Sign Use Recommendations

Sign Design:

- The sign(s) should be at least 24”w x 18”h in size with a solid orange background.
- The sign(s) shall be constructed with materials capable of withstanding Clark County’s harsh environment (e.g., wood, metal, plastic).
- The sign examples provided on DAQ website may be taken to a sign shop and used as a template for printing.

Posting:

- Use a sturdy post, such as metal or wood, placed securely in the ground, or attach the sign(s) to a fence, barricade or other stable object that is clearly visible.
- Post on or near the property boundary, the property corners, and at all access points; post no further than 50 feet apart.
