The Truancy Prevention Outreach Program provides early identification and assessment of chronic absenteeism. Once chronic absenteeism is determined, TPOP staff develops a coordinated plan of action with the youth and families that is tailored to their unique needs. The program is designed to focus on the family, provide in-home support, and assist the family with identifying existing programs and services that are strengths based, benefit the family, and address their immediate needs.

In conjunction with youth, families, the Harbor, CCSD, and community partners, TPOP will work to eliminate chronic absenteeism by focusing and addressing the contributing factors that result in adverse academic outcomes.

Did You Know?

- Chronic Absenteeism means missing 10% or more of school days in a row.
 - That means a student is chronically absent if he or she misses as few as 2 days of school a month.

2 Days a Month x 9 Months = Chronic Absence

- 5 to 7.5 million students are chronically absent each year.
- Students who are chronically absent are less likely to succeed academically and more likely to drop out of school.
- Attending school everyday increases a child's chances of success in school and in life.

What Can You Do?

- Make getting to school on time everyday a high priority in your family.
- Talk with you child about the importance of school attendance from an early age and the negative effects of too many absences.
- When necessary, create a safe space for your child to share what's keeping them from participating in school on a regular basis.
- Have a back-up plan for getting your child to school when there are difficulties with transportation, family illness, or other challenges.
- Schedule doctor and other appointments for after-school hours whenever possible.
- Monitor students' school attendance to make sure your child is in class every day.
- Contact your child's school to discuss supports and services that can help you child maintain regular school attendance.

ATTEND TODAY, ACHIEVE TOMORROW

GOOD SCHOOL ATTENDANCE MEANS...

ELEMENTARY STUDENTS
read well by the end of third grade

MIDDLE SCHOOLERS
pass important courses

HIGH SCHOOLERS
stay on track for graduation

COLLEGE STUDENTS
earn their degrees

WORKERS
succeed in their jobs

Too many absences—excused or unexcused—can keep students from succeeding in school and in life. How many are too many? 10% of the school year—that's 18 missed days or 2 days a month—can knock students off track.
