TA-26-0567-:

TEXT AMENDMENT to amend Section 30.04.10.A.2 to allow a body of water intended for fire suppression and life safety purposes as agreed upon with a State or Federal agency. md (For possible action)

RELATED INFORMATION:

BACKGROUND:

Project Description

Section 30.04.10.A.2 within the Non-Essential Water Features in Title 30 currently reads:

This section 30.04.10 shall not apply to the following uses:

- i. A body of water which stores water for use in flood control, in meeting peak water demands, or for purposes relating to the treatment of sewage by a political subdivision of this State.
- ii. A body of water which stores water for use by the Las Vegas Valley Water District or by a water district created pursuant to NRS 318.
- iii. A body of water which stores and distributes water or reclaimed wastewater for use by an irrigation district created pursuant to NRS 539.
- iv. A body of water which stores water used in a mining reclamation project.
- v. Non-essential water features deemed to be a hazard to air navigation are prohibited.

The applicant is proposing that this section of code be amended to read:

- i. A body of water which stores water for use in flood control, in meeting peak water demands, or for purposes relating to the treatment of sewage by a political subdivision of this State.
- ii. A body of water which stores water for use by the Las Vegas Valley Water District or by a water district created pursuant to NRS 318.
- iii. A body of water which stores and distributes water or reclaimed wastewater for use by an irrigation district created pursuant to NRS 539.
- iv. A body of water which stores water used in a mining reclamation project.
- v. Non-essential water features deemed to be a hazard to air navigation are prohibited.
- vi. A body of water, served from standalone private water rights, within 1,000 feet of a National Conservation Area, intended for fire suppression and life safety purposes as agreed upon with a State or Federal Agency.

The applicant states the proposed text amendment satisfies the applicable standards for approval because it: (1) promotes the public health, safety, and welfare of Clark County residents; (2) is consistent with the goals and policies of the Master Plan; (3) does not conflict with other provisions of the Code; (4) addresses a significant community safety need by enhancing wildfire suppression capabilities; and (5) responds to changing conditions in the area, including the occurrence of multiple recent wildfires.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Comprehensive Planning

According to the Clark County, Nevada Multi-Jurisdictional Hazard Mitigation Plan (2024), Clark County and its participating jurisdictions, which includes the Clark County Unincorporated area, and Tribal areas of the Las Vegas Paiute Tribe and the Moapa Band of Paiutes/Moapa River Indian Reservation, experienced 760 weeks of consecutive drought in 2018 to present. The range and magnitude were between "slightly dry" and "extremely dry," making it vulnerable to drought conditions now and in the future. A drought could pose a risk to critical facilities and/or infrastructure in Clark County and its participating jurisdictions.

The intent of this request is to allow water features for the storage of water to be used for fire suppression as agreed upon with a State or Federal agency. As proposed, there is no indication of how these water features would be designed, the capacity of these water features, or other potential uses for the stored water. The proliferation of non-essential water features will place an additional burden on the existing water supply. Furthermore, this request may encourage additional non-essential water features within residential and nonresidential development.

The sustainable management of Southern Nevada's water resources are critical to the continued vitality of the region. Goal 3.3 of the Master Plan aims to maintain and protect the quality, supply, and reliability of Clark County's water resources for current and future residents. Policy 3.3.2 encourages water conservation by utilizing the SNWA Joint Water Conservation Plan to ensure conservation opportunities are optimized and reinforced. Title 30 permits water features enclosed within a climate-controlled structure to prevent evaporation. The proposed text amendment conflicts with and does not comply with the Multi-Jurisdictional Hazard Mitigation Plan or Master Plan; therefore, staff recommends denial.

Staff Recommendation

Denial. This item will be forwarded to the Board of County Commissioners' meeting for final action on November 18, 2026 at 9:00 a.m., unless otherwise announced.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

	S	C	C	C	S	S

i. **Location and Access**

- (a) Shall be accessed from an arterial or collector street.
- (b) A facility shall not be located within 200 feet of areas subject to §30.04.06, *Residential Adjacency* unless separated by an arterial or collector street.

The applicant is proposing that this table and section of code be amended to read:

Table 30.03-1 (Summary Table of Allowed Uses):

Civic and Institutional Uses									
Group Assembly									
	RS80	RS40	RS20	CG	CC	CU	CR	IP	IL
Banquet Facility	S	S	S	S	C	C	C	S	S

C=Permitted with conditions

Section 30.03.05.A.1:

Zoning District	RS80	RS40	RS20	CG	CC	CU	CR	IP	IL
	S	S	S	S	C	C	C	S	S

i. Location and Access

- (a) Shall be accessed from an arterial or collector street.
- (b) A facility shall not be located within 200 feet of areas subject to §30.04.06, *Residential Adjacency* unless separated by an arterial or collector street.
- (c) In the RS20, RS40 and RS80 zoning districts, the property shall be a minimum of 5 acres. This condition shall not be waived.

Applicant's Justification

The applicant states the proposed text amendment serves the general prosperity, health, safety, and/or welfare of the entire County. As proposed, only properties meeting the minimum size requirement of 5 acres in the RS20, RS40, and RS80 zoning districts would be permitted to apply for a banquet facility. Further, the approval of a banquet facility for properties in RS20, RS40 and RS80 zoning district would be through a special use permit, which allows the determination on a case-by-case basis whether a proposed banquet facility is compatible with the surrounding area. The proposed text amendment is necessary to address a demonstrated community need. Clark County is home to a wide variety of wedding, event and celebration venues. This text amendment would provide an option for another type of banquet facility to host weddings, events and celebrations. Additional banquet facilities on larger properties will offer more choices to both residents and visitors alike.

The proposed text amendment is necessary to respond to substantial changes in conditions and/or policy. A banquet facility is currently allowed in certain zoning districts. However, it is a category that naturally lends itself to being permitted in the RS20, RS40 and RS80 zoning districts that meet the proposed minimum size requirements. This amendment may serve to assist in the preservation of larger tracts of land with well established, mature landscaping, particularly in areas that are developing or are slated for development in the future. It may also help to preserve existing properties that want to redevelop as a banquet use but maintain the character of the property.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Comprehensive Planning

A banquet facility, as currently stated within Title 30, is classified within the land use category of Civic and Institutional Uses and the sub-category of Group Assembly. More specifically, this

sub-category includes buildings, structures, or facilities that provide a service to the public. A special use permit is currently required for a banquet facility within the CG (Commercial General), IP (Industrial Park), and IL (Industrial Light) zoning districts. A banquet facility is classified as a conditional use within the CC (Commercial Core), CU (Commercial Urban) and CR (Commercial Resort) zoning districts. Title 30 currently prohibits banquet facilities in all other zoning districts. The applicant is proposing to allow special use permits to be requested for banquet facilities within the RS80, RS40, or RS20 zoning districts subject to 3 conditions, of which the minimum site acreage cannot be waived or varied. The intent of requiring a special use permit to evaluate these types of facilities is threefold. First, the proposed use shall be in harmony with the purpose, goals, objectives and standards of the Clark County Master Plan and Title 30. Secondly, the proposed use shall not result in a substantial or undue adverse effect on adjacent properties, character of the neighborhood, traffic conditions, parking, public improvements, public sites or rights-of-way, or other matters affecting the public health, safety, and general welfare. Third, the proposed use will be adequately served by public improvements, facilities, and services and will not impose an undue burden.

There are multiple Group Assembly uses within Title 30 that require approval of a special use permit within the RS80, RS40, and RS20 zoning districts prior to operation such as daycare facilities, funeral homes, museums, and places of worship. Furthermore, a commercial use such as recreational or entertainment facility also requires approval of a special use permit within the RS80, RS40, and RS20 zoning districts. Although the intent of these residential zoning districts is to accommodate low-density, single-family residential development and agricultural uses, staff finds the conditions associated with the proposed text amendment should provide appropriate assurances to mitigate any impact on surrounding properties with a less intense use. Therefore, staff recommends approval.

Staff Recommendation

Approval. This item will be forwarded to the Board of County Commissioners' meeting for final action on December 2, 2026 at 9:00 a.m., unless otherwise announced.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

TOWN ADVISORY BOARDS & CITIZENS ADVISORY COUNCILS

At the request of the Planning Commission and the Board of County Commissioners, the opinions of the Town Advisory Boards and Citizens Advisory Councils are solicited with respect to all zoning actions within their areas. The TAB and CAC members are appointed by the County Commissioners and are subject to the Open Meeting Law requirements pursuant to NRS Chapter 241.

These groups hold public meetings at least once each month, and accomplish the following three functions:

- 1) To receive information pertaining to the neighborhood (long-term planning, zoning changes, public works projects, new ordinances, etc.) and to provide input regarding these matters to the Planning Commission and/or Board of County Commissioners.
- 2) To forward the concerns or problems of residents for resolution by County staff.
- 3) To disseminate information that it receives from the Board of County Commissioners and County staff to the residents of the area.

***Re: Southwest corner of Dean Martin Drive and Raven Avenue
("Property")
Text Amendment ("Applications")
Justification Letter***

Dear Ms. Ammerman:

This office represents the Miller Family Trust ("Applicant")—the owner of the Property. The Property consists of two parcels (APN 177-201-07-001 and 177-201-07-002) with two addresses 3333 Raven Avenue, Las Vegas, Nevada 89139 (-001 parcel) and 9001 Dean Martin Drive, Las Vegas, Nevada 89139 (-002 parcel). The Property is currently planned Ranch Estate Neighborhood (RN) and zoned Residential Single-Family 20 (RS-20).

The Property is a total of 8.11 acres and is adjacent to dedicated right-of-way on all four sides. The east boundary of the Property is adjacent to Dean Martin Drive – a collector street. The north boundary of the Property is adjacent to Raven Avenue. The west boundary of the Property is adjacent to Polaris Avenue. The south boundary of the Property is adjacent to Agate Avenue.

The Applicant proposes an amendment to Title 30 that would permit a banquet facility in RS20, RS40 and RS80 with a special use permit and subject to certain non-waivable conditions.

The proposed text amendment may benefit the Property by permitting the filing of an application for a banquet facility. The proposed text amendment to Title 30.03.05(1) is included below.

30.03.05 Civic and Institutional Uses

1. Banquet Facility

Zoning District	RS80	RS40	RS20	RS10	RS5.2	RS3.3	RS2	RM18	RM32	RM50	CN	CP	CG	CC	CU	CR	IP	IL	IH	AG	OS	PF
													S	C	C	C	S	S				

Amend the use table for banquet facility to include an "S" for the RS20, RS40 and RS80 zoning district.

i. Location and Access

- (a) Shall be accessed from an arterial or collector street.
- (b) A facility shall not be located within 200 feet of areas subject to §30.04.06, Residential Adjacency unless separated by an arterial or collector street. This condition may be waived in RS20, RS40 and RS80 zoning districts.
- (c) in the RS20, RS40 and RS80 zoning districts, the property shall be a minimum of 5 acres. This condition shall not be waivable.

Amend the Summary Table of Allowed Uses to allow a banquet facility in the RS20, RS40 and RS80 zoning categories by including an "S" for those zoning districts. A banquet facility in these zoning districts would be subject to the additional conditions in Title 30.03.05(1).

Text Amendment Criteria

The proposed text amendment serves the general prosperity, health, safety, and/or welfare of the entire County. As proposed, only properties meeting the minimum size requirement of 5 acres in the RS20, RS40, and RS80 zoning districts would be permitted to apply for a banquet facility. Further, the approval of a banquet facility for properties in RS20, RS40 and RS80 zoning district would be through a special use permit, which allows the determination on a case-by-case basis whether a proposed banquet facility is compatible with the surrounding area.

The proposed text amendment is consistent with the Master Plan and other County plans. It would promote Master Plan Core Value 1 for unique communities, neighborhoods and lifestyles and Master Plan Core Value 5 for a diverse and resilient economy. It would also promote Enterprise Planning Area's plan Goal 6 to facilitate orderly, incremental growth in Enterprise.

The proposed amendment to permit banquet facilities in the RS20, RS40 and RS80 zoning districts does not conflict with other subsections of this Title or other Chapters in the Clark County Code. It will provide a zoning approval for the banquet facility use that is determined on a case-by-case basis pursuant to a special use permit. It is not a blanket, by right permitted use, so there should not be an issue with applications proposed in different types of residentially zoned areas. It gives the Planning Commission or the Board the discretion it needs to ensure that a proposed banquet facility in the RS20, RS40 and RS80 zoning districts is appropriate for a particular area.

The proposed text amendment is necessary to address a demonstrated community need. Clark County is home to a wide variety of wedding, event and celebration venues. This text amendment would provide an option for another type of banquet facility to host weddings, events and celebrations. Additional banquet facilities on larger properties will offer more choices to both residents and visitors alike.

The proposed text amendment is necessary to respond to substantial changes in conditions and/or policy. A banquet facility is currently allowed in certain zoning districts. However, it is a category that naturally lends itself to being permitted in the RS20, RS40 and RS80 zoning districts that meet the proposed minimum size requirements. This amendment may serve to assist in the preservation of larger tracts of land with well established, mature landscaping, particularly in areas that are developing or are slated for development in the future. It may also help to preserve existing properties that want to redevelop as a banquet use but maintain the character of the property.

The Applicant respectfully requests the approval of the proposed text amendment. I can be reached at esorokac@rsnvlaw.com, (702) 727-6258 (office) or (702) 245-5075 (cell) to discuss the text amendment further.

Very Truly Yours,
