Applications Being Accepted for Three Air Pollution Control Hearing Officers

Applications are being accepted to fill three [Air Pollution Control \(APC\) Hearing Officer](#) positions, contracted by Clark County's Department of Environment and Sustainability. APC hearing officers serve as independent contractors whose duties include hearing cases of alleged violations of local air pollution control regulations and other air quality-related issues. Upon determining a violation, the officer may assess civil penalties or impose other remedies. The hearing officers' two-year terms will begin Tuesday, Nov. 17.

Preference will be given to persons experienced in air pollution control, environmental management, engineering, law, arbitration or dispute resolution. Applicants must be residents of Nevada and shall not be employees of the State of Nevada or any other political subdivision of the state. Compensation is \$120 per hour for hearing and preparatory time only. Hearing officers are required to provide a W-9 form to the department prior to commencement of services.

Qualifications include a graduate of an accredited four-year college with at least five years of experience in public administration. Duties include hearing cases of alleged violations of local air pollution control regulations. Upon determining a violation, the officer may assess civil penalties or impose other remedies. Applications will only be accepted on the form provided, which may be obtained at the Division of Air Quality [website](#) or by calling 702-455-3126.

Completed applications may be submitted electronically to agenforcement@clarkcountynv.gov. **All applications must be submitted no later than Wednesday, July 22, 2026 at 5 p.m. PT.** All submitted applications become public record and available for public review. Recommendations for selection will be presented to the Clark County Board of County Commissioners at a future meeting.

###

Located in Clark County, Nevada, the Department of Environment and Sustainability (DES) is the region's air pollution control agency. DES also administers the Desert Conservation Program and leads the All-In Clark County initiative to address climate impacts in Southern Nevada. Whether it's protecting the air we share, protecting species like the desert tortoise or making home and vehicle electrification easier for residents, our team is united by our shared passion to create a cleaner, healthier, more sustainable Southern Nevada.

Clark County is a dynamic and innovative organization dedicated to providing top-quality service with integrity, respect and accountability. With jurisdiction over the world-famous Las Vegas Strip and covering an area the size of New Jersey, Clark is the nation's 11th-largest county and provides extensive regional services to 2.4 million citizens and 45.6 million visitors a year (2023). Included are

the nation's 5th-busiest airport, air quality compliance, social services and the state's largest public hospital, University Medical Center. The County also provides municipal services that are traditionally provided by cities to 1 million residents in the unincorporated area. Those include fire protection, roads and other public works, parks and recreation, and planning and development.
