David O. Anderson is an Air Pollution Control Hearing Officer. He received his Master of Public Health (MPH) in Environmental Health and PhD in Environmental and Occupational Health from the University of Oklahoma Health Sciences Center. Dr. Anderson currently serves as a professor at Columbia Southern University and an Adjunct Professor at Embry-Riddle Aeronautical University, teaching graduate courses in environmental, health, and safety as well as supervising students working towards their doctoral degrees online. Previously, he was an Assistant Professor for 14 years at Walden University and 10 years at a major university in Texas, teaching both undergraduate and graduate courses.

Dr. Anderson was formerly employed with a local health department where he was instrumental in developing and implementing environmental health programs such as Air Quality Control. He was also a Compliance Health and Safety Officer (CSHO) in industrial hygiene with the U.S. Department of Labor-OSHA and served as the Interim Area Director. Dr. Anderson has over 50 years of experience in various industries including electronic manufacturing, chemical and chemical process research and development, geothermal electrical generation, transportation, and had a private environmental, health and safety consulting practice for 31 years.

Dr. Anderson earned the professional designations of Certified Industrial Hygienist (CIH), Certified Safety Professional (CSP), Qualified Environmental Professional (QEP), and Certified Professional Environmental Auditor (CPEA)(retired). He has numerous publications and presentations pertaining to issues such as environmental health, occupational health and safety, and competitively won various training contracts in these areas with the US Navy and US Marine Corps over 21 years.

Dr. Anderson was reappointed by the Clark County Board of Commissioners on November 17, 2026. His term expires November 16, 2028.
