Request for Department of Aviation Review

Pursuant to attached **Site License Application #** _____ it has been determined due to the physical proximity relative to Harry Reid International Airport that a review by the Clark County Department of Aviation is required to ensure that any disruptions to airport operations are avoided or otherwise mitigated to the extent possible.

FAA Airspace Determination (applicable for new sites and height increases to existing sites)

FAA Airspace Determination: To determine whether a FAA Form 7460-1 "Notice of Proposed Construction or Alteration" (7460-1) is required, use the FAA Notice Criteria Tool at <https://oeaaa.faa.gov/oeaaa/external/gisTools/gisAction.jsp> This tool will identify if the 7460-1 is required for the new site and height alterations to the existing sites, along with the pole structure, and all large temporary overhead construction equipment to be use for the pole installation. Visit <https://oeaaa.faa.gov/oeaaa/external/portal.jsp> to file the FAA Form 7460-1 electronically. Attach the airspace determination(s) received from the FAA to the SLA. Applicant is advised that FAA airspace determinations include expiration dates.

- No, a FAA 7460-1 Filing is not required.
- Yes, a FAA 7460-1 filing is required based on Notice Criteria Tool results. Applicant must attach the FAA 7460-1 determination to this Site License Application before it is submitted to Clark County Department of Aviation for review
