g High-risk protection orders not reported or incomplete.

Active pending cases over-inclusive due in part to conversion to a new case management system.

<sup>&</sup>lt;sup>k</sup> Court reported a large number of administrative closures (7,356 Delinquency dispositions). Because many of these dispositions are unrelated to the filings for the current fiscal year and in an effort to more accurately reflect actual dispositions of active cases, these administrative closures were not included in total dispositions but are provided in this footnote for general information.

<sup>&</sup>lt;sup>a</sup> Table contains adult traffic and parking statistics (see table B5-1). Information may include cases that may have been reopened or juvenile traffic statistics (see table B9).

Dispositions may include increases due to necessary administrative actions that implement legislative changes in creating civil infractions beginning January 2023.

Carson City is a consolidated municipality and statistics are reported in the Justice Court tables.

d Includes administrative case closures.

Reopened (cases) not reported or under-reported.

Court reported a large number of administrative closures (170,134 traffic, 193 parking, and 1,134 juvenile traffic dispositions). Because many of these dispositions are unrelated to the filings for the current fiscal year and in an effort to more accurately reflect actual dispositions of active cases, these administrative closures were not included in total dispositions but are provided in this footnote for general information.

Disposition data incomplete due to the development of new online platform and limited IT programming resources needed to implement improved business processes. Complete data will be updated in future Annual Report publications.

<sup>&</sup>lt;sup>a</sup> May include termination of parental right actions filed through motion per NRS Chapter 128 in existing child abuse/neglect cases. These terminations through motion are not separately captured in the USJR statistics.

h Court reported a large number of administrative closures (2,040 Person, 1,560 Property, 735 Drug, 614 Public Order, and 2,407 Other Delinquency dispositions). Because many of these dispositions are unrelated to the filings for the current fiscal year and in an effort to more accurately reflect actual dispositions of active cases, these administrative closures were not included in total dispositions but are provided in this footnote for general information.

Includes administrative case closures not related to footnote (h).

Includes administrative case closures.

Reopened cases under-reported.

Court reported a large number of administrative closures (170,134 traffic and 193 parking dispositions). Because many of these dispositions are unrelated to the filings for the current fiscal year and in an effort to more accurately reflect actual dispositions of active cases, these administrative closures were not included in total dispositions but are provided in this footnote for general information.

Disposition data incomplete due to the development of a new online platform and limited IT programming resources needed to implement improved business processes. Complete data will be updated in future Annual Report publications.

Includes administrative case closures.

Reopened cases under-reported.

Court reported a large number of administrative closures (170,134 traffic and 193 parking dispositions). Because many of these dispositions are unrelated to the fillings for the current fiscal year and in an effort to more accurately reflect actual dispositions of active cases, these administrative closures were not included in total dispositions but are provided in this footnote for general information.

Disposition data incomplete due to the development of a new online platform and limited IT programming resources needed to implement improved business processes. Complete data will be updated in future Annual Report publications.

Totals reflect aggregate information from the Nevada Trial Courts. Information contained herein may reflect non-standard reporting and is noted by subsequent footnotes.

Reopen counts not reported or under-reported.

Juvenile traffic violations handled and reported by limited jurisdiction courts.

Court reported a large number of administrative closures (1,134 dispositions). Because many of these dispositions are unrelated to the fillings for the current fiscal year and in an effort to more accurately reflect actual dispositions of active cases, these administrative closures were not included in total dispositions but are provided in this footnote for general information.

Includes administrative case closures.

### **Criminal Caseload Glossary**

When to Count Filings: Cases are counted by defendants in District Court when the court receives notification of a bind over from a lower court or receives the formal charging document from the District Attorney's Office. Felony and gross misdemeanor filings in Justice Court are counted by defendants when the court receives the formal charging document, generally a complaint or citation. Misdemeanor and traffic filings in Justice and Municipal Courts are counted by defendants when the court receives the citation or complaint. Cases with multiple charges that span different categories and types are classified by hierarchies that are defined in the Nevada Courts Statistical Reporting Dictionary and can be found at <a href="http://nvcourts.gov/">http://nvcourts.gov/</a>.

<u>Criminal Case Categories</u>: A broad classification category for trial court caseload that includes cases involving the alleged violation of a state law, local ordinance, or federal regulation (traffic only).

[Listed in hierarchal order, felony = highest]

- Felony Cases heard at District Court, with preliminary hearings at Justice Court, for defendants charged with a violation of state law that is punishable by death or imprisonment in the state prison.
