A Message from the Recorder

In January 2007, when I first began my tenure as your Clark County Recorder, my goal and promise has been to provide service with a spirit of excellence to the citizens of Clark County and to the many customers who visit our office from all over the world. After being re-elected in 2010, I continue to remain focused on the goals and promises by forming valuable partnerships with citizens, the private sector, and other governmental agencies to ensure that we have accommodated your needs.

Over the past year, we have also expanded on electronic recording (eRecording), allowing our large volume customers the option of electronically recording their documents from the convenience of their office. We have also created a more user friendly website to assist customers in ordering their recorded documents and marriage certificates online. We have been converting microfilm into digital images in order to improve the quality and increase the preservation time for all records.

During the past five years, we have also worked hard to improve our current processes and procedures. Waiting in line formerly took up to three hours, now total wait time from start to finish is approximately 10 minutes or less. Time is money, and we are mindful that your time is a valuable resource, not to be wasted.

During this economic downturn that our great nation is facing, we have taken extra steps to ensure that our public resources are utilized efficiently and effectively. Our Office has undertaken numerous cost-containment efforts to decrease our general fund budget by approximately 9%; and we have collaborated with other entities to share resources and reduce costs, while continuing to provide quality customer service.

As we move into the next year, we continue to look forward with anticipation to the upcoming challenges. We continue to make progress and fill our promise of creating the model Recorder’s Office!

Thank you to all of the approximately two million citizens of Clark County for allowing me the opportunity to serve you.

Debbie Conway,

The records are open for public inspection and copies may be purchased at our two locations or on our website.
The organizational chart graphically represents the hierarchy of responsibilities of the Clark County Recorder’s Office personnel.

The Recorder’s Office has approximately 65 full time and part time employees. In addition to their regular duties, employees are responsible for cross-training in other divisions within the department. Employees learn new skills and become more valuable. This process provides for flexibility in managing the workflow to maintain production and service.
The county recorder is responsible for collecting Real Property Transfer Tax. The amount of the tax must be computed on the basis of the value of the transferred real property as declared pursuant to NRS 375.010. The county recorder shall collect the tax in the manner provided in NRS 375.030, except that he/she shall transmit all the proceeds from the tax imposed as required by NRS 561.355. The allocation is determined by NRS 375.023 and 375.070.

Customer Comments

Ms. Conway
“I just wanted to say that I came into your office on Monday, March 22 and had the BEST experience that I’ve had in any Government establishment. I’m from California and had no idea as to what I was doing in regards to transferring my property to my daughter. Samadhia was VERY patient, as well as knowledgeable about her job, and helped me to conduct my business. She also helped me avoid paying a fee that your office charges and that really helped me a lot. I came in your office expecting to pay taxes and she explained different types of exemptions that I would possibly qualify for. I have never met a person who works for the government who wasn’t rude, patient, enjoyed their job, or who was more than willing to help out a customer. I would like to express my greatest gratitude. It is an employee like Samadhia who changes my perception of government employees. As long as she is around, and working with customers, you can be guaranteed to receive excellent customer service. If you could thank Samadhia again for all of her help, I would greatly appreciate it.”

~ V. Perry, California

Ms. Marketta,
“Hopefully this will come through to you with my sincere thanks for your assistance in getting to a point on your Web Site where I could order a copy of a Marriage Certificate and pay for it with my card. As I mentioned to you, I am an older woman and while I have had my own business for many years, it was some time ago, I was not savvy in regards to processing purchases and/or information on line. Your assistance was invaluable to me and I hope you will give this email on to your Supervisor. I have never met you and this is the only time I have talked to you but, again, I am so grateful for your support and help! Best wishes for a continued successful career. You’re AWESOME!!!”

~ M. Hamblin, Springville, UT

Ms. Ferreria
“I came in to obtain recorded documents for a Marine that leaves this afternoon for Iraq. The recording department does a great job, but I want to single out Ms. Ferreria for all of her constant work. Anyone that can deal with me day in and day out deserves all the accolades and applause possible. Keep the recording department as kind and helpful as they are. Thank you, Ms. Ferreria.”

Wonderful Web Site!
“Please accept my apology for not trying to use your web site before my first attempt at submitting my transfer of deed. I would just like to congratulate your IT department on a wonderful layout and ease of use web site. I guess I was in denial that such a good useable web site was possible for a state government.

Thanks to the Recorder’s Office and the easy form you sent me to correct my mistakes. ”

~ G. Ridge, Las Vegas, NV

Ms. Scott
“I have been trying to have my new husband’s name put onto the title of my home here in Las Vegas. I have been trying by phone and mail since I live in Texas. Ms. Scott was very sweet and patiently tried to help me when I brought my document in person. She was wonderful, courteous and efficient.”

~ J. Weatherly, Palestine, TX

Ms. Ertel
“As an almost age 70 senior, I brought trust documents to be recorded. Because all my papers were not in any order at all, I was almost in tears that they could not be recorded. Ms. Ertel, was concerned with my dilemma; sorted my documents to the proper order and had me verify my legal description with the Assessor’s Office. I did not previously understand the necessity to be covered on both accords (the Recorder and Assessor must agree) She took time to explain the procedure and recorded my trust document. This for me has been an all day adventure and she shortened my worry time tremendously by being caring, efficient, and way beyond helpful.”

~ J. Palmer, Las Vegas, NV

Recorder’s Office

~ D. Balducci, Senior’s United
Dear Mrs. Conway,

“I am writing you today to highlight the direct resource sharing benefits that were made available to our regulatory agency by your fine and outstanding staff members. More specifically, I would like to distinguish Assistant County Recorder Eugene Mendiola, Technical Services Manager Laurel Jimenez, and all other personnel who helped develop the Recorder’s OnCore system under your leadership.

As public service professionals we are all intimately aware of the devastating consequences associated with the marked decline in the local economy. Our jurisdiction, in particular, routinely leads the country in foreclosures and we’ve all felt the impact of dwindling human capital resources coupled with increased workloads.

The public agency resource sharing model that OnCore is founded upon symbolizes a level of sophistication, innovation, and government efficiency that is rarely shared in the media. Having direct access to this system will save our agency time and money. It may also improve our voluntary compliance rates and help ensure a best practices approach to field investigations.

Your staff provided this key resource sharing tool to us virtually overnight. It is something that we had wished that we had for a long number of years and now it is here! Please extend a formal thank you to these exemplary staff members for their collective contribution in making OnCore available to our agency.

Lastly, if it is at all possible we would like to extend a standing invite to one of your staff members to attend one of our bi-weekly staff meetings. We would greatly benefit, and consider it an honor, if your agency could build on its already successful resource sharing concept by sharing some of their specialized expertise directly with us. This would help us better understand the recording process. It would also help us develop a better global understanding of the types and functions of the various recorded documents.

Again, thank you for a job well done and please feel free to contact me directly in the event that we are able to have one of your staff members attend a future staff meeting.”

Very truly yours,

Rod McDaniels, M.P.A.

Dear Recorder’s Office,

“Wow! Earlier this week I received the certified copy of marriage certificate and Apostille. Now my task is completed. I wanted to say that in the USA we often complain of our own government system and red tape, etc. However, things are much less flexible and achievable in foreign government.

As one who has experienced the world outside the USA, I can tell you that no matter how much we talk about our government’s imperfections, our system in the USA outclasses any other state of the art administration, organization and technology. I handed over the documents with great pride to some foreign administrators who were a bit impressed.

Among hundreds of thousands YOU have gone above and beyond for me - just another US citizen. Please know that I really appreciate your efforts in helping me. Mission accomplished!”

Sincerely,

Mr. Wyatt

Ms. Avella

“Ms. Avella was very patient in explaining how to use the computer in the records research area. She would sometimes have to repeat her instructions, but never once rolled her eyes or expressed any frustration with a slow learner.”

~ K. Gillette, Ash Fork, AZ

Mr. Covington

“The whole experience of doing this transaction was easy and painless. No waiting, smiling faces, very professional, very helpful. This is the whole setup from the receptionist to the recorders. This is an excellent example of how it needs to be done.”

~ L. Gimelli, Frontfort, NY

Ms. Sarae

“I was impressed, relieved, and happy to deal with such a kind, patient person!”

~ S.V., Woodland Park, CO
