

MICHAEL NAFT

CLARK COUNTY COMMISSIONER

#ALL AROUND A

SEPTEMBER 2021

CURBSIDE CARE RETURNS WITH CAR SEAT CHECKS, RECYCLING, FLU/COVID SHOTS AND MORE

Clark County Commissioner Michael Naft is holding an event to offer several services to the public including electronic recycling, medication disposal, car seats checks, and COVID-19 and flu shots.

The event is being held from 4 to 7 p.m on Friday, Sept. 10, at Fire Station #38, 1755 Silver Hawk Ave. Please enter at Serene and Tamarus.

Residents will be able to drop off computers and other electronics to be recycled, receive information on car seats and have a car seat checked, safely dispose of medication (no needles, powders or liquids will be accepted), and receive a flu shot or COVID-19 shot all from the comfort of their car.

"I am pleased to bring the next Curbside Care to Silverado Ranch. Thanks to the Clark County Fire Department and other community partners we are able to offer these free services to residents from the comfort of their car," said Commissioner Naft. "This is a great opportunity to get your shots and to safely dispose of expired medications and old computers, phones and other electronics. We also encourage parents with young children to stop to get your car seats adjusted."

For more information contact (702) 455-3535 or Mark.Moskowitz@ClarkCountyNV.gov.

COMMISSIONER NAFT HIGHLIGHTS TRAFFIC SAFETY ON FIRST DAY BACK TO SCHOOL

County Commissioner Michael Naft welcomed returning students and reminded drivers to slow down and be extra cautious as area children return to school. He continued his back-to-school tradition of distributing bicycle helmets to students as they made their way to the classroom. This year, Commissioner Naft was at the Duneville Street and Reno Avenue crosswalk, utilized by many Helen Jydstrup Elementary School students.

“The beginning of a new school year is always an exciting time, and we want to make sure our students have a safe return to school,” Commissioner Naft said. “Drivers should remember to slow down when they are in school zones and be especially careful during the early mornings and afternoons when kids are heading to and from school.”

CLARK COUNTY MAKES IMPROVEMENT TO FOOD BANK

Clark County replaced the pavement at the Colorado River Food Bank, an upgrade that makes it easier to load and unload donations there. “This was a much-needed improvement that will make it easier for the food bank to move heavy pallets and forklifts around the property,” Commissioner Michael Naft said. “The new 2,600-square-foot parking lot is made of reinforced concrete, which can withstand heavy loads and extreme heat better than the asphalt that was there previously.”

For information about the Colorado River Food Bank visit their website at: www.coloradoriverfb.com

ALL AROUND A

August was packed in every neighborhood in District A. From Spring Valley to Laughlin and all areas in between. With our youngest students going back to school, Commissioner Naft had the opportunity to partner with the Library District for a fair at the **Enterprise Library**. The event attracted hundreds of families looking for information and resources. In addition to the fairs, and bicycle helmet giveaways, Commissioner Naft was fortunate to get to welcome preschool students back at **Congregation Ner Tamid**.

In a partnership with the LVMPD Spring Valley Area Command and Clark County Parks and Recreation, District A hosted **Coffee With A Cop** at the Flamingo Senior Center. The morning meeting offered residents the opportunity to visit with Metro's community outreach team and get answers to important questions regarding the safety and well being of our community.

With **Allegiant Stadium** kicking off its first season with fans, Commissioner Naft has been actively working with Clark County Public Works and Fire, the Raiders, and other stakeholders in improving safety and transportation in and around the stadium. While there is much work to be done significant improvement has been made in just one month's time.

JOIN THE ALL-IN CLARK COUNTY TEAM AND HELP US CREATE A SMART, SAFE AND RESILIENT COMMUNITY

Are you interested in helping your community take action to become smart, safe, and resilient for decades to come? All-In Clark County is the County's plan to take bold action to create sustainable communities for the well-being and prosperity of all.

We need you! Join the All-In Engagement Team and bring the voices of your neighbors, friends, colleagues and community members to this important planning process that will shape policy and action in our County! We are currently seeking enthusiastic Engagement Team members to use creative ways to reach as many community members as possible. Compensation for this exciting, part-time opportunity starts at \$15/hr. and runs from mid-September 2021 through July 2022.

All-In Clark County is committed to an inclusive and equitable plan that responds to the needs of all our community members. We're counting on our Engagement Team to get the word out. If interested, please apply at: <https://forms.office.com/r/22yFudPGrP>

For more information, please email Meddy Smith, Sustainability Planner from Kim Lundgren Associates, at Meddy@kimlundgrenassociates.com
