FABRICATION SHOP INSPECTION AUTHORIZATION APPLICATION

This form is used to request authorization for an approved agency to complete visual and/or nondestructive testing (NDT) special inspection services at non-approved fabrication facilities. Personnel completing fabrication shop inspections shall be approved and listed as FAB-S-I and/or FAB-S-NDT as discussed in Technical Guideline TG-03.

Note: NDT inspection by an approved inspection agency is required on all full penetration welds with a material thickness of 5/16" and greater.

Requested Fabrication Shop Inspection:	☐ Visual Inspection	☐ NDT Inspection	☐ Both
Fabrication Start Date:		Fabrication End Date:	
Type(s) of NDT Testing:	☐ Not Applicable

Project's RDP Name:		Project's RDP Email Address:	

By signing below, the responsible representative of the fabrication company acknowledges that AHJ authorization is required before special inspections may be performed at the fabrication facility listed on this form and before fabrication begins. Failure to comply with the Clark County Building Administrative Code and Technical Guidelines will result in an Engineering Work Plan for the fabricator's scope of work. All fabrication is subject to CCBD inspection and audit for compliance.
