Every ten years we get ONE chance to determine how our collective money (\$800 billion per year) and political power (congressional seats) will be distributed for the next decade. Census data informs many decisions that affect our communities, economy and democracy. Participating in the census is our opportunity to ensure that our communities receive their fair share.

**Will you be counted in April 2020 and demand your share?**

## In the Neighborhood News

Commissioner Segerblom recently participated in the ribbon cutting of the New Senior Pantry Program located at Rochelle Pines Apartment Homes. Nevada HAND and partner Three Square celebrated this grand opening in our community. This new location is the third food pantry at an independent senior community. With the opening of this new facility, it enables residents to regularly have access to fresh produce, dairy, frozen protein, and other staples of a well-balanced diet.

Welcome to the neighborhood!
