Colorado River

Armoring the banks of the Colorado River

- Recommendation to armor the banks of the Colorado River for reinforcement due to erosion. The pathway alongside Areas 8-9 has eroded all the way to the water's edge.
- Armoring the banks near Areas 1-4 will prevent homeless access to areas where they leave hazardous debris.
- Unhoused remove rip rap from banks to build camps.

**UNHOUSED PEOPLE REMOVE RIP RAP TO
BUILD CAMPS, WHICH CAUSES EROSION
ACCELERATION.**
