RELATED INFORMATION:

APN:

125-14-404-003

LAND USE PLAN:

LONE MOUNTAIN - RANCH ESTATE NEIGHBORHOOD (UP TO 2 DU/AC)

BACKGROUND:

Project Description

General Summary

- Site Address: 7200 Elkhorn Road
- Site Acreage: 4.1
- Project Type: Single-family residential
- Number of Lots/Units: 8
- Density (du/ac): 1.9
- Minimum/Maximum Lot Size (square feet): 20,003/24,397 (gross)/16,211/18,280 (net)
- Number of Stories: 1
- Building Height (feet): 25 (maximum)
- Square Feet: 4,136 (maximum)

History, Site Plan, & Request

The site was originally approved for an 8 lot single-family subdivision on the northeast corner of Elkhorn Road and Rainbow Boulevard in 2023 via WS-23-0179 and TM-23-500051. Access to each of the lots will be from Elkhorn Road to the south via a private street that terminates in a cul-de-sac. Custom homes were originally proposed for the project, but now the applicant has returned for a design review to add 16 semi-custom home designs to the project.

Landscaping

No changes to the previously approved landscaping are proposed with this request.

Elevations

The elevation plans depict 4 different models, with each model being offered in 4 different finishes for a total of 16 potential designs. All of the designs are 1 story with a maximum height of 25 feet. Each of the designs also features various architectural features on all 4 sides of the homes, including contrasting stucco finishes, stone veneer accents, pitched concrete tile roofs, and window pop-outs.

Floor Plans

The floor plans for each home model feature multiple bedrooms, bathrooms, a custom kitchen, a 3 or 4 car garage (depending on the model), and several other amenities. The proposed homes range in size from 3,088 square feet to 4,136 square feet.

Applicant's Justification

The applicant states that their semi-custom home designs provide four-sided architecture and will complement the surrounding neighborhoods. The applicant also states that each of the designs is intended to meet the setback regulations set forth in Title 30, and that they acknowledge a waiver of development standards would be required for any lots that do not meet setback requirements.

Prior Land Use Requests

Application Number	Request	Action	Date
TM-23-500051	Tentative map for an 8 lot single-family subdivision	Approved by BCC	June 2023
WS-23-0179	Waiver of development standards for an increase in wall height, reduce street landscaping, and Public Works standards	Approved by BCC	June 2023

Surrounding Land Use

	Planned Land Use Category	Zoning District (Overlay)	Existing Land Use
North, South, & East	Ranch Estate Neighborhood (up to 2 du/ac)	RS20 (NPO-RNP)	Single-family residential & undeveloped
West	City of Las Vegas	R-PD2	Single-family residential

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis

Comprehensive Planning

Design Review

Development of the subject property is reviewed to determine if 1) it is compatible with adjacent development and is harmonious and compatible with development in the area; 2) the elevations, design characteristics and others architectural and aesthetic features are not unsightly or undesirable in appearance; and 3) site access and circulation do not negatively impact adjacent roadways or neighborhood traffic.

Staff finds that each of the 16 semi-custom home designs being offered meet the design criteria set forth in Title 30 by providing visually appealing residences and four sided architecture. The home designs are compatible with nearby residences and the neighborhood is harmonious with other developments in the area. Additionally, the applicant has acknowledged that the proposed residences will meet the required setbacks, and that a separate waiver of development standards would be required otherwise. For these reasons, staff can support this request.

Staff Recommendation

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Comprehensive Planning

- Until June 21, 2027 to commence to match the expiration date of WS-23-0179 and TM-23-500051 or the application will expire unless extended with approval of an extension of time.
- Applicant is advised a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; changes to the approved project will require a new land use application; and the applicant is solely responsible for ensuring compliance with all conditions and deadlines.

Public Works - Development Review

- No comment.

Fire Prevention Bureau

- No comment.

Southern Nevada Health District (SNHD) - Engineering

- Applicant is advised that there is an active septic permit on APN 125-14-404-003; to connect to municipal sewer and remove the septic system in accordance with Section 17 of the SNHD Regulations Governing Individual Sewage Disposal Systems and Liquid Waste Management; and to submit documentation to SNHD showing that the system has been properly removed.

Clark County Water Reclamation District (CCWRD)

- Applicant is advised that CCWRD does not provide sanitary sewer service in this portion of the unincorporated county; for any sanitary sewer needs, applicant is advised to contact the City of Las Vegas to see if the City has any gravity sanitary sewer lines located in the vicinity of the applicant's parcel.

Re: Rainbow & Elkhorn NEC
APR-25-100774
APN: 125-14-404-003
Justification Letter

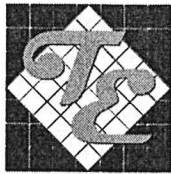

To whom it may concern:

Taney Engineering, on behalf of Woodside Homes, is respectfully submitting justification for a Design Review for a proposed 4.08 gross acre, 8-lot single-family residential subdivision.

Design Review – Architecture

This request is for a design review for 16 architectural floor plans and elevations. A site plan was originally approved in 2023 (WS-23-0179) for 8 single-family lots, and now the applicant of the site is proposing 16 different semi-custom home designs for future buyers to choose from. Each of the designs is intended to meet the setback regulations set forth in Title 30, with the acknowledgement that any setbacks not met may require a Waiver of Development Standards in the future. The one story detached single-family homes range from 3,088 square feet to 4,136 square feet in size. The exterior of the homes varies from Mid Century Modern, Contemporary Southwest, Modern Prairie, to Modern Farmhouse. From ground level it will not exceed the 35 feet in height the finished floor will be 1 foot greater as shown in the table below. All elevations meet the 2 architectural features for each façade of the structure per Section 30.04.05. E.2. There are options for 2 different types of accessory buildings such as a casita and an RV garage. Both are detached but will meet the accessory building setback for RS20. Each home will have a three-to four-car garage with EV charging capabilities, in addition to a full-length driveway that can park a minimum of three vehicles.

Plan Name	Square Footage	Stories	Highest Height	Garages
Plan 8028 Elevation A	3,088	1 story	21' - 7 1/8"	3 car garage

North, East, & South	Ranch Estate Neighborhood (up to 2 du/ac)	RS20 & RS20 (NPO-RNP)	Single-family residence & undeveloped

Surrounding Land Use

	Planned Land Use Category	Zoning District (Overlay)	Existing Land Use
West	City of Las Vegas	R-PD3 & PD	Single-family residence & congregate care

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis**Public Works - Development Review**

Staff has no objection to the vacation of right-of-way for detached sidewalks.

Staff Recommendation

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:**Comprehensive Planning**

- Satisfy utility companies' requirements.
- Applicant is advised within 2 years from the approval date the order of vacation must be recorded in the Office of the County Recorder or the application will expire unless extended with approval of an extension of time; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and the applicant is solely responsible for ensuring compliance with all conditions and deadlines.

Public Works - Development Review

- Grant a 5 foot utility and drainage easement to Clark County;
- Grant a 10 foot pedestrian access, streetlight and traffic control device easement to Clark County;
- Vacation to be recordable prior to building permit issuance or applicable map submittal;
- Revise legal description, if necessary, prior to recording.

Building Department - Addressing

- No comment.

Fire Prevention Bureau

- No comment.

Clark County Water Reclamation District (CCWRD)

- No objection.

Re: Justification Letter -Vacation
APNs: 125-11-401-001, 002, 125-14-101-001, and 005, 125-11-499-002, a portion of 125-14-199-001 and a portion of 125-14-199-007.

To Whom It May Concern:

On behalf of our client Taylor Morrison Nevada, LLC, we have prepared the following project description and letter of compelling justification in support of a vacation for a single-family residential development on approximately 31.20 acres, generally located at the southeast and northeast corner of Rainbow Blvd and Grand Teton Drive in Las Vegas, Nevada, more particularly described as TM 24-500134. The NOFA for the approved tentative map requires the vacation of 5 feet of right-of-way on Rainbow Boulevard.

The Applicant requests a 5-foot vacation along the eastern portion of Rainbow Boulevard for the purpose of detached sidewalks being installed. This will be the required roadway dedication for mapping of the proposed subdivision. The requested vacations will not negatively impact current or future roadway patterns.

Your favorable consideration of this matter is greatly appreciated. Should you have any questions or wish to further discuss this application please contact me at 702-998-2104

Sincerely,

RCI Engineering

Chris Zrinyi, P.E.
