

Pre-Qualification Notice

After completing the pre-application, you will receive an email notifying you if you meet all the program requirements. If eligible, you will receive an email with information on our preferred lenders and instructions on how to contact them directly. Your lender will help you obtain a pre-approval letter, which you must submit when completing the home application.

Our preferred lenders are familiar with the program and have agreed to our loan terms. If you choose to work with a different lender, they must contact us at CCCLT@ClarkCountyNV.gov and agree to comply with all program loan requirements.
