Dust Classes

Who is required to complete a Dust Control Class?

- The construction site superintendent or other designated on-site representative of the project developer and all construction site supervisors and foremen.
- Water truck and water pull drivers for each construction project.

To enroll in a dust class, select one of the options below for registering yourself or others. Then, complete the required information, and submit. Air Quality will then issue an invoice, and you will receive an email that the registration is pending payment. The payment voucher with invoice details will be available for downloading in the top right hand corner of your portal account. Once payment is received, the registration will be complete. If payment is not received within 7 calendar days, the registration will be canceled.
