**AMENDMENT TO CLARK COUNTY'S AMENDED FY 2005-2009 HUD  
CONSOLIDATED PLAN, AND THE FY2008 HUD ACTION PLAN**

On May 18, 2009, the Clark County Board of Commissioners made a Substantial Amendment to the Amended HUD Consolidated Plan for Fiscal Years 2005-2009 and to the FY2008 Action Plan for Housing and Community Development detailing its plan to use \$4,170,265 in Homelessness Prevention and Rapid ReHousing Program (HPRP) funds. That substantial amendment outlined the activities to be undertaken using HPRP funds allocated to Clark County (\$2,595,173), the City of North Las Vegas (\$677,704), and a \$897,388 HPRP grant from the State of Nevada's HPRP allocation.

Clark County intends to amend the HPRP allocations, to better reflect actual need and use, as demonstrated over the past nine (9) months of implementation. Clark County had projected that as many as 38% of assisted households would be homeless at time of application, and obtain HPRP assistance to move into stable housing. However, less than 4% of the assisted households have been homeless at the time of application, making 96% of the HPRP assistances a Prevention activity. Furthermore, Clark County would like to re-program the \$188,262 budgeted for the new housing location services, moving it to the provision of financial assistance to prevent homelessness category. The overwhelming need for financial assistance to maintain housing precludes the development of a new service. Both these actions will allow the Homelessness Prevention Assistance Consortia supported with HPRP funds to assist more households at-risk of homelessness during this economic recession.

Specifically, the amendment will make the following funding changes to the following categories:

North Las Vegas intends to re-program its \$108,432 in Financial Assistance to Rapidly ReHouse homeless households, making all \$542,164 in financial assistance available to Prevent Homelessness of North Las Vegas residents.

North Las Vegas intends to re-program \$20,331 in Housing Relocation and Stabilization Services from serving homeless households to serve at-risk households, making all \$101,655 available to Prevent Homelessness of North Las Vegas residents.

Clark County intends to re-program \$611,495 from its Rapid ReHousing financial assistance category to the Homelessness Prevention financial assistance, making the total available for Homeless Prevention financial assistance \$1,769,617 and reserving \$98,321 to assist homeless households in the area with Rapid Re-Housing financial assistance.

Amendment for HPRP  
December 13, 2010

The public is invited to view this Public Notice, along with revised tables that appeared on pages 12-14 of the original substantial amendment on pages 12-14, on the following websites:
