

WELCOME TO DISTRICT B

Newsletter

June 2026 Edition

Dear residents,

Summer is here!!!! Time flies when we are having fun in District B. This summer is expected to be a few degrees hotter than last year so plan accordingly. Stay cool.

The **Las Vegas Convention and Visitors Authority (LVCVA)** is celebrating America's 250th anniversary by hosting the nation's largest summer fireworks display across eight consecutive Saturdays. Running from June 6 through July 25, 2026, the synchronized eight-minute shows feature different music themes and launch points each week.

Enclosed you will find pictures of many of the events from across District B.

Thank You for supporting us. We appreciate you.

Imagine that! At Country Fest we served more than 4,000 plates of BBQ, 2,400 churros, 1,200 pretzels and 2,500 popsicles. Next year we have even more food and family-fun surprises planned.

Commissioner Becker and I have already picked the date – **APRIL 17, 2027.**

CINCO DE MAYO! We served well over 5,000 plates of tacos and celebrated our 10th year with lots of entertainment and plenty of vendors. See you next year!!

More than 120 kids from District B participated in the first ever **World Party Parade.** We spent time learning about all the things it takes to be in a parade.

In the next issue, we will take you to a couple of new venues opening in District B. We have the Compassionate Gardens and STEM Center opening on the Northeast side of town and our new equine space and cottage kitchen opening in the Northwest.

Please let us know if you want us to cover certain topics in the district.

Thank You
Marilyn

**Beat the Rush: Schedule back-to-school
vaccinations today!**

Congratulations!

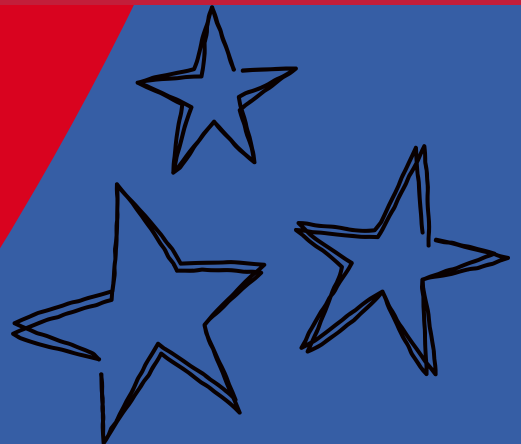

BUNKERVILLE

JUSTICE COURT RENAMING

The court house was renamed
CECIL LEAVITT JUSTICE COURT.

CECIL LEAVITT

Thank you for your years of dedication, kindness, and hard work. For 36 years he was the Justice of Peace in Bunkerville, giving ample evidence of his understanding of the law, and that he had a nice balance between mercy and hard-nosed adherence to the book.

**North Las Vegas residents with
Saturday trash pick up only!!!**

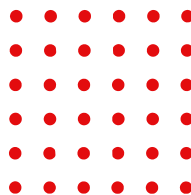

**YOU WILL BE RECEIVING A POSTCARD

Tree Irrigation Tips

Tree irrigation

Trees should be watered well enough to penetrate the soil to a depth of 18 to 24 inches. The type of tree and the season will determine a [watering schedule](#).

Avoid these mistakes when dealing with drip irrigation for trees:

- Setting your irrigation controller for your tree to run the same as spray irrigation
- Mixing irrigation components
- Not using filters or pressure regulator
- Not properly burying drip irrigation lines
- Applying too much gravel mulch before establishing wetting patterns
- Poor emitter placement which results in poor wetting patterns
- Not maintaining the drip irrigation system

How much water should you drink ?

Click here:

<https://www.cise.ufl.edu/~scarpio/cis4930/assign2/index.html>

BEAT THE HEAT

DRINK WATER

Drink as much water as possible.
Hydration is key.

Utilize fans to circulate cool air.

USE FANS

Resting helps your body recover.

REST

EAT LIGHT & HEALTHY

Eat fruits & veggies high in water.

WEAR LIGHT CLOTHES & SUNSCREEN

Wear light colored clothes & always wear sunscreen.

AVOID POP & ALCOHOL

Avoid excessive pop & alcohol, which will dehydrate you quickly.

WATCH KIDS & DOGS

Watch for signs of heat exhaustion.

FIND SHADE

During outdoor activities, find shade to sit under.
