SECTION I - PROVISIONS

PURPOSE

The Department of Parks and Recreation offers no-cost, low-cost and at-cost inclusive programs and services that provide youth with safe environments after school; promote health and wellness for residents of all ages; provide opportunities for social interaction; increase environmental awareness and stewardship; and celebrate the diversity of our community through visual and performing arts. Most no-cost and low-cost offerings are supported by the department's general fund allocation. Base service levels are supplemented by subsidized and/or self-supporting fee-based programs. This schedule denotes uniform fees and charges for supplemental programs and services offered by Clark County Department of Parks and Recreation.

AUTHORITY

The Department of Parks and Recreation (Department), reviews the Schedule of Fees and Charges on an annual basis and makes recommendations to the Board of County Commissioners (BCC) based on changes in facility, staff and operational costs, customer feedback and service demand fluctuations. The Board of County Commissioners (BCC) review and, by resolution, authorizes the Department to collect these fees and charges.

GENERAL PROVISIONS

After authorization by the BCC, the Director of Parks and Recreation is not authorized to waive or modify any fees in this schedule.

The Director of Parks and Recreation reserves the right:

- To negotiate with participants, user groups or concessionaires to offset any additional costs of any activity with the County including administrative fees, facility cleanup or damage, staff services, traffic control and security or police services when the user's event requires these services. Fees shall not be less than the fees and charges noted within this Schedule. Revenue generating activities at Clark County facilities are subject to additional charges to ensure costs incurred by the County are recovered. When appropriate, the Department may also negotiate a percentage of sales with vendors to recover or offset costs incurred by the County.
- To establish temporary developmental rates, and to engage in promotional and marketing activities to enhance Departmental programs. These rates include, but are not limited to, use of discount coupons and free admission days.
- To schedule or offer public programs and/or special events that may affect the use of parks or pre-empt regular operation or programming.
- To take necessary action to protect the health and safety of the public at all times and to maintain proper management in relation to the usage of Department facilities and to determine designated areas of use.

- To limit use and scheduling based on budgetary limitations, the number of requests, or the impact of use on the facilities.

We ask that patrons:

- Follow all park rules including specific rules for individual parks or facilities. Inappropriate use is subject to misdemeanor penalties under County Code (19.04.080) as well as cancellation of use and forfeiture of all fees, charges and deposits. Park rules are listed separately and can be found at:
<http://www.clarkcountynv.gov/Depts/parks/Pages/rules-regulations.aspx>
- Be responsible for all added amenities required for their use, i.e.; portable restrooms, dumpsters, security, fencing, power, etc. Users will also be responsible to pay the actual cost of repair of any damages incurred by their activity or group.
- Obtain, and provide proof of all permits and licenses required for your event/activity in accordance with local, state and federal laws.
- Provide an indemnity agreement, liability insurance, cleaning deposits, and/or security deposits as required, based on the type of activity.
