

WELCOME TO DISTRICT B Newsletter

May 2025 Edition

Welcome to District B!

I appreciate you taking the time to read our newsletter. We work hard to get you the most updated information as we can, and we try to provide you with resources as well. If you would like to see something special, please do not hesitate to reach out. Now, for some office news, Gina has retired and moved to Washington state to be with her daughter and granddaughter. We wish her well. So, for now, it will be myself, William Covington and Amy Kraft in our office.

There is always so much going on in the district. No matter what your interests are there is something for you. A couple of District B signature events are just around the corner. We hope that you will come out and have a great time with us.

May 2, 2025 is our Cinco de Mayo celebration at Bob Price Park. The details are in the newsletter. Free food, entertainment and tons of other great things; you won't want to miss it. Our Free Northwest County Fest is May 10, 2025. We are excited to have District C Commissioner Becker and entire team, they will also be out for this amazing event. We have John Mulls "Road Kill Grill," churros, ice cream, and live Country Entertainment with quite the line up this year. We hope to see you at our events.

I would like to take a moment and tell you about a few county employees who will be assisting our office with our newsletter. Kody, is actually new to the county, but she is already working hard and providing some great information. She specifically collects all the data on what services the county provides. For instance, she gave me the information on how many calls came via "Click It or Fix it". We hope that you enjoy learning about Clark County. We would also like you to meet Krysten. She is our historian, and she will help us put out some great Clark County History. We really are a young, but mighty county full of so many different things. She is a former teacher. We are excited to learn new things as well. We are thrilled that they have offered to help with some information.

Serving Southern Nevada Since 1931

UMC has served the health care needs of Southern Nevadans since 1931, when a dusty dirt road was the only way to reach the 20-bed hospital and its one doctor and nurse.

With the construction of the Boulder Dam (now known as the Hoover Dam) bringing an influx of residents and increased demand for hospital facilities, UMC began as the Clark County Indigent Hospital in 1931, serving patients in a 20-bed facility located on a dirt road west of the railroad tracks. Later, the road would be paved and named West Charleston Boulevard.

For the first two years of its existence, the new county hospital operated with one doctor and one nurse, both either on duty or on call 24 hours a day, seven days a week.

In 1940, the hospital's first board of trustees was elected, and its name was changed to Clark County General Hospital.

In the 1950s, the hospital was renamed Southern Nevada Memorial Hospital. With the name change, the hospital began to undertake a new mission: keeping up to date with the latest developments in medical technology and treatment while expanding its services to meet the needs of a rapidly growing and diverse community.

UMC QuickCare GET BETTER. QUICK.

The Lions Clubs of Clark County funded a burn care unit at the hospital in 1968, bringing a higher level of care to Southern Nevada.

In February 1986, the hospital's name was changed again to University Medical Center of Southern Nevada to better reflect its role as a teaching institution and a medical center offering complete care.

In early 1992, UMC opened a new, freestanding Trauma and Pediatric Center, and in 1996, the hospital dedicated the state's first freestanding Pediatric Emergency Department. In 2009, UMC's pediatric services were combined to form UMC Children's Hospital.

Today, UMC is more than a hospital; it is a comprehensive academic medical center with a rich history of serving the community. UMC now offers the highest level of care in Nevada, providing a wide range of exclusive and specialized health care services to community members and visitors. UMC is home to Nevada's only Level I Trauma Center, only Designated Pediatric Trauma Center, only Verified Burn Center, and only Center for Transplantation. UMC Children's Hospital serves as the state's only hospital to be recognized and accepted as an associate member of the Children's Hospital Association. Offering highly skilled physicians, nurses and staff members supported by the latest, cutting-edge technology, UMC continues to build upon its reputation for providing Nevada's highest level of care.

Memorial Day

May 26, 2025

Memorial Day (originally known as Decoration Day) is one of the federal holidays in the United States for honoring and mourning the U.S. military personnel who died while serving in the United States Armed Forces. It is observed on the last Monday of May and is considered the unofficial beginning of summer in the United States. It is a day for visiting cemeteries and memorials to mourn the military personnel who died in the line of duty.

Volunteers will place American flags on the graves of those military personnel in national cemeteries. Others such as family and friends will also come to lay flowers and grieve on the graves of those who died in the US military. The first national observance of Memorial Day occurred on May 30, 1868.
