27) located south of Oquendo Road and on the west side of Hauck Street, Las Vegas, Nevada (Property). The patent states that any sale, lease or other conveyance by the County shall be for fair market value and such proceeds shall be disbursed in accordance with the 1998 Southern Nevada Public Land Management Act. RPM was requested by DOA to surplus the Property.

RPM sent notice to all department heads and elected officials to determine if any County departments may have a need for the Property. No departments responded as having a need.

Two appraisals of the Property were prepared and the higher of the two was completed by Chris Mathews, MAI, of Anderson Valuation Group, LLC, setting the fair market value of the property at \$495,000.

## 2 Reservation of Avigation and Clearance Easement and Waiver of Claims

a) COUNTY, its successors in interest and assigns, for the use and benefit of Aircraft owners, operators and the general public, shall have the continuing right to cause or allow in all of the airspace above the surface of the Property/Premises such noise, fumes, vibrations, dust, fuel, particles and all other effects that may be caused by or result from the operation of Aircraft, whether or not said Aircraft overfly or intrude into the airspace above the Property/Premises.

b) COUNTY reserves unto itself, its successors and assigns, for the use and benefit of Aircraft owners, operators and the general public, a right of flight for the passage of Aircraft in the airspace above the surface of the Property/Premises, together with the right to cause in said airspace such noise as may be inherent in the operation of Aircraft, now known or hereafter used, for navigation of or flight in said airspace, and for use of said airspace for landing at, taking off from or operating at the facilities now known as, or any future name or common reference that may be promulgated, adopted or referred to, McCarran International Airport, Nellis Air Force Base, North Las Vegas Airport, Overton Airport, Indian Springs Air Force Base, Henderson Executive Airport, Laughlin/Bullhead Airport, Searchlight Airport, Mesquite Airport, Boulder City Airport, and Jean Airport; or any and all future facility or facilities developed in the Ivanpah Valley, Pahrump Valley, and in the vicinity of the City of Mesquite (the "Airports").

c) GRANTEE(S) covenants and agrees not to allow any Improvement to become constructed on the Property/Premises which is, will be or has been erected to a height and does extend into the airspace where, upon making application of a FAA form 7460-1 if required, the Federal Aviation Administration ("FAA") determines such Improvement to be an obstruction and/or hazard to air navigation pursuant to the rules and regulations of the FAA under Code of Federal Regulations ("CFR") Title 14, Chapter I, Part 77 ("Part 77"). Should FAA determine such proposed, erected, or grown Improvement to be an obstruction and/or hazard to air navigation, the Improvement is to be removed, demolished, and/or lowered to a height which FAA determines not to be an obstruction and/or hazard to air navigation and until such compliance is determined by the FAA, GRANTEE(S) not be granted a permit under Clark County Code Chapter 20 and Chapter 30, including but not limited to 20.13 and 30.48 Part B "Airport Airspace Overlay District" as amended; or any similar federal state, or local regulation which may hereinafter be enacted in total or in part.

d) GRANTEE(S) covenants and agrees not to allow any Vegetation to be planted or grown on the Property/Premises which is, will be or has been grown to a height and does extend into the airspace where, upon making application of a FAA form 7460-1 if required, the Federal Aviation Administration ("FAA") determines such Vegetation to be an obstruction and/or hazard to air navigation pursuant to the rules and regulations of the FAA under Code of Federal Regulations ("CFR") Title 14, Chapter I, Part 77 ("Part 77"). Should FAA determine such proposed or grown Vegetation to be an obstruction and/or hazard to air navigation, the Vegetation is to be removed, trimmed, and/or lowered to a height which FAA determines not to be an obstruction and/or hazard to air navigation and until such compliance is determined by the FAA, GRANTEE(S) not be granted a permit under Clark County Code Chapter 20 and Chapter 30, including but not limited to 20.13 and 30.48 Part B "Airport Airspace Overlay District" as amended; or any similar federal state, or local regulation which may hereinafter be enacted in total or in part.

e) GRANTEE(S) shall, prior to 1) construction of any applicable Improvement; 2) planting any applicable Vegetation; or 3) at such time as any Vegetation is grown to a height on the Property/Premises; file notice with the FAA if any of the above meets or exceeds the notification requirements of Part 77 as applied to the Airports via FAA form 7460-1, as amended, or any similar regulations which may hereinafter be enacted and, where required by the Clark County Code, receive either a Director's Permit from the Department of Aviation or a Director's Permit Variance from the COUNTY' s Airport Hazard Area Board of Adjustment.

f) GRANTEE(S), in addition to all rights, terms, and conditions contained herein, expressly acknowledges and consents to the right of Aircraft flight set forth in Title 49 United States Code ("USC") §40102(a)(30), 49 USC§40103(a)(2), Title 14 CFR, Chapter I, Part 91, Part 101, and Part 103 as amended, including but not limited to 14 CFR Part 91.119, or any similar statute or regulation which may hereinafter be enacted in total or in part; and Nevada Revised Statute ("NRS") Chapters including but not limited to NRS 493.030, NRS 493.040 and NRS 493.050 as amended, or any similar regulation or statute which may hereinafter be enacted in total or in part; as may be undertaken by Aircraft arriving to or departing from the Airports.

g) GRANTEE(S), its successors, assigns, licensees, invitees, and tenants, hereby waive, remise, and release any right, claim, or cause of action which they may now have or may have in the future against COUNTY, and its officers and employees, or operators or users, and their officers, directors, employees, and agents, of the above described Airports, for losses or psychological or physical effects on account of or arising out of noise, vibrations, fumes, dust, fuel, particles and all other effects that may be caused or may have been caused by the operation of Aircraft landing at, taking off from, or operating at or on the Airports, or in or near the airspace above the Property/Premises. GRANTEE(S), its successors, assigns, licensees, invitees, and tenants specifically waives any and all claims, including a claim that the easement is burdened by increases in noise, fumes, vibrations, dust, fuel, particles, or any other effects that may be caused by or result from the operation of Aircraft; changes in the type or frequency of Aircraft operations, the airport layout, or flight patterns; or increases in nighttime operations.

Further, GRANTEE(S), its successors, assigns, licensees, invitees, and tenants, hereby waive, remise, and release any right, claim, or cause of action as to use and/or regulation of all airspace more than 35 feet above ground level above the Property/Premises, except as may be granted by the COUNTY.

This Reservation of Easement and Waiver does not require the removal of an Improvement or Vegetation in the condition as either is existing on the Property/Premises at the time this Reservation of Easement and Waiver is conveyed.

3 Use Restrictions. To ensure that the Property/Premises is developed and used in a manner that is compatible with the Airports and does not interfere with or inhibit operations or growth of the Airports, GRANTEE(s) covenants and agrees as follows:

(a) The Property/Premises shall only be used for Compatible Uses, which must also be compatible with uses of the Airports, and must comply with applicable federal, state or local laws or regulations, including zoning and land use restrictions and conditions. The

Property/Premises shall not be used for Incompatible Uses.

(b) With respect to any Improvement located, to become constructed or to be located on the Property/Premises, prior to the time, if ever, that all of the Airports shall be abandoned and shall cease to be used for public airport purposes, GRANTEE(s) covenants and agrees:

(i) to submit to the COUNTY plans showing exterior building finishes, including but not limited to glass surfaces and exterior lighting, which potentially may make it difficult for Aircraft pilots to distinguish between airport lights and other lights, produce glare or reflection which would impair Aircraft pilots landing or taking off at the Airports, impair visibility in the vicinity of the Airport, or otherwise endanger the landing, take off, or maneuvering of Aircraft. GRANTEE(s) shall not use, permit or suffer the use of the Property/Premises in such a manner as to create electrical interference with radio communications to or from any Aircraft or between any airport installation or navigational aid ("NAVAID") and any Aircraft.

(ii) not to allow any Improvement to become constructed or Vegetation to be grown on the Property/Premises which encroaches upon or extends into the areas where the FAA would determine such Improvement or Vegetation would be an obstruction and/or hazard to air navigation pursuant to the rules and regulations of the FAA under Code of Federal Regulations ("CFR") Title 14, Chapter I, Part 77 ("Part 77") and be prohibited or not granted a permit under Clark County Code Chapter 20 and Chapter 30, including but not limited to 20.13 and 30.48 Part B "Airport Airspace Overlay District" as amended; or any similar federal state, or local regulation which may hereinafter be enacted in total or in part

(iii) not to authorize the construction of any Improvement on the Property/Premises that attracts or results in the concentration of birds or other wildlife which would interfere with the safe operation of Aircraft in flight.

(iv) that prior to construction or erection of any applicable Improvement or Vegetation on the Property/Premises, file notice with the FAA in accordance with the requirements of Part 77 as applied to the Airports via FAA form 7460-1, as amended, or any similar regulations which may hereinafter be enacted and, where required by the Clark County Code, receive either a Director's Permit from the Department of Aviation or a Director's Permit Variance from the COUNTY' s Airport Hazard Area Board of Adjustment.

(v) to use construction practices and materials designed to achieve an exterior to interior noise level reduction sufficient to achieve a maximum forty (40) decibel Day-Night level (DNL 40dB) interior noise level or an exterior to interior noise level reduction required by local development codes, whichever is greater in any permanent Improvements, based on Aircraft noise contours shown on the Airport Environs Maps. Land and Improvements shall be deemed to be impacted by the specific noise contours that cross them as shown on the Airport Environs Maps. Where a building is or would be impacted by one or more noise contours, the entire building shall be considered to be within the most restrictive noise contour.

4. Indemnity. To the maximum extent permitted by Nevada law, GRANTEE(s) shall

indemnify, save harmless, and defend the COUNTY, its officers and employees, individually and collectively, from all damages, fines, liens, suits, claims, demands, actions, reasonable costs of investigation and litigation, reasonable attorneys' fees and expenses, reasonable consultants' fees and expenses, and reasonable expert witnesses' fees and expenses, judgments or liability of any kind arising out of or in any way connected with the use of the Property/Premises, including, without limitation, (I) the installation, construction, operation, maintenance, or condition of any Improvement on the Property/Premises and (ii) releases or threatened releases of Hazardous Substances from the Property/Premises or by GRANTEE(s) on, into, or under land, property and other interests of the COUNTY.

5. Non-Waiver. No waiver by the COUNTY at any time of any of GRANTEE(s)'s obligations under this Restriction shall be deemed or taken as a waiver at any time thereafter of the same or any other obligation or of the strict and prompt performance thereof. No waiver shall be valid against the COUNTY unless reduced to writing and authorized by the Board of County Commissioners, the Airport Height Hazard Area Board of Adjustment or the Director of the Department of Aviation.

6. Default. If GRANTEE(s) defaults in or violates the obligations set forth in this Restriction and fails reasonably to cure such default or violation following reasonable written notice from the COUNTY, then the COUNTY shall be entitled to exercise any rights or remedies available at law or in equity or under the express terms of the Deed or this Restriction including injunctive relief as provided below.

7. Damages Inadequate. GRANTEE(s) acknowledges and agrees that damages as a result of any default in or violation of any obligation of GRANTEE(s) set forth in this Restriction are not readily ascertainable, that money damages or other legal relief will not adequately compensate the COUNTY for any such breach, and, in addition to any entitlement to monetary damages, that the COUNTY is entitled to injunctive relief compelling the specific performance of those obligations under the Deed and this Restriction. GRANTEE(s) further acknowledges that the breach of any of the provisions of the Deed or this Restriction would constitute irreparable harm to the COUNTY, and GRANTEE(s) hereby waives any defenses to the grant of a temporary restraining order related to any such breach based on the adequacy of legal remedies.

8. Remedies Cumulative. GRANTEE(s) agrees that COUNTY may pursue all remedies now or hereafter existing at law or in equity and to enforce the performance and observance of any obligation of GRANTEE(s) under the Deed or this Restriction. All remedies shall be cumulative and not exclusive of one another or of statutory remedies not specifically referenced herein. The exercise of any one or more remedies described above, or of any one or more remedies existing at law, in equity or by statute, shall not constitute a waiver or election with respect to any other available remedy. COUNTY' s failure to exercise its remedies reserved herein shall not be construed to waive any rights COUNTY may have to enforce GRANTEE(s)'s obligations through any and all rights and remedies which COUNTY or its successors and assigns may have at law or in equity for the enforcement of covenants. No delay or omission to exercise any right or power accruing upon any default shall impair that right or power or shall be construed to be waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

9. Changed Circumstances. GRANTEE(s) acknowledges that changes in circumstances shall not forgive compliance with the terms of this Restriction, except as otherwise provided in paragraphs 2(a) and 3(b) above with respect to the abandonment and non-use of the Airports.

10. Termination by GRANTEE(s). The COUNTY may terminate this Restriction or any specific provision hereof by recording a release in recordable form with directions for delivery of same to GRANTEE(s) at its last address given pursuant hereto whereupon the obligations described in such release shall terminate, except for any liabilities incurred prior to the date of such release. For convenience such instrument may run to "the owner or owners and parties interested" in the Property/Premises.

11. Severability. In the event any one or more of the provisions contained in the Deed or this Restriction shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of the Deed or this Restriction but the Deed and this Restriction shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein or therein.

12. Covenants Running with the Property/Premises. GRANTEE(s) acknowledges that the restrictions, easements and reservations contained herein shall be binding on itself, its legal representatives, assigns and any subsequent owner of all or part of any interest in the Property/Premises, and shall attach to and run with the Property/Premises. The obligations and burdens set forth in the foregoing restrictions and reservations shall be enforceable by the COUNTY against GRANTEE(s) and any future owner(s) of the Property/Premises or any part thereof or interest therein, including, but not limited to, any lessee, licensee or tenant of the Property/Premises or any part thereof. The acceptance of the Deed by GRANTEE(s) shall constitute acceptance of the foregoing restrictions and reservations. GRANTEE(s) expressly agrees that the restrictions and reservations described herein or attached to the Deed shall be inserted in full in all future deeds of all or part of the Property/Premises.
