

CLARK COUNTY DISTRICT G NEWSLETTER

Clark County Commissioner Jim Gibson

Back to School

Hello District G Residents,

It's that time of year - the return to school is imminent. But as we must all know by now, this year is anything but typical. If your children attend public school, you are preparing your children to learn for the first time in an on-line environment. Although many families may thrive in this new technology-driven learning atmosphere, many will struggle. I have provided resources in this week's newsletter that I hope will prove helpful for families in Clark County. Clark County and all of the cities in Southern Nevada have been working on a list of resources for working parents to prepare for the first day of school. A list of these resources can be found on page 2 of this newsletter. Connecting Kids is a new program connecting students with technology.

We are asking parents to visit connectingkidsnv.org to learn more about how families can obtain internet connectivity and technology assistance. We also wanted to remind families about keeping your children current with their immunizations. The Southern Nevada Health District clinics are taking appointments now, and are asking parents to call to schedule an appointment or visit them at www.snhd.info/back-to-school for a list of clinic locations. Finally, for those parents that find themselves working, and needing childcare, I have provided a list of Clark County and City of Henderson sites that are accepting children into their school camp programs. Both county and city programs are limited and available on a first come first serve basis, so I would encourage all parents to register their children as soon as possible.

As always, do not hesitate to email us at ccdlistg@clarkcountynv.gov or call our office at (702) 455-5561 with any questions or concerns. You can also follow us on Facebook at www.facebook.com/jim.gibson, Instagram [@CommishJGibson](https://www.instagram.com/CommishJGibson) or Twitter [@CommishJGibson](https://twitter.com/CommishJGibson).

Jim

Clark County and the Cities of Boulder City, Henderson, Las Vegas, Mesquite and North Las Vegas have been working on a list of resources for working parents to prepare for the first day of school on August 24, 2020.

HELP WITH TECHNOLOGY

The Nevada COVID -19 Task Force, led by Chairman Jim Murren and President Elaine Wynn, is working on rallying the resources of the private sector to help aid the State's response, recovery and relief from COVID-19. This Task Force has set up [Connecting Kids Nevada](#) where parents can help this effort by filling out a survey to assess current distance learning needs. The Task Force has also set up a **Family Support Center** you can call at 1-888-616-2476 from Monday-Saturday, 7:00 a.m. to 6:00 p.m. if you do not have internet connectivity or access to a device. The Family Support Center can connect qualified families to the internet for free. See FAQ for more information [in English](#) and [in Spanish](#).

COUNTY AND CITY PROGRAMS AVAILABLE FOR WORKING PARENTS

Clark County has expanded programming through School Daze, a program designed for children ages 5 to 12 years of age and will run Monday through Friday from 7:00 a.m. to 6:00 p.m. Socially distanced activities will include educational time, games, arts n' crafts, sports and themed activities. **Registration is now open** and [can be accessed here](#).

City of Henderson has expanded programming through the Battle Born Kids and Battle Born Teens for residents, with programming designed for children ages 5-14 and will run Monday through Friday from 7:00 a.m. to 6:00 p.m. The programs incorporate daily activities that may include games, crafts, sports, and movies. **Registration opens August 14** and [can be accessed here](#).

City of North Las Vegas has three options as part of their Southern Nevada Urban Micro Academy, including options for live classroom instruction from a teacher, blended with online lessons, with access to enrichment and extracurricular activities. Additionally, the City of North Las Vegas will provide learning space for homeschooling co-ops, and other education groups. Safekey programming and before and after school care is also available. Information is available here at www.nlvcares.com.

The City of Las Vegas is also expanding capacity and will be launching the 2020 Vegas Strong Academy during the 2020-2021 school year. [Information is available here](#).

ADDITIONAL RESOURCES

Residents of Clark County can search the State of Nevada's system to search for licensed child care within the County: <http://www.nvsilverstatestars.org/search-for-care>

The Boys and Girls Club of Southern Nevada will be reopening their facilities and offering programming for youth ages 6 to 18. Clubs will operate Monday through Friday from 7:00 a.m. to 7:00 p.m. [More information is available here](#).

YMCA of Southern Nevada is offering their Y Cares Educational Enrichment Program at four locations, open to youth ages 5 to 15, Monday through Friday from 7:00 a.m. to 6:00 p.m. [More information is available here](#).

As more resources are added, we will continue to add to this list. Please continue to check back for updates.

Connecting Kids Family Support Center Making Progress

Connecting Kids Nevada is a new program to connect students with technology. Visit connectingkidsnv.org to learn more about how families can obtain internet connectivity and technology assistance. A Family Support Center has also been created to assist Nevadans. Families can call 888-616-2476 and talk to a representative in English or Spanish.

Information is also available for organizations and individuals interested in supporting this program through donations. A link is available [here](#).

The Nevada COVID-19 Response, Relief and Recovery Task Force, The Elaine P. Wynn & Family Foundation, Communities In Schools Nevada, and The Public Education Foundation have joined forces and announced today the introduction of "Connecting Kids," a statewide community coalition formed to ensure that all students across the state of Nevada have equal access to virtual learning for the start of the 2020-2021 school year.

The Connecting Kids Family Support Center has been up and running for a week, and they are making great progress. So far, the center has processed 5,500 calls, connected 1,809 CCSD families to the internet, and referred 2,329 CCSD students for devices!

Great work - and there is so much more to do! Of the 312,771 CCSD students enrolled, 222,012 have taken the survey - 71% on our way to 100%! Of those, 20,826 students still need to be connected to the internet and 36,520 students need access to a device.

Many families are worried if there will be enough devices for the first day of school. CCSD has an estimated 109,000 devices waiting to be distributed. Right now, the district is focusing on providing devices to students who don't have a personal device at home. The challenge is identifying those students and getting the devices to them - that's why we need 100% participation in the survey. Please visit ccsd.net/survey to complete the survey as soon as possible!

Beginning with the Clark County School District and expanding to all school districts across the state, the community coalition is committed to getting all students online and connected to their school. Additionally, The Family Support Center through an innovative partnership with Cox Communications and CCSD has been established to connect every qualified CCSD student to the internet, subsidized by CCSD. The Family Support Center can be reached at 888-616-2476 and will have English and Spanish speaking operators available Monday – Saturday, 7:00 am – 6:00 pm, beginning Tuesday, August 11, 2020.

CCSD Superintendent Dr. Jara Announces Leadership Changes Focused on Student Success

After a rigorous selection process, Clark County School District (CCSD) Superintendent Dr. Jesus F. Jara has selected five School Associate Superintendents to provide direct support to schools.

The newly announced School Associate Superintendents are all current CCSD principals who have demonstrated excellence at their school and who will serve the following Regions within CCSD:

Region 1

- Dr. James Kuzma, current principal of Rancho High School
- Scarlett Perryman, current principal of Frank F. Garside Junior High School

Region 2

- Barry C. Bosacker, current principal of C. P. Squires Elementary School

Region 3

- Mikie Young, current principal of Keith C. and Karen W. Hayes Elementary School
- Dr. Reece Oswald, current principal of Lois and Jerry Tarkanian Middle School

Each region is led by a Region Superintendent and three School Associate Superintendents, who provide leadership and supervision to principals and use their experience and expertise to support the goals in the district's five-year strategic plan, Focus: 2024.

"Our staff is our greatest resource in ensuring our students receive a quality education," said Superintendent Dr. Jesus F. Jara. "These individuals demonstrate strong instructional leadership skills and have decades of experiences leading extraordinary schools. Our students will directly benefit from their talent and dedication," he added.

Funds were redistributed from the central office to staff these positions directly supporting schools.

Clark County School District Meal Distribution Information Starting Monday, August 24th

The first day of Distance Education begins on Monday, August 24, 2020, and the Clark County School District (CCSD) will expand its food sites from 46 current sites to more than 300 food sites district-wide following federal guidelines to provide meals to students.

Starting Monday, students will need to meet free and reduced-price meal program eligibility in order to receive meals at no cost. Free and reduced eligible students will receive meals at no cost and paying customers will need to pay for meals they receive. We encourage all parents to fill out an application for meal eligibility online at myschoolapps.com.

Additionally, under federal guidelines, only students enrolled in a CCSD school or CCSD-sponsored charter school may receive meals at CCSD school sites beginning Monday, August 24, 2020.

For a list of CCSD Meal Distribution FAQs, please visit <https://sites.google.com/nv.ccsd.net/distanceeducation/ccsd-resources/food-distribution-information?authuser=0>

CCSD Press Release dated 8/20/2020

Southern Nevada Health District Back to School Immunizations

The Southern Nevada Health District is urging parents and guardians to ensure their pre-schoolers, kindergartners, and 7th graders are appropriately immunized and ready to start school. Due to the COVID-19 response, the Health District is limiting the number of patients allowed in its clinics and immunization services are available by appointment only. Only one parent or guardian is allowed in the clinic with the child for services. Call (702) 759-0850 to schedule an appointment. Visit www.snhd.info/back-to-school for clinic locations.

The Clark County School District requires the following vaccinations for students enrolling in school: chickenpox (varicella), hepatitis A, hepatitis B, polio, tetanus-diphtheria-pertussis (DTaP and Tdap), quadrivalent meningitis, and measles-mumps-rubella (MMR). Parents who recently moved to Nevada should note hepatitis A vaccination is required in the state. Immunizations that were up-to-date in other states that do not require hepatitis A vaccination might not be current in Nevada. For a list of immunization requirements for school, visit Immunize Nevada's Nevada School Requirements page.

Children entering 7th grade must be immunized against tetanus-diphtheria-pertussis (Tdap) as well as *Neisseria meningitidis* (meningitis) in the form of a quadrivalent meningococcal conjugate vaccine (MenACWY). The meningitis vaccine is also required for 8th through 12th grade students who are new to the Clark County School District. A booster dose of quadrivalent meningococcal conjugate and the meningococcal B vaccines are recommended for teens who are 16 to 18 years old.

Parents vaccinating a child at a Health District clinic should bring immunization records. Parents who cannot locate immunization records should contact their health care provider. If their children were immunized in Nevada, parents can also visit Nevada WebIZ, a statewide immunization registry, at <https://izrecord.nv.gov/public/Application/PublicPortal> or call Nevada WebIZ at 1 (877) 689-3249.

Door-to-Door Visits Begin Nationwide for 2020 Census

The U.S. Census Bureau began following up with households nationwide that have not yet responded to the 2020 Census. Based on the current self-response rate of 63.3%, the Census Bureau estimates it will need to visit about 56 million addresses to collect responses in person. Up to 500,000 census takers across the country will go door to door to assist people in responding to the 2020 Census.

Census takers began following up with households on July 16 in a limited number of areas and added additional areas each week thereafter. Census takers have completed training on social distancing and safety protocols, will follow local public health guidelines, and will be required to wear a face mask when conducting follow-up visits.

The Nonresponse Followup (NRFU) operation is the final stage of conducting the once-a-decade population count of everyone living in the United States. Households can still respond now by responding online at 2020census.gov, by phone at 844-330-2020, or by completing and mailing back the paper questionnaire they received. Households can respond online or by phone in one of 13 languages and find assistance in many more. Those that respond will not need to be visited to obtain their census response.

In most cases, census workers will make up to six attempts at each housing unit address to count possible residents. This includes leaving notification of the attempted visit on the door. The notification will include reminder information on how to respond online, by paper or by phone. In addition, census workers may try to reach the household by phone to conduct the interview.

Census takers will go to great lengths to ensure that no one is missed in the census. After exhausting their efforts to do an in-person interview with a resident of an occupied housing unit, they will seek out proxy sources — a neighbor, a rental agent, a building manager or some other knowledgeable person familiar with the housing unit — to obtain as much basic information about the occupants as they can.

For more information, please visit 2020census.gov.

Clark County Parks and Recreation Presents

SCHOOL DAZE

2020-2021 SCHOOL YEAR

What parents need to know...

- School Daze is designed for children ages 5-12 years. Monday-Friday from 7:00am-6:00pm.
- Participants need to pack a daily lunch and morning/afternoon snack that does not need to be heated or refrigerated.
- Daily activities will include educational time, games, arts n crafts, sports and theme activities. Participants will be placed in small groups and group leaders will promote social distancing throughout activities. Participants will be required to wear a face covering (masks) while in the facility.
- Parents and participants are required to go through a daily intake process that includes temperatures checks and a health wellness check. Temperatures of 100.4 degrees or higher will not be admitted into the facility.

How do I reserve a spot for my child?

- Registration will open on **Wednesday, August 5, 2020**. Parents will need to complete a registration form and make payment to reserve your child's spot.
- Cost is \$100 per week, per child (no daily rate). We accept CCAP (Las Vegas Urban League). Parents must provide a current certificate of benefits.
- Contact your preferred site for program availability and information. Program availability is based on a first come, first served basis.

Clark County Parks and Recreation presenta

SCHOOL DAZE

AÑO ESCOLAR 2020-2021

Lo que los padres necesitan saber...

- School Daze es diseñado para niños de 5 a 12 años. De lunes a viernes de 7:00 a.m. a 6:00 p.m.
- Los participantes deben empacar un almuerzo diario y bocadillo para la mañana o tarde, que no necesita ser calentado o refrigerado.
- Las actividades diarias incluirán: tiempo educativo, juegos, artes y manualidades, deportes y actividades temáticas.
- Los participantes serán colocados en pequeños grupos y los líderes de grupo promoverán el distanciamiento social a lo largo de las actividades. Los participantes serán requeridos usar un cubrebocas (máscaras) mientras estén en la instalación.
- Se requiere que los padres y los participantes pasaran por un proceso de entrada diaria que incluye toma de temperaturas y un chequeo de salud y bienestar. Temperaturas de 100.4 grados o más no serán admitidos en las instalaciones.

¿Cómo reservo un lugar para mi hijo/a?

- La inscripción se abrirá el miércoles 5 de agosto, 2020. Los padres tienen que completar una forma de registro y hacer un pago para reservar el lugar de su hijo/a.
- El costo es de \$100 por semana, por niño (no habrá precio diario). Nosotros aceptamos CCAP (Las Vegas Urban League). Padres deben proporcionar un certificado actual de beneficios.
- Póngase en contacto con su sitio preferido para conocer la disponibilidad del programa e información. La disponibilidad del programa se basa por orden de llegada.

Battle Born Kids & Teens

7am-6pm · Monday-Friday

Battle Born Kids • ages 5-12 | Battle Born Teens • ages 10-14

Battle Born Kids and Teens are recreation programs that support distance learning. Participants are assigned to groups that will ensure social distancing is maintained throughout the activities.

\$20 per child, per day. All registration is subject to space availability.
Visit cityofhenderson.com/battleborn for more information.

PARENT INFORMATION

All individuals entering this facility are required to have their temperatures scanned. Any individual refusing a temperature scan will not be admitted into the building. Supervisor on duty has final say in admission. Temperatures of 99.9 degrees or higher will not be admitted into the facility. These individuals are recommended to self-quarantine and follow CDC/WHO/SNHD guidelines for reporting and seeking additional medical attention if needed.

All individuals are required to complete a screening questionnaire prior to every entrance. Children should not be given any fever-reducing medication (acetaminophen, aspirin, etc.) at least six hours before entering child care facility. **Government-issued ID is required for drop-off and pick-up.**

Intake process may take 15-30 minutes - please allow extra time and arrive early if needed.

Registration packet is required. Packets are emailed to parents or copies are available at intake.

Childcare is provided by City of Henderson Parks and Recreation staff members experienced with childcare.

Activities may include games, crafts, physical fitness, music, virtual field trips, movies and sports. Water-related activities may take place outside. Swimming pools may be used. All activities will follow social distancing guidelines.

Participants ages 5 and over are expected to always wear their face covering while in program except when they are eating, at which time they are following social distancing guidelines and are no less than 6 feet apart from another participant.

The City will provide multiple rotations and a work area for children to conduct their schoolwork. All participants must bring their own supplies necessary to complete their assignments. Parents must provide all log-in information, virtual class schedule, participant's school I.D. number and all applicable information needed for participants to participate in distance learning classes.

The City will clean and disinfect frequently touched surfaces hourly or as needed. Use of shared objects (e.g., gym or sports equipment, art supplies, toys, games) will be limited when possible, and will be cleaned in between use.

Routine hand washing will be required for all participants and staff will ensure cleanliness is maintained throughout the day.

Lunch and a snack will be provided.

Please provide a healthy lunch, snack and water bottle for your child every day if they decide not to eat what is provided.

Coronavirus, COVID-19 is an extremely contagious virus that spreads, among other ways, through person-to-person contact. Federal and state authorities recommend social distancing, face coverings, and frequent hand washing, as means to prevent the spread of the virus. COVID-19 can lead to severe illness, personal injury, permanent disability, and death. Participating in City of Henderson programs or accessing City of Henderson facilities could increase the risk of a participant, or the participant's family members contracting COVID-19. Participation in City of Henderson or use of facilities inherently contains a risk of contracting COVID-19, despite the safety precautions that have been implement and City of Henderson in no way warrants that such risk is reduce or eliminated through the implementation of such precautions.

CCSD Partners with Nevada Department of Education to Transform Curriculum for Distance Education

The Clark County School District (CCSD) has partnered with the Nevada Department of Education (NDE) to lead the transformation of core curriculum into distance education resources that will benefit students throughout the state.

“Ensuring our students receive a high-level of education during distance education is crucial,” said CCSD Superintendent Dr. Jesus F. Jara. “We are eager to share our resources with other districts throughout the State so more students have access to online curriculum.”

NDE has procured licenses for the Canvas Learning Management System and Discovery Education content for all school districts in the state of Nevada.

Canvas is the primary learning platform CCSD will be using for distance education during the 2020-21 school year to manage online learning, and to connect teachers, students and parents to the digital tools they need.

CCSD will be sharing its Canvas course content with school districts statewide. There are more than two dozen courses already available or in the process of being converted for the upcoming school year. The first course offerings cover secondary curriculum, grades 6-12. Those courses include:

- Science
 - Geoscience
 - Science 6-8
 - Chemistry
 - Biology
 - Physics
- Mathematics
 - Pre-Algebra
 - Algebra I
 - Algebra II
 - Geometry
 - Math 6-7
 - Personal Finance
- English
 - English 6-12
- Social Studies
 - World History
 - U.S. History
 - Government
- Career Technical Education
- Electives
 - Personal Wellness
 - Driver's Education
 - Health

Educators will be able to use these courses to provide distance education to students at CCSD schools and at other public schools throughout the state thanks to the partnership with NDE.

CCSD students will begin distance education on Monday, August 24, 2020. A parent/student guide will be provided online at ccsd.net prior to the start of school to answer questions that families may have about distance education.

To learn more about CCSD, visit ccsd.net

CCSD Press Release 7/29/2020

CCSD Accepting Nominations for Naming of Two New Schools

The Clark County School District (CCSD) is accepting nominations through August 31, 2020, to name the two new schools slated to open in the fall of 2021 as part of the 2015 Capital Improvement Program. One new middle school is being constructed in the Mountain's Edge area and a new elementary school is being constructed in the City of Henderson. These schools will be named for:

- Outstanding former CCSD personnel and former School Board trustees who have demonstrated exceptional leadership locally in the field of education in Clark County and have consistently demonstrated the character to inspire students; or
- Outstanding individuals who are not educators by profession, but serve as a positive role model to children and to the community, and who have demonstrated exceptional leadership locally toward the advancement of education or humanity in Clark County.

“The nomination process is open to members of the community as well as CCSD employees, so we encourage people from throughout Clark County to take part in the naming process,” said CCSD Board of Trustees member Deanna L. Wright, who serves as chairperson for the CCSD School Name Committee.

Wright noted there are restrictions pertaining to the nominations. In order for a former employee to be considered, they must have been separated from CCSD for at least two years in order to be considered as a namesake. Elected officials, including former trustees, must be out of office for a minimum of three years.

A total of six finalists will be considered by the School Name Committee at a meeting in October. The committee's recommendations will subsequently be submitted for approval at a regular public meeting of the Board of School Trustees.

For additional information on the call for nominations and to see the finalists from previous school naming efforts, visit <https://ccsd.net/trustees/school-name-committee.php>.

CCSD Launches Digital Family Guide for 2020-21 School year

The Clark County School District launched a new digital family guide to provide information to parents and guardians as students begin distance learning on Monday, August 24th.

The new website is located at reconnect.ccsd.net.

The site provides information on full-time distance learning, access to technology, registration, parent resources and more.

We are here to help.

NV Energy was the first utility in Nevada to suspend disconnections and waive late fees for its customers who were financially impacted by COVID-19. If this applies to you, please call and let us know.

In September, we will resume disconnection for nonpayment for customers with a past due balance who have not indicated they are impacted by COVID-19. Collection activities for all other customers are scheduled to resume in October.

We have a variety of flexible payment programs and there are expanded bill payment assistance options to help you during this challenging time. Customers who are enrolled in one of our flexible payment programs will not be disconnected. Please call us anytime at **702-402-5555**.

FlexPay

- Pre-pay option that lets you pay what you want, in advance, while applying an existing deposit to your bill
- No deposit, credit check or late fees
- New updates to the service allow more of your reload amount to go toward your future energy use

Estamos aquí para ayudarle

NV Energy fue el primer servicio público en Nevada en suspender las desconexiones y cancelar las cuotas por pago tardío para sus clientes que se han visto afectados financieramente por COVID-19. Si esto le aplica a usted, por favor llámenos para dejárnoslos saber.

En septiembre, volveremos a resumir las desconexiones por falta de pago a nuestros consumidores con saldo vencido que no nos hayan indicado que se han visto afectados por COVID-19. Las actividades de cobro para todos los otros consumidores están programadas para volver a comenzar en octubre.

Tenemos una variedad de programas de pago y hay opciones de asistencia de pagos extendidos para ayudarle durante estos momentos difíciles. No se desconectará el servicio de los clientes que se han inscrito en uno de nuestros programas de pagos flexibles. Por favor llámenos en cualquier momento al 702-402-5554.

Opciones de asistencia de pagos de recibos

Obtenga más información en es.nvenergy.com/covidhelp o llamando al **702-402-5554**.

Programa de Asistencia con la Vivienda CARES

El Programa de Asistencia con la Vivienda CARES (CHAP, por sus siglas en inglés), administrado por el Condado de Clark, proporciona asistencia con la renta, la hipoteca y los servicios públicos, incluyendo atrasos desde el 1 de marzo de 2020, a los residentes que han padecido dificultades financieras debido a COVID-19.

Programa de Asistencia de Nevada Energy

El Programa de Asistencia de Energía (EAP, por sus siglas en inglés) proporciona asistencia suplementaria con el costo de la energía del hogar a los residentes de Nevada con bajos ingresos que califican. Llame al 800-992-0900 para obtener más información.

Proyecto REACH

(Ayuda por medio de Asistencia de Energía para Prevenir Dificultades Financieras a los Consumidores)

Una fundación de NV Energy financia el programa diseñado para ayudar a los adultos mayores vulnerables que cumplen con los lineamientos de ingresos, y que están viviendo dificultades económicas. Los fondos están disponibles todo el año hasta que se agotan.

Programa de Pagos Flexibles

Inscríbese en línea en es.nvenergy.com/payment o llame al **702-402-5554**.

Pagos Iguales para Alivio por COVID

- Por tiempo limitado – Las inscripciones terminan el 31 de agosto de 2020
- Para ayudarle durante estos tiempos difíciles, aplazaremos la mitad de su recibo hasta septiembre de 2020, y extenderemos la cantidad pospuesta, y cualesquiera saldos que se deban, durante 18 meses.
- Disponible para clientes residenciales y clientes empresariales pequeños y medianos

Programa de pagos flexibles FlexPay

- Opción de pre-pago que le permite pagar lo que quiera, por adelantado, mientras se aplica un depósito existente a su recibo.
- Sin depósito, revisión de crédito o cuotas por pago tardío.
- Nuevas actualizaciones al servicio permiten que una mayor cantidad de su recarga se aplique a su uso futuro de energía.

COVID-19 Testing Operation Opens Indoors at UNLV Thomas & Mack Center

The new community-based COVID-19 testing site inside the UNLV Thomas & Mack Center is open to the public and accepting appointments online through UMC's website at www.umcsn.com. The site is in the Thomas & Mack Center's Strip View Pavilion, located on the northwest side of the Thomas & Mack Center off Tropicana Avenue and University Drive. The new site will operate five days a week, 8 a.m. to 4 p.m. Tuesday through Saturday.

Due to increased demand for testing, appointments are highly recommended to reduce wait times for patients. As much as possible, the public is encouraged to self-schedule appointments through UMC's website. From UMC's home page, click on the "UMC COVID-19 Testing Center" banner, then select the "Public" option from the drop-down menu and chose the proper testing location. Those without online access or limited access may call UMC at (702) 383-2619 to schedule appointments.

The Thomas & Mack Strip View Pavilion site, which is being operated by Clark County, UMC and the Nevada National Guard in partnership with UNLV and University Police Services, replaces the drive-thru site that had been operating in the UNLV Tropicana parking garage since May 27. The new site is open to adults and children, and has separate indoor areas to accommodate those who arrive with and without symptoms.

While appointments are urged, a walk-up testing station will offer some tests each day to those who arrive on a first-come, first-serve basis without appointments based on available supplies and staffing. The type of test offered is a polymerase chain reaction test, better known as a PCR test, which shows whether someone currently has COVID-19. The Thomas & Mack facility will offer nasal swabs tests self-administered by patients with instructions from on-site clinicians. Posted signage helps explain the sample collection process. Face coverings, social distancing, temperature checks and symptom screenings will be required for all visitors entering the facility.

"Our UNLV community-based testing site has been a popular location for residents throughout the Las Vegas Valley to seek testing for COVID-19," said Clark County Commissioner Jim Gibson, whose Commission District includes the Thomas & Mack Center. "The new facility inside the Thomas & Mack Center gives us the ability to move indoors out of the heat and into a setting that will be comfortable and easily accessible to our community."

To date, Clark County and community partners have conducted 133,651 tests at community-based sites. That number includes 56,245 tests at UNLV parking garage operation, as well as one and two-day strike team events conducted with the Southern Nevada Health district at various locations.

"We appreciate UNLV's continued partnership in working with Clark County and UMC to provide our community with a convenient, centrally-located site where people can get COVID-19 tests five days a week," said Clark County Commissioner Michael Naft. "Testing is a critical part of our community's response to the pandemic because it gives us data to determine where we are in the fight against the virus and what we need

to do to stay safe and stay open. Along with staying home if you have symptoms, we all need to do our part to limit the spread of COVID-19 by wearing face coverings when we are out in public, washing hands regularly and avoiding crowds as much as possible."

UMC recently adjusted its COVID-19 testing policies to reflect the latest CDC guidance and ensure that patients at the highest risk maintain convenient access to testing. The updated protocols will help UMC reduce unnecessary repeat testing while prioritizing access for community members with symptoms of COVID-19 and those who have been exposed to the virus. UMC and the CDC recommend a time- and symptom-based strategy to determine when patients can discontinue isolation precautions. As a result of this guidance, UMC will no longer provide unnecessary follow-up tests after a positive result. To further reduce the number of unnecessary COVID-19 tests in the community, a patient with negative test results must wait 10 days before receiving another COVID-19 test from UMC. If community members develop symptoms of COVID-19 during this waiting period, they should seek medical care at a physician's office to determine the need for repeat testing. All patients who believe they have been exposed to the virus must continue to isolate at home during this waiting period. UMC has introduced a five-day waiting period for asymptomatic health care workers and first responders following negative test results, unless they develop symptoms of COVID-19 during the waiting period.

Whenever possible, UMC asks the public to please save the available public testing appointments for community members with symptoms of COVID-19 and those who have been exposed to the virus. Exposure is defined as spending 15 minutes or more within 6 feet of someone with an active COVID-19 infection, regardless of whether you or the other individual wore a face covering during the encounter. Community members should schedule their testing appointments five to seven days after being exposed to the virus. Testing prior to this time period may result in false negative results.

A calendar of testing events sponsored by the health district is available in English and Spanish on its website at www.SNHD.info/covid. The state of Nevada also has a COVID-19 test finding locator tool on its website at www.healthresponse.nv.gov that lists labs, pharmacies and other testing resources. Patients receive test results from the provider that performed their COVID-19 test, and all results, positive or negative are reported to the health district. Officials are working to significantly increase contact tracing and disease investigation efforts to follow up with patients who test positive for the virus and their contacts. Those who receive phone calls, texts or email notifications of a positive test result from the health district are encouraged to follow self-isolation instructions to limit the spread of the virus.

COVID-19 symptoms include fever, cough and shortness of breath. People with general questions about COVID-19 can call the health district's Information Phone Line at (702) 759-INFO (4636), between the hours of 7 a.m. and 7 p.m. Anyone in need of social service support to self-isolate can contact Nevada 2-1-1 for resource referrals. Information about COVID-19 resources also is available in Spanish through the "Esta En Tus Manos" (It's in your hands) outreach initiative at estaentusmanosnevada.com. Additionally, the Community Health Center offers a free telehealth service by phone or computer for uninsured patients regardless of their ability to pay. More information is available on the Community Health Center website: www.southernnevadahealthdistrict.org/southern-nevada-community-health-center. UMC also provides telehealth COVID-19 assessments for symptomatic patients, with health care providers offering referrals for testing at UMC Quick Care locations. Call (702) 383-1800 to schedule an appointment or visit UMC's website to learn more

Cooling Stations

Due to extreme heat conditions, the following locations are open Thursday and Friday, August 20th-21st as cooling stations for those in need of respite from the heat.

Courtyard Homeless Resource Center

1401 Las Vegas Blvd. North
