MELVIN ENNIS RECREATION CENTER: VINYL REMOVAL

DISTRICT D

BUDGET: \$10,016	
VENDOR: TBD	ARTISTS: Eric Vozzola ARTWORK: Community Comunidad
LOCATION: Melvin Ennis Recreation Center, 3720 E Carey Ave, Las Vegas, NV 89115	
DESCRIPTION: To remove vinyl and replace with a painted mural.	
EVALUATOR ASSIGNED: N/A	
07/22/2026	ESTIMATED EXPENSE: \$0 ESTIMATED COMPLETION: TBD Jerry Wojtech reached out to the office to let us know that the exterior vinyl has a lot of damage. The original project was to place vinyl on the modular building. That vinyl failed to withstand the heat. Upon review staff have chosen to seek out approvals to remove vinyl and replace with a mural from the original artist.
08/04/2026	ESTIMATED EXPENSE: \$0 ESTIMATED COMPLETION: TBD Staff contacted original vinyl company to get an estimate for removal. Company quote \$5 per square foot and promised a quote. Staff contacted original artist, Eric Vozzola for his availability and interest.
09/01/2026	ESTIMATED EXPENSE: \$0 ESTIMATED COMPLETION: TBD Vinyl Co stopped responding. Staff contacted them one more time on 8/31. If Vinyl Company does not respond, staff will seek a different company. Eric Vozzola has replied with interest. Artist cannot replicate the digital design by hand. He will submit a new proposal with slightly simplified details for feasibility. Staff will begin drafting a quote.

CHALLENGES

- "Print-friendly" design with maximized detail, not suitable for hand-painted mural execution
- Excessive color palette, great for print but unrealistic to manage for a painted mural
- Certain areas contain extremely fine details from the student workshop artwork, will become "muddy" and "busy" when painted
- Exterior vinyl has proved to be high-maintenance and easily affected by weather, with continuous upkeep of reprints, uninstallation of worn vinyl, and installation of new vinyl

CLARK C

rior Mural

SIDE-BY-SIDE

BENEFITS

- Retains essence of original design, depicting community inspiration and artwork from the student workshop
- "Paint-friendly" for hand-painted mural execution
- Refined color palette, retaining similar spectrum to original design
- Retains high level of detail, eliminating "busy" areas and elements that are unrealistic to paint in a reasonable time
- The untrained eye may see no difference in the design, creating the same familiarity to the original piece
- Refreshes the goal of the mural, and eliminates the need for vinyl upkeep
