Assistance is Available at all Voting Sites: Ask any election worker for assistance if you need help reading the ballot or operating the voting machine. Reasonable accommodations will be made to help any voter requesting assistance at a voting site. (This notice is required by NRS 293.565.)

For Voters with Special Needs: Every voting site has a voting machine that can display the ballot in extra large font, provide audio voting, and support “sip and puff” technology.

ADA EASE: Nevada residents with a disability can mark their ballot electronically by going to **www.NVEASE.gov**. Nevada’s Effective Absentee System for Election (EASE) is an online application that seamlessly integrates voter registration, electronic ballot delivery, and marking. EASE is available for elections no less than 46 days before Election Day at **www.NVEASE.gov**. If you have any questions regarding this voting method, please contact the Secretary of State of Nevada, Elections Office at (775) 684-5705.

If you do not provide identification, you will only be allowed to vote provisionally. The words “ID Required” on the address label of your sample ballot indicate you will be required to provide identification at the time you vote.

Clark County's New Voting Process Explained

Clark County voters will notice a new step to the in-person voting process starting in 2026. The check-in process and voting machines (now called **ballot marking devices**) will remain the same as in recent elections. But now, once a voter makes their selections, they get a **printout of their ballot** to review before submitting it through the new **tabulators**.

Here's a break-down of the new voting process:

Watch our explainer video here:*

STEP

1

An election worker will confirm your information and issue you a vote card. Take the vote card to the ballot marking device.

STEP

2

Use the touchscreen to make your selections. The machine will then print your choices on a paper ballot, giving you the chance to review your selections before moving to the next step.

STEP

3

Take your printed ballot and vote card to the tabulator. Hand the vote card to an election worker and insert your paper ballot into the tabulator. This is the moment your vote is officially cast.

TIPS FOR MAIL BALLOT VOTING

This section is required only if a voter is assisted. A voter may be assisted at the voter's direction only if the voter 1) has a physical disability, 2) is 65+ years of age, or 3) is unable to read or write. If you mark the ballot and sign the ballot envelope for the voter, you must indicate this next to your signature that you acted on the voter's behalf. If you assist the voter in marking the ballot and signing the ballot envelope, the name, address, and signature of either the voter or the person assisting must be provided.

Printed Name of Person Providing Assistance _____ Signature of Person Providing Assistance _____

Address of Person Providing Assistance _____ ☐ This ballot has been marked and the envelope has been signed on behalf of the voter.

Failure to sign this envelope will result in your county election official contacting you for additional information in order to cast your vote.

I declare under penalty of perjury that: I am a resident of Clark County; I am the person whose name appears on this envelope; I have not voted another ballot from any other jurisdiction for this election.
Voter, sign inside the red box below in ink. Power of attorney is not acceptable.

Return Both of the Two Ballot Cards: Your mail ballot for this election consists of two separate cards. **You must return both Card 1 and Card 2** in your return envelope, even if you did not mark any contests or questions on one of the cards.

Only Use the Election Department's Return Envelope: If you lose or damage your Election Department mail ballot return envelope with your pre-printed name and address (included in your mail ballot packet) and want to vote by mail, IMMEDIATELY call **(702) 455-VOTE (8683)** to learn how to replace it. Replacement envelopes are also available at all early voting sites and Election Day vote centers during voting hours.

Sign the Outside of Your Envelope: Whether you mail or drop off your voted ballot, you must always sign the outside of your Election Department return envelope in the space provided. If you do not, a county election official will contact you for additional information. **IMPORTANT: Your signature will be checked against your voter registration records.**

Clearly Mark and Properly Submit Your Ballot: See the instructions in your packet to clearly mark your choices with black or blue ink only and correctly return it.

- Avoid making stray marks anywhere or writing notes over the ovals.
- To correct a mistake, follow the instructions in your mail ballot packet. Do not draw an "X" over a candidate's name or ballot question choice.
- Do not sign the ballot itself.
- Do not stick the "I Voted" sticker on your ballot.
- Do not put someone else's ballot inside your return envelope.

Secrecy Sleeve: The secrecy sleeve in your packet is for you to place your voted mail ballot in before putting it inside your Election Department return envelope. However, this is not required. Your voted mail ballot will not be rejected just because you did not include the secrecy sleeve.

REGISTRATION AND ELECTION INFORMATION

Register or Update Your Registration: Voting will be easier and faster the sooner you register to vote or update your existing registration. You may do this online at [RegistertoVote.NV.gov](https://www.RegistertoVote.NV.gov). Or contact us at (702) 455-VOTE (8683) or ELinfo@ClarkCountyNV.gov to request a registration form or to check your registration.

Inactive Status: If you are already registered to vote, check your registration early to ensure it is correct and current. If your status is inactive, it is likely because of an address verification issue. You will need to update or confirm your address as indicated above or when you vote in person. Inactive voters may still vote in person if they meet all other requirements. However, the Election Department will stop sending inactive voters election mail such as mail ballots, sample ballots, and voter registration cards. The National Voter Registration Act (NVRA) requires CANCELLATION of your registration if it remains inactive and you do not vote in two consecutive federal elections. You must then re-register to vote.

Same-Day Registration and Updates: Same-day voter registration and updates to existing registration are available online at [RegistertoVote.NV.gov](https://www.RegistertoVote.NV.gov) or in person at any early voting or Election Day voting site. New registrants must provide a valid, unexpired identification (ID) with a current Clark County residential address. This ID must be one of the following:

- Nevada Driver's License
- Nevada State ID Card
- Nevada DMV Interim Document
- Nevada Tribal ID

If the ID does not show your current address, then you must also provide additional proof of residency (POR) with your name and current Clark County residential address, such as a:

- Utility bill, bank statement, or paycheck (dated within the last 60 days)
- Vehicle registration
- Mortgage, rental, lease, or property tax statement
- Document issued by a government agency
- Temporary ID from the Department of Corrections or any other Nevada State Agency (with photo)
- Election Department Unhoused Affirmation

Confidentiality Requests: You may request that your address and telephone number in the voter registration records be withheld from the public (per NRS 293.558). Log in to Registered Voter Services at www.ClarkCountyNV.gov/vote and select Make My Address and Phone Number Confidential from the dropdown menu to complete, print, and sign a form to mail. Or contact us at (702) 455-VOTE (8683) or ELinfo@ClarkCountyNV.gov to request a form.

Nevada's General Elections: In the General Election, you may vote for any candidate in your precinct regardless of political party. Candidates who receive the most votes are elected.

STATE QUESTION NUM. 6

Amendment to the *Nevada Constitution*

Initiative Petition C-05-2023

Should the *Nevada Constitution* be amended to create an individual’s fundamental right to an abortion, without interference by state or local governments, whenever the abortion is performed by a qualified healthcare professional until fetal viability or when necessary to protect the health or life of the pregnant individual at any point during the pregnancy?

Yes ☐

No ☐

EXPLANATION & DIGEST

EXPLANATION— This initiative, if approved by the voters, amends the *Nevada Constitution* to create a constitutional right to abortion.

This right to abortion would apply from the start of a person’s pregnancy up until the start of “fetal viability,” unless the pregnant person needs medical care to protect that person’s life or health, in which case the right applies throughout the pregnancy. “Fetal viability” means “the point in pregnancy when, in the professional judgment of the patient’s treating health care practitioner, there is a significant likelihood of the fetus’ sustained survival outside the uterus without the application of extraordinary medical measures.”

The initiative makes clear that the State of Nevada, including county and city governments in Nevada, generally cannot not interfere with this right. But a state, county, or city government can interfere with the right if there is a “compelling state interest” in doing so. A “compelling state interest” exists only if the government uses the least restrictive means to protect or improve the pregnant person’s life or health in ways that follow clinical standards of practice.

Lastly, this proposed right to abortion does not require or force any individual in Nevada to have an abortion. Instead, it creates a right that allows an individual to make their own decision.

A “Yes” vote would create a new section of the *Nevada Constitution* to establish a person’s constitutional right to abortion, so that a person can make decisions about matters relating to abortion and reproductive healthcare, without interference from state or local governments.

A “No” vote would keep the *Nevada Constitution* in its current form and would not impact the availability of abortion as a statutory right under Nevada law.

DIGEST—Existing law states that abortions are legal in Nevada and must occur within 24 weeks after the start of the pregnancy. An exception currently exists to allow an abortion after 24 weeks if a physician reasonably believes that an abortion is necessary to preserve the

pregnant person's life or health. Existing law also requires that abortions performed after the 24th week of pregnancy be performed in a hospital licensed by the State of Nevada.

If approved by the voters, this ballot measure would add a new section to Article 1 of the Nevada Constitution with the following information.

Section 1 of this amendment to the *Nevada Constitution* would create a “fundamental right to abortion.” This means that the *Nevada Constitution* would make abortion a legal option for all individuals, not just Nevadans, that is protected by the *Nevada Constitution*. The proposed amendment also includes the right to have an abortion procedure done by a qualified healthcare professional.

The amendment proposes that the right to an abortion would extend until “fetal viability, or when needed to protect the life or health of the pregnant patient.” “Fetal viability” means “the point in pregnancy when, in the professional judgment of the patient’s treating health care practitioner, there is a significant likelihood of the fetus’ sustained survival outside the uterus without the application of extraordinary medical measures.”

If the abortion would be necessary to protect the pregnant person’s life or health, the proposed amendment allows an abortion procedure to be carried out after the start of fetal viability.

The proposed amendment would also generally prevent the State of Nevada or any of its political subdivisions (e.g., the Nevada Legislature, county and city governments) from interfering with the constitutional right to abortion. State and local governments can interfere with this right only if they have a “compelling state interest” in doing so. A “compelling state interest” exists only if the government uses the least restrictive means to protect or improve the pregnant person’s life or health in ways that follow clinical standards of practice.

Section 2 of the proposed constitutional amendment states that if any part of the amendment is challenged in court, then the rest of the amendment is not affected and remains in force. This section ensures that the right to abortion is protected to the greatest extent possible in the event of future lawsuits.

ARGUMENTS FOR PASSAGE

Decisions about abortion should be left to women and qualified healthcare professionals, who take a pledge to act in their patients’ best interest. When it comes to something as personal and complicated as pregnancy, politicians are never more qualified to make healthcare decisions than women and their doctors. That’s why it is so important to vote YES on this amendment.

People across Nevada are voting YES because:

- YES protects doctors so that they will never have to risk jail time just to treat the patient in front of them¹.
- Extreme abortion bans are already in place across the country – from Texas² to Florida³ to right next door in Utah and Arizona – and they are having dangerous effects. A 10-year-old girl from Ohio who was raped had to travel to Indiana to get the abortion

she needed⁴, and in Texas, one woman who miscarried lost liters of blood and had to go on a breathing machine before doctors could legally help her⁵. YES protects the right to abortion in our state for good, so these tragic stories can never happen here.

- YES establishes a permanent layer of protection⁶ so that no matter who holds office in our state, extreme abortion bans⁷ cannot become law in Nevada.

YES keeps families – not politicians – in charge of their own healthcare decisions, so that women can make these personal decisions in consultation with their doctors and those they love and trust.

We should trust women and doctors to make the right decisions for their own situations without government getting involved. If this amendment fails, future generations could have fewer rights and freedoms than their parents and grandparents⁸. Vote YES to keep politicians out of our personal, private decisions.

REBUTTAL TO ARGUMENTS FOR PASSAGE

Do you want courts and judges making decisions about pregnancy instead of women and doctors?¹

Vote NO to stop courts from invading your personal, private medical decisions.

Vote NO to protect our current abortion laws.² There literally cannot be “*any reasonable degree of certainty*”³ *what laws will change or how much you will have to pay to fund abortion* with Question 6. Vote NO.

Do you want to spend *millions of taxpayer dollars* to fund abortions through all 9-months of pregnancy? Do you want to write a *blank check to use taxpayer money to pay for abortions*?⁴ Last year, California spent *\$200 million*⁵ on an abortion- funding package to pay for abortions⁶ and even to create a website explaining how to have the state pay for an abortion “at no cost to you.”⁷ Don’t want that policy? Vote NO.

Here’s a list of people NOT mentioned in Question 6:

- Women and girls – No specific protection.
- Mothers and parents – No specific protection.
- Doctors – No specific protection.

A young mother in Las Vegas recently bled to death after taking abortion pills.⁸ Protect our current law, women and doctors, keep the courts out of our personal lives, and vote NO.

ARGUMENTS AGAINST PASSAGE

Vote NO to stop Question 6 from re-writing our State Constitution.

Vote No to stop Question 6 from writing a blank check to fund unlimited, 9-month abortions using taxpayer money.¹

Question 6 may *force you the taxpayer to pay for abortions*.² The cost and fiscal impact of Question 6 cannot be determined.³ It may cost taxpayers MORE than *\$120-million-dollars every year*.⁴

Vote NO to protect our current abortion law. Abortion is legal in Nevada.⁵ Currently, doctors can do abortions—without restriction—up to 24 weeks (6 months).⁶ After that, it's also allowed to save the mom's life or health.⁷

Our current law is more pro-choice than *Roe v. Wade*.⁸ Only voters can change our state's abortion law, and it hasn't changed in decades.⁹ Unlike Nevada, other states have recently changed their abortion laws, and "*litigation has exploded*."¹⁰ Vote NO to keep the courts out of private, personal decisions.¹¹

If you like the current law, protect it: Vote NO. If you don't like the current law, vote NO so it's not even harder to fix.¹²

Question 6 has no bright-line rule saying when abortion is legal. Is it always legal at 4 months? 6 months? 9 months? Our current law is clear. Question 6 is not.

Question 6 has no bright-line rule saying when taxpayers must pay for abortions. Do taxpayers pay for an optional abortion at 9 months? Our current law is clear. Question 6 is not.

What about doctors? Can a non-doctor perform a surgical abortion at 9 months outside a hospital? Question 6 may not stop this, but the current law protects women. *Vote NO*.

What about parents? Can a non-doctor perform a secret surgical abortion on a 13-year-old girl? Question 6 may not stop this, but the current law protects children and parents. *Vote NO*.

When laws are unclear, the result is expensive lawsuits.¹³ The legal, fiscal and environmental impacts of Question 6 are unknown.¹⁴ Lawsuits cost taxpayers money.¹⁵

Vote NO because Question 6 is:

- *Dangerous*: It lets people who aren't doctors do abortions.
- *Wrong*: It allows abortions through all 9 months of pregnancy.
- *Harmful*: It strips out rules that keep women safe.
- *Expensive*: It may cause lawsuits and cost millions to fund abortions.
- *Unwanted*: It changes our current abortion laws which are clear.

Keep our laws clear. Keep tax spending transparent. Keep courts out of abortion. Keep decisions between women and doctors. *Vote NO*.

REBUTTAL TO ARGUMENTS AGAINST PASSAGE

The people against this amendment are lying to scare voters. Nevadans know that a woman may end a pregnancy for many different reasons. We also know that women and doctors do not decide on an abortion later in pregnancy unless there is a serious reason, like a risk to her life or pregnancy.

And this amendment does nothing to change parental rights in Nevada, because we all want young people to get the support they need from those who love them when making decisions.

All this amendment does is ensure families – not politicians – are in charge of their own health care decisions and can make the right choice for their unique situations without government getting in the way.

When families are making difficult, personal medical decisions, one-size-fits all laws don’t work. As bans across the country are already putting lives at risk, this amendment adds a permanent layer of protection for abortion rights in Nevada so that no matter who holds office in our state, these extreme bans cannot become law here.

Again, this amendment has no fiscal or tax implications.

FISCAL NOTE

FINANCIAL IMPACT – CANNOT BE DETERMINED

OVERVIEW

The Statewide Constitutional Initiative Petition – Identifier: C-05-2023 (Initiative) proposes to amend Article 1 of the *Nevada Constitution* by adding a new section, designated as Section 25, establishing a fundamental right to abortion performed or administered by a qualified health care practitioner until fetal viability, or when needed to protect the life or health of the pregnant patient, without interference from the state or its political subdivisions, unless the denial of that right is justified by a compelling state interest that is achieved by the least restrictive means.

FINANCIAL IMPACT OF THE INITIATIVE

Pursuant to Article 19, Section 2 of the *Nevada Constitution*, an initiative proposing to amend the *Nevada Constitution* must be approved by the voters at two successive general elections in order to become a part of the Constitution. If this Initiative is approved by voters at the November 2024 and November 2026 General Elections, the provisions of the Initiative would become effective on the fourth Tuesday of November 2026 (November 24, 2026), when the votes are canvassed by the Supreme Court pursuant to NRS 293.395.

If this Initiative is approved by the voters at the November 2024 and November 2026 General Elections, the Legislature may be required to evaluate existing laws governing abortion to determine whether they are in compliance with the provisions of this amendment. If it is determined that existing laws are not in compliance, it is possible that the amount of resources utilized by the State or local governments for the administration or enforcement of new abortion laws that would comply with these provisions may be affected.

However, because it is unknown what laws, if any, may not be in compliance with the provisions of the Initiative, nor is it known how the Legislature may revise existing laws if they are determined to not comply with these provisions, the financial effect upon the State or local governments cannot be determined with any reasonable degree of certainty.

STATE QUESTION NO. 7

Amendment to the *Nevada Constitution*

Initiative Petition C-02-2023

Should the *Nevada Constitution* be amended to require voters to either present photo identification to verify their identity when voting in-person or to provide certain personal information to verify their identity when voting by mail ballot?

Yes ☐

No ☐

EXPLANATION & DIGEST

EXPLANATION— This initiative, if enacted, changes Article 2 of the *Nevada Constitution* to create a requirement for voters to provide identification before they receive a ballot.

Voters who vote in-person at a polling place would need to show an ID that is current or that has not been expired for more than four years. If a voter is more than 70 years old, the identification could be expired for any length of time so long as it is otherwise valid.

The acceptable forms of identification include:

1. Nevada driver's license.
2. Identification card issued by the State of Nevada, any other State, or the US Government.
3. Employee photo identification card issued by the US government, Nevada government, or any county, municipality, board, authority, or other Nevada government entity.
4. US passport.
5. US military identification card.
6. Student photo identification card issued by a Nevada public college, university, or technical school.
7. Tribal photo identification.
8. Nevada concealed firearms permit.
9. Other form of government-issued photo identification that the Legislature may approve.

Voters who vote by mail ballot would need to include certain information so that election officials can use it to verify the voter's identity. That information includes:

1. The last four digits of their Nevada driver's license number.
2. If the voter does not possess a Nevada driver's license, the last four digits of their Social Security number.

3. If the voter has neither a Nevada driver's license or a Social Security number, the number provided by the county clerk when the voter registered to vote.

A “Yes” vote would amend Article 2 of the *Nevada Constitution* to require in-person Nevada voters present certain identification and mail ballot voters to provide certain information in order to cast a legal ballot.

A “No” vote would keep the *Nevada Constitution* in its current form.

DIGEST— Under current law, Nevada voters must only show identification in certain situations. These situations are rare and related to the method and timing of how they register to vote.

Currently only voters who register to vote by mail or computer, or who preregisters to vote by mail or computer, and who has not previously voted in an election for federal office in Nevada must provide identification. Additionally, state law requires voters who register to vote online less than 14 days before an election must also vote in-person and present an identification and proof of residency.

If approved by a vote by the voters during the 2024 general election it would go to the 2026 general election ballot for additional approval. If approved there, the Nevada Legislature could create related laws through legislation during the 2027 Legislative Session and these changes would go into effect for the 2028 election cycle.

ARGUMENTS FOR PASSAGE

Flaws in the nation's registration and voting laws are being seen as creating a lack of confidence in election outcomes. Many people lost trust in how elections were run.

New voting technology raised worries about mistakes. More mail-in ballots also led to fears of fraud. A national bipartisan committee reviewed voting laws in many states. One of their recommendations in their report was to require Voter ID.¹

Requiring voters to show a photo ID before voting is a sensible and effective step to help make our elections more secure and to give people more confidence in the results.

In Nevada, many people support this idea. A recent poll shows 74% of Nevadans back it. This includes 68% of Independents, and 62% of Democrats.²

As of 2024, 36 states have laws requiring photo ID for voting. There have been no major complaints in these states, and, contrary to what people were told would happen, turnout has not decreased.³

Some argue that requiring a photo ID would unfairly impact minorities. They say that many minorities and low-income people don't have a photo ID. This is not true, because people need a photo ID to apply for a job, cash a check, use a credit card, apply for a loan, see a doctor, pick up a prescription, apply to college, buy alcohol or tobacco, get on a plane, check into a hotel, and vote in some union elections.

Nevada law requires those who don't register in person show identification and address the first time they vote. This doesn't have to be a photo ID. It can be a utility bill or some other

official document that shows only their name and address. Also, this is only for the first time they vote. After that, there is no requirement to show an ID when voting.⁴

Others say that voter fraud is rare. However, identity theft is a growing problem. Close elections also show the need for every vote to be legal. For example, a 2002 race in Nevada ended in a tie. Former U.S. Attorney Jennifer Arbittier Williams said, “If even one vote has been illegally cast...it diminishes faith in the process.”⁵

Requiring a photo ID has no environmental, public health, safety, or welfare impact.

A photo ID requirement will help people trust our election system and make sure that every vote is valid. Vote “YES” on Question 7.

REBUTTAL TO ARGUMENTS FOR PASSAGE

The people who support Question 7 talk a lot about fear and mistrust. They’ve spent years trying to make us doubt our election system. But they can’t show us even one time when voter ID would have actually made our elections safer in Nevada.

They don’t tell you what bad things voter ID will stop because there haven’t been any. They don’t mention that identity theft has never changed any election here. They don’t talk about how many Nevadans—people just like you and me—don’t have the ID that Question 7 needs. They also don’t explain how Question 7 helps people get those IDs. It doesn’t.

They just say that other states have voter ID and people there like it. But remember, not everyone does things like cash checks, go to college, or fly on planes. These aren’t like voting. Voting is a right we all have to choose our leaders. We shouldn’t stop anyone who can vote from voting.

Think about this: you’re more likely to get hit by a meteor than to find someone cheating by pretending to be someone else when they vote. Question 7 is a step back for our democracy.

The above rebuttal was submitted by the Ballot Question Committee composed of citizens opposed to this question as provided for in NRS 293.252. Committee members: Jennifer Fleischmann Willoughby (Chair), Daniel Bravo, and Jessica Rodriguez. This argument can also be found at www.nvsos.gov.

ARGUMENTS AGAINST PASSAGE

When it comes to voting rights, we shouldn't be leaving anyone behind. The ID requirements in Question 7 will mean fewer eligible people will cast ballots, while the new law would do nothing to prevent voter fraud.

The measure's supporters say they want more confidence in elections, but they don't tell you that impersonating someone else at the polls never happens. One study found that out of more than a billion votes cast, it happened 31 times—statistically zero.¹ You have a better chance of being struck by lightning.² Question 7 overreacts to a problem that simply does not exist.

And the risks of Question 7 are big. It does not ensure that Nevadans have the kinds of ID the law demands, IDs that cost money and take time to get. Voters living in rural or tribal communities will have to travel long distances to a DMV to receive an ID. In fact, almost 21% of all voting-age Americans don't have a valid driver's license with their current name and address.³ In terms of Nevada's population, that would equal more than half a million people.⁴

Studies have shown that strict voter ID laws reduce turnout among underserved communities and communities of color, making it harder to have their voices heard at the ballot box.⁵

Voter ID laws are also a waste of taxpayer dollars. Indiana, for example, spent over \$10 million to produce free ID cards between 2007 and 2010.⁶

Question 7 will keep eligible Nevadans from voting, and won't improve election integrity. Vote no on laws that reduce participation in democracy, like Question 7.

Requiring a photo ID has no environmental impact.

REBUTTAL TO ARGUMENTS AGAINST PASSAGE

Opponents say that “impersonating someone else at the polls never happens.” But without a photo ID required, how can they be sure?

To try to back their argument, opponents cite an opinion column from Washington, DC, from over ten years ago. This was before Nevada adopted new election laws in 2021.

Opponents also claim that “21% of all voting-age Americans don’t have a valid driver’s license.” However, the same study shows that only 1% lack some other acceptable photo ID. The Legislature can find a way to help these voters, just like 36 other states have done.

Opponents say voter ID laws “reduce turnout” among minorities. But the same study also says that “the research is mixed on whether ID laws actually reduce turnout.”

A similar claim was made against Georgia’s photo ID law in 2021. Yet, Georgia’s Secretary of State reported that turnout in the 2022 general election set new records after the law took effect.⁷

The bottom line is this: Requiring a Photo ID won’t make it harder to vote. It will make it harder to cheat. Vote YES on Question 7.

FISCAL NOTE

FINANCIAL IMPACT – YES

OVERVIEW

The Statewide Constitutional Initiative Petition – Identifier: C-02-2023 (Initiative) proposes to amend Article 2 of the *Nevada Constitution* by adding new Sections 1B and 1C, as follows:

- Section 1B would require the presentation of a specified form of identification in order to vote in person in an election in Nevada, either through early voting or on election day.
- Section 1C would require voters who submit a mail-in ballot to provide certain specified information in order to verify that voter’s identity.

FINANCIAL IMPACT OF THE INITIATIVE

Pursuant to Article 19, Section 2 of the *Nevada Constitution*, an initiative proposing to amend the *Nevada Constitution* must be approved by the voters at two successive general elections in order to become a part of the Constitution. If this Initiative is approved by voters at the November 2024 and November 2026 General Elections, the provisions of the Initiative would become effective on the fourth Tuesday of November 2026 (November 24, 2026), when the votes are canvassed by the Supreme Court pursuant to NRS 293.395.

The provisions of the Initiative are anticipated to have a financial impact upon the State and local governments relating to procedures and systems utilized during the election process. The Secretary of State's Office has indicated that these provisions will require modifications to processes and systems related to check-in of voters at the polling location and verification of mail-in ballots, as well as ensuring that the statewide voter registration system is modified to ensure that all data necessary to implement the provisions of the Initiative is captured.

Based on information provided by the Secretary of State's Office, the estimated costs to make these changes to voter systems in Nevada would be approximately \$6,750, and these changes would need to be made in time for the elections that would be held in the year 2028.

The provisions of the Initiative additionally allow the Legislature to determine additional forms of valid identification that can be used to verify identity for voting, aside from those already specified in the Initiative, which the Fiscal Analysis Division assumes will need to be created by the Legislature for those people who do not have or cannot obtain another form of allowable identification.

The Fiscal Analysis Division additionally assumes that this alternate form of voter identification will be provided to the voter at no cost, which means that the cost for these identification documents will be wholly borne by the State or by one or more local governments. However, the Initiative does not specify the form which these alternative identification documents must take, nor does it specify which agency or agencies (either at the state or local level) will be required to provide these documents. Additionally, it is unknown how many registered voters will not have one of the specified documents that would be acceptable to provide as proof of identity for in-person voting, who would need to be issued one of these alternative documents.

Thus, the financial effect upon the State or local governments relating to the issuance of an alternative identity document to those voters who will require such a document in order to vote in person cannot be determined with any reasonable degree of certainty.
