

SHO Provider Directory

Sierra Health-Care Options
Southern Nevada

SIERRA HEALTH-CARE OPTIONS, INC.™

Data last updated 04/07/2026

Welcome

This directory includes a list of your health plan's network providers.

At Sierra Health-Care Options (SHO), we're committed to providing you with access to quality health care coverage that is affordable and convenient.

We know it's important to build a trusted, long-term relationship with your primary care provider (PCP). It's equally important to choose the right PCPs for you and your family. That's why SHO's provider directory contains information to help you narrow your choices.

Our provider directory offers the following key information:

- Names and addresses of contracted health plan providers, including physicians, physician extenders, hospitals and pharmacies
- Area of specialty
- Board certification status
- Languages spoken (when available)
- Service limitations or offerings (i.e., adult patients only)

Please know that physician extenders, such as physician assistants or nurse practitioners, are licensed in general practice. Although some may have additional training, the specialty they are listed under reflects the licensed specialty of their supervising physician.

We truly value you as a member and look forward to being your partner in health. If you need assistance in selecting a provider, please call UMR Customer Service using the number on your ID card.

*Information contained in this directory is accurate as of the date of this publication. Information in the directory is subject to change in the future based on additions, deletions, or changes in practice locations and arrangements. Please reference our online provider directory at **SierraHealthcareOptions.com** to confirm the contracted status of a provider before receiving care or services.*

Important Notes:

MinuteClinic is a convenience care clinic staffed by nurse practitioners and physician associates who can administer common vaccinations, provide wellness services, diagnose certain common acute and chronic conditions and illnesses, and can write prescriptions, if medically appropriate. MinuteClinic is not "Urgent Care", and thus not for more serious illnesses or significant injuries, or care needing x-ray or stitches. To confirm MinuteClinic services, visit <https://www.cvs.com/minuteclinic>
