CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Clark County Consolidated Annual Performance and Evaluation Report (CAPER) for Fiscal Year 2025 outlines progress made toward implementing the goals and strategies of the County's 2025-2029 Consolidated Plan (Con Plan). This report captures expenditures, accomplishments, and outcomes associated with the use of three HUD formula grant programs: Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and the HOME Investment Partnerships Program (HOME). These funds support a range of housing, community development, and public service activities aimed at assisting low- to moderate-income individuals and families.

The CAPER highlights achievements in affordable housing, homeless services, and community development initiatives during the reporting period of July 1, 2025, through June 30, 2026. It also includes accomplishments from activities funded in prior fiscal years that were completed or reported during FY 2025. As is typical with new construction projects, outcomes are documented upon project completion.

During the reporting period, \$8,898,602.69 in CDBG, HOME, and ESG funds were expended. In addition, \$246,798.80 in CDBG-CV funds were expended. Key accomplishments for FY 2025 include:

CDBG Highlights

During the 2025 program year, CDBG funds provided services to a total of 886 individuals, expanding reach in the area of Public Services. Working within the 15% cap for Public Services, CDBG funds supported five projects delivering services around employment readiness for adults, including the differently-abled, and healing and recovery toward independent living for survivors of abuse. The Public Facilities projects were supports that cater to either young children or people recovering from substance abuse.

As in the previous year's CAPER, reporting the accomplishments under Public Facilities projects will be done after the completion of the construction rehab activity. For Public Services projects, statistics are drawn from Grantee Performance Reports due within six months of completion. Labor hour statistics are based on quarterly reports from both ongoing and completed Public Facilities projects during the program year. Additionally, under the CDBG-CV program, 522 individuals were assisted through the Knox Box Initiative project.

ESG Highlights

During the 2025 program year, ESG funds supported a range of services for 170 individuals who were either experiencing homelessness or at imminent risk of becoming homeless.

HOME Highlights

During the 2025 program year, a total of 504 affordable multi-family housing units were completed. This includes all units, not just those funded through the HUD HOME program and were newly constructed to serve families and seniors. HOME had 21 additional units completed during the reporting period.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Ensure the availability and preservation of affordable Housing	Affordable Housing	HOME: \$6,531,702.24	Rental units constructed	Household Housing Units	1250	504	40.32%	281	504	179.36%
Ensure the availability and preservation of affordable Housing	Affordable Housing	CDBG: \$3,700,000.00	Rental units rehabilitated	Household Housing Units	1500	200	13.33%	323	200	61.92%

Table 1 – Accomplishments – Program Year & Strategic Plan to Date

Narrative:

Funds expended during FY2025-2026 included prior years' funding and supported existing open projects; CDBG and HOME reporting pulled from PR23 Accomplishment Summaries; ESG reporting pulled from HMIS. Most ESG subrecipients are still awaiting purchase orders for Program Year 2025 funding. Prior years' ESG funding of \$45,366.33 also supported the existing Street Outreach open project with 31 persons assisted.

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Program Year 2025, spanning from July 1, 2025 to June 30, 2026, marked the first year of the Clark County's 2025-2029 Consolidated Plan. This five-year strategic plan identifies 5 key priority needs address through entitlement funding:

1. Affordable Housing
2. Vital Services and Homeless Prevention
3. Community and Supportive Services
4. Community Facilities and Infrastructure
5. Economic Development

The established goals included:

1. Ensure the availability and preservation of affordable housing and supportive housing
2. Maintain and expand activities designed to prevent and reduce homelessness
3. Provide community and supportive services
4. Improve Community Facilities and Infrastructure
5. Increase employment and business opportunities.

The primary focus for Program Year 2025 was to continue accelerating the completion of projects and identify alternative initiatives that could be implemented efficiently, in order to again meet CDBG timeliness. Fortunately, the County again successfully passed the HUD timeliness test on May 2, 2026. CDBG Activities in Program Year 2025 included the following:

1. Housing projects from the preceding year:

James Down Towers – Southern Nevada Regional Housing Authority: CDBG funds were used to complete the rehabilitation of 200 units within the James Down Towers RAD Affordable Housing development. Project activities included renovations, increased site security, and energy efficient units.

2. Public Facilities projects from the preceding year:

Adult Transitional Housing & Youth Residential Treatment – Bridge Counseling Associates: Phase 1 which involved converting an existing building into a 20-bed children's psychiatric center was completed in October. Licensing by the State is now underway with scheduling for inspections being coordinated. The basic furniture and fixtures for the facility are now in place and staffing is available.

Expansion of MLK Health Center – Nevada Health Centers: The project was completed within the third quarter of 2025, and the additional rooms and other improvements were immediately utilized. More qualified residents are now being served with the addition of the pharmacy drive-thru pick-up window that is open an extra hour beyond normal clinic operations.

Senior Center Rehabilitation – Boulder City: The rehab of the existing Senior Center was started late in the first quarter of 2026 and was over 90% complete by the end of June. With limited experience in

construction-related engagements, Senior Center management received close support and technical assistance from a dedicated construction management firm, the City of Boulder City, and Clark County.

3. New Public Facility projects:

Youth Empowerment Center – Nevada Partners, Inc.: Project bidding was held in February 2026 but failed as all quotations were approximately double the budget allocation. A re-design was decided moving from a two-floor to a single-floor expansion and new bidding is projected for October 2026. The same components of a sound studio, film studio, and youth lounge will remain in the new design but of smaller dimensions. Additional funds will still come from State new market tax credits and private contributions.

Sunrise Park Multi-Use Center – Department of Juvenile Justice Services: Project bidding was scheduled for September 2025; however, it did not materialize due to design changes and land parcel consolidation. Based on a revised timeline, new bidding is projected for the last quarter of 2026 and construction within the first half of the following year.

4. New Public Service projects:

The Prosperity Project – Electrical Joint Apprenticeship Training Center of Southern Nevada: The courseware, loaner computer equipment, tools, and required PPE/safety attire for the Inside Wireman and Installer Technician trades have been procured. Enrollment of the target 60 new students has also been conducted, making sure they are income-qualified.

Pink Chair Outreach and Education Expansion Project – Hookers for Jesus: The in-person outreach and education services have begun targeting adult women survivors of domestic violence/sexual assault and human trafficking as well as persons experiencing homelessness.

Chromebooks for Southern Nevada Regional Housing Authority Residents – Las Vegas Clark County Library District: Procurement of the Chromebooks has been completed, with units being turned over to the Southern Nevada Regional Housing Authority for use in its FLEX Program intended for public housing residents. Due to the price increase of the equipment, only 144 units were acquired of the 150 target. An agreement was signed between the Library District and the Housing Authority that included the management of the equipment and reporting to the County.

Teens and Young Adults Independent Living Program – Olive Crest: Conduct of life skills training, provision of mental and behavioral health services, and payment of housing and education/employment subsidies have begun for the targeted beneficiaries exiting foster care.

Work Readiness Program – Opportunity Village: Transportation support for individuals with disabilities as they report to workplace-readiness program sites has started to be provided.

5. Additional Project

In further support of the County's efforts to ensure continued compliance with timeliness requirements, some funds were allocated to the following project:

Southern Nevada Children's Advocacy Center – Department of Family Services: Funding was used to begin renovations of the CDBG-acquired property. The renovation work included repairing the roof,

painting the exterior, and improving the concrete parking pavement. The facility will serve as an important hub for the delivery of multidisciplinary services for children survivors of abuse as well as those at risk.

6. Other Project-Related Highlights

Operations, Volunteer, Outreach Center – Nevada Partnership for Homeless Youth: The project, which was completed in 2024, won an Award of Excellence for Community Development from the National Association of Counties for Community and Economic Development in September 2025.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	8,550,959	6,188,124.33
HOME	public - federal	4,065,401.53	2,629,295.59
ESG	public - federal	744,845	81,182.77

Table 3 - Resources Made Available

Narrative

During Program Year 2025, Clark County was awarded approximately \$13.3 million in entitlement funding through the CDBG, ESG, and HOME programs.

The “Resources Made Available” column reflects the Program Year 2025 entitlement allocations. The “Amount Expended During Program Year” captures total expenditures made between July 1, 2025 and June 30, 2026, regarding of the original grant year of the funds. For the HOME program, this includes all federal HOME funds expended during that time frame, for all grant years.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Countywide	100	100	Other

Table 4 – Identify the geographic distribution and location of investments

Narrative

For CDBG, Clark County expended a total of \$6,188,124.33 in CDBG funds. These funds supported a mix of public facilities projects, public services programs, and program administration, directly benefiting low- and moderate-income residents across the County.

For HOME, the year’s priorities focused on coordination with other funding sources such as Low-Income Housing Tax Credits, Private Activity Bonds, and County Community Housing funds; acquisition and rehabilitation of existing multi-family housing and the new construction of rental housing with the focus on very low-income (50% and below AMI), senior occupancy, and the homeless population.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

In 2022, Clark County created the Community Housing Fund (CHF), a housing trust fund to support the development and rehabilitation of affordable housing in Clark County. The County's CHF funding is utilized in affordable housing projects as "gap" financing, similar to how Federal and State HOME funds are used – many HOME-funded LIHTC developments also used CHF funds as part of their comprehensive financing package.

HOME matching requirements were fulfilled through use of Account for Affordable Housing Trust Funds (AAHTF) that were allocated to Clark County from the State of Nevada Housing Division. These funds were also employed by Clark County as gap financing in LIHTC developments for the creation of affordable rental housing, as outlined in the HOME Match Fiscal Year Summary.

The County has also granted County-owned land for the development of affordable housing, including a 17-acre site that was awarded to a developer in FY24, together with up to \$8M in County CHF funding and up to \$3M in HOME/AAHTF funding, to build a 363-unit multifamily affordable development. Finally, Clark County continues to use Section 7(b) of the Southern Nevada Public Lands Management Act (SNPLMA), which makes federal Bureau of Lands Management (BLM) land available to the County for Affordable Housing developments:

- In 2023, a 5-acre parcel located at Pebble & Eastern in unincorporated Clark County was transferred through Clark County from the BLM to a private developer for construction of a new 195-unit affordable senior multi-family housing project serving households below 60% AMI. That project, Heirloom at Pebble, held its grand opening on June 24, 2025.
- In October of 2024 a 20-acre parcel was transferred from the BLM to the County for the development of 120 single family homes that the County will develop as a part of its newly created Community Land Trust; these homes will be for families from 50% to 80% AMI
- On November 4, 2025, Clark County awarded a 10-acre BLM site located at Flamingo Road & Riley Street in unincorporated Clark County for affordable housing. Clark County is currently applying to the BLM for the parcel, and will subsequently transfer it to the awarded developer for the construction of 363 units targeting households at 30%-70% AMI.
- On July 27, 2026, Clark County applied to the BLM for another 20-acre BLM site at the 215 Beltway & Windmill Lane in unincorporated Clark County. Once received the County will award the site to a developer for a proposed 320-unit affordable housing development targeting households earning at/below 60% AMI.
- Clark County intends to continue facilitating the transfer of additional BLM sites they have reserved for affordable housing.

Clark County currently has approximately 450-acres of BLM land reserved for the development of Affordable Housing pursuant to SNPLMA 7(b).

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	13,281,675.00
2. Match contributed during current Federal fiscal year	2,625,055.05
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	15,906,730.05
4. Match liability for current Federal fiscal year	975,396.89
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	14,931,333.16

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	604	504
Number of Special-Needs households to be provided affordable housing units	0	0
Total	604	504

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	281	504
Number of households supported through Rehab of Existing Units	323	0
Number of households supported through Acquisition of Existing Units	0	0
Total	604	504

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

According to the PR23 HOME Summary of Accomplishments, Clark County completed a total of 21 rental units using HUD HOME funds during FY 2025. In total, 504 affordable multi-family housing units were completed throughout the program year. This figure includes both HUD HOME-funded and non-HUD HOME-funded units, all of which were newly constructed to serve families and seniors.

Clark County HOME funds supported three rental housing developments in Program Year 2025, which were all new construction. The table above reflects the total number of units across these developments that were assisted with HOME funds and contain designated HOME units.

Program Year goals are based on estimates provided in funding applications and allocations, while outcomes reflect the actual number of units completed or households assisted during the year. In Program Year 2025 Clark County came very close to its goals. Variations between projected goals and actual outcomes are often due to the lag between fund allocation, construction, and project completion. Units from developments not completed within the Program Year are not counted toward that year's outcomes.

In addition to HUD HOME funds, the Clark County HOME Consortium receives Account for Affordable Housing Trust Funds (AAHTF), which support the production of affordable housing units not included in

the figures above, as they are not federally funded HOME projects. The CHF will also contribute to affordable housing goals, though it is not reflected in the above totals. As a new program, CHF may support projects that do not include federal HOME funds, similar to AAHTF-supported developments.

Clark County has invested in numerous affordable housing projects from Program Year 2023 through Program Year 2025, many of which are currently in various stages of development. These include 31 new construction projects: Donna Louise Phase 2, Russell IV Senior Apartments, Buffalo Cactus, Southern Pines Phase 1 & 2, Old Rose Garden Apartments, Pecos Apartments, PuraVida Senior Living, Bruner Senior Apartments, Decatur & Rome Family Apartments, Marion D. Bennett Plaza Phase 2, McKnight Senior Village IV, Microbusiness, Ogden Pines Apartments, Pearson Pines Apartments, Heirloom at Pebble Senior Apartments, Sunrise Ranch, Torrey Pines Senior Apartments, Hafen Village Phase 2, A Place to Call Home, Riverwood Apartments, Arroyo Grande Apartments, Marble Manor Phase 2, Nellis Grove Apartments, Lake Mead West, Senator Joseph M. Neal Jr. Apartments, Serene Pines, Tropicana Trails, and Visions Park. These developments are being funded through a combination of HOME, State HOME, AAHTF, and CHF resources, and collectively represent over 5700 new affordable housing units expected to come online in the coming years.

Discuss how these outcomes will impact future annual action plans.

The Clark County HOME Consortium will continue to prioritize both ongoing projects and new initiatives aimed at producing affordable multi-family housing. This approach remains the most effective strategy for addressing the housing needs of individuals and families earning at or below 50% of the Area Median Income (AMI).

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	5,395	9
Low-income	1,716	27
Moderate-income	647	9
Total	8,170	45

Table 13 – Number of Households Served

Narrative Information

CDBG figures based on PR 23: CDBG Summary of Accomplishments; HOME figures based on PR 23: HOME Summary of Accomplishments reporting from IDIS.

The number of families assisted under the HOME Program reflects only those residing in HUD HOME-funded units. When including non-HUD HOME-funded units within the same developments, a total of 504 households were served.

Clark County continues to require that all HOME-assisted units meet the low-HOME threshold, serving households at or below 50% of AMI. Additionally, the County leverages CHF resources to incentivize the development of units affordable to households at 30% AMI, resulting in a notable increase in investment toward deeply affordable housing.

The County also remains committed to addressing “worst case needs” by supporting accessible, affordable, and supportive housing for adults with traumatic and acquired brain injuries, as well as other neurodevelopmental disorders. This effort is carried out in partnership with Accessible Space, Inc. (ASI), whose work has enabled many low-income residents with disabilities to access wheelchair-accessible, energy-efficient, safe, and affordable housing.

In 2022, ASI was awarded CHF funds to rehabilitate 11 existing properties in Clark County. These projects are currently working toward completion.

DRAFT

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)
Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:
Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Homeless Census

HUD requires every Continuum of Care to conduct a Point-In-Time Count at least biennially: a one-day census of people living in emergency shelters or transitional housing or living unsheltered. It may also be referred to as a Point-in-Time Count. In Southern Nevada, the Homeless Census consists of many activities that occur throughout the year and is used to plan, fund, and implement actions for reducing chronic homelessness and circumstances that bring about homelessness. Local organizations use the results, which are also reported to congress, to track progress on homelessness, in the form funding formulas, and guide service and program priorities.

Coordinated Entry

The Southern Nevada Continuum of Care, which includes housing and homeless service providers in Southern Nevada, uses the Coordinated Entry System to engage individuals and families in housing and services. Coordinated Entry is a centralized or coordinated process designed to streamline participant intake, assessment, and provision of referrals. A Coordinated Entry system covers a specific geographic area, is easily accessed by anyone seeking housing or services, is well advertised, and includes comprehensive and standardized assessment, prioritization, and referral processes. The purpose of a Coordinated Entry System is to ensure that all people experiencing a housing crisis are quickly identified, assessed for, and connected to housing and homeless services based on their specific strengths and needs. It uses standardized tools and practices and, in an environment of scarce resources, coordinates housing support so that those with the highest vulnerability and most severe service needs are prioritized.

Outreach Efforts

To coordinate across healthcare, behavioral health, criminal justice, and other fields, Clark County (CC) funds community outreach teams to respond to and provide outreach directly to homeless clients.

- Mobile Crisis Intervention Teams (MCIT x 6 and a Regional Outreach Coordinator- ROC),
- Linkages Interventions Navigation and Knowledge Team (LINK),
- Clark County Social Services has specialized teams to support meeting basic needs of individuals and families as it relates to homelessness and affordable housing. Focused efforts include:
 - Join patrol officers on the Las Vegas Strip, local parks, the airport, and homeless encampments to work with the unhoused to access services and exit homelessness
 - Behavioral/Mental health response and crisis stabilization in partnership with LVMPD, Crisis Intervention Team, DUI Intervention Detail, Counter Terrorism
 - Person-centered case management and housing crisis response
 - Person-centered case management to users of high-cost facilities (justice systems/prison release programs)
 - Long-term care case management (acute needs/disabilities- a higher level of need)
 - Outreach engagement includes mobile shower efforts, supplies/services for unsheltered individuals with pets (supplies/vaccinations)

These teams prioritize outreach to unsheltered high-risk adults and are comprised of mental health and substance abuse practitioners, people with lived experience including young people with lived experience of homelessness, bilingual support and social workers. They participate in the Coordinated Entry process

to prioritize referrals to supportive housing while using the Homeless Management Information System (HMIS) for recording the location and services for each contact.

MCIT provides crisis intervention, assessment, and referral to services while responding to requests for outreach from elected officials, departments, businesses, and citizens. The ROC manages and tracks the teams' response to community requests. During 2025-2026, there were 5,293 unduplicated clients, 9,594 contracts that were also referred to shelter; 8,141 referred to mental health services, 8,856 contacts referred to medical treatment; 7,7873 referred to substance use services; and 865 assisted with obtaining documents. MCIT also conducted 2,331 outreaches and made 2,196 placements into shelter/housing.

LINK (Linkages Interventions Navigation and Knowledge) is a joint homeless outreach and services effort, in partnership with HELP of Southern Nevada through the Continuum of Care Coordinated Entry system to provide homeless street outreach and immediate bridge housing to individuals with high priority on the community queue who are experiencing chronic homelessness. Bridge housing, funded by Clark County, provides a place for clients to be stabilized while agency staff works with them to document their program eligibility and begin housing stability interventions as individuals are prepared for transition into housing programs. During this year LINK has serviced 80 individuals/households; 52 of those households transitioned into PSH.

Crisis Intervention

Clark County Social Services partners with the LVMPD Crisis Intervention Team (CIT) in a critical effort to extend a lifeline to community members experiencing mental health challenges, substance use concerns, and other barriers to stability. Through this collaborative approach, individuals are connected with appropriate resources and supportive services based on their unique needs.

This partnership has helped increase access to essential community resources, including mental health and substance use services, employment assistance, Medicaid and medical treatment, SSI/SSD benefits, and transportation support. By connecting individuals with the appropriate services and resources, the collaboration promotes greater stability, strengthens community support systems, and helps them access the assistance they need.

Emergency Solutions Grant

The Clark County Emergency Solutions Grant (ESG) program remains a vital contributor to the Southern Nevada Continuum of Care (SNHCoC), supporting efforts to address homelessness through coordinated outreach and collaboration. Subrecipients engage in a range of activities—including attending community events, conducting outreach, and accepting referrals from hospitals, law enforcement, faith-based organizations, and social service agencies—to meet the diverse needs of individuals experiencing homelessness.

For the Program Year 2025 funding cycle, Clark County allocated funds to HMIS and Homelessness Prevention. Clark County was able to deploy other funds to conduct outreach services.

Addressing the emergency shelter and transitional housing needs of homeless persons

According to the 2026 Housing Inventory Count (HIC), there are a combined 4,459 shelter and transitional housing beds. Emergency shelter beds (3,814) are provided through Bridge Counseling, Catholic Charities, City of Las Vegas, Clark County Social Services, Crossroads of Southern NV, Family Promise Las Vegas, HELP of Southern Nevada, HopeLink of Southern Nevada, Las Vegas Rescue Mission, Nevada Partnership for

Homeless Youth, Safe House, Safe Nest, The Salvation Army, The Shade Tree, and WestCare. Transitional housing beds (645) were provided by the City of Las Vegas, Crossroads, HELP of Southern Nevada, HELP USA, Houses Helping Humans, Living Grace Homes, Nevada Partnership for Homeless Youth, St. Jude's Ranch for Children, the Salvation Army, and the United States Veterans Initiative.

The Clark County ESG program opted to focus the Program Year 2025 on homelessness prevention and HMIS. Clark County continues to commit large sums of local funding from other programs to support emergency shelters, rental assistance programs, and other services targeting the homeless population.

The County and local jurisdictions support a regional budget to provide shelter beds throughout the year, Catholic Charities (400 beds), Las Vegas Rescue Mission (30 beds), Salvation Army (220 beds), and HopeLink (scattered site hotel/motel (333)). In 2025, Catholic Charities served a total of 3,027 individuals, Las Vegas Rescue Missions served a total of 552 individuals and HopeLink served a total of 664 individuals, Clark County recognizes that traditional congregate shelters are not always adequate in protecting the safety of some of our most vulnerable residents—those experiencing homelessness.

Leveraging the availability of vacant hotels, the County established non-congregate shelters, opening three during the pandemic. A Navigation Center followed in 2023, and by 2024 the network expanded to a total of 10 non-congregate shelters operating across the county. Of these, two exclusively serve families, and one is dedicated solely to youth between the ages of 18 and 24, one location serves individuals experiencing behavioral/mental health or substance abuse challenges, an assisted living location, and one designated to serve those with extensive criminal backgrounds and a medical condition. The remaining serve any adult over the age of 24 without minor children in the household.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Clark County ESG program committed the largest portion of its funding to homelessness prevention activities. These programs include rental assistance as well as intensive case management to assist individuals and families with housing and navigating other systems to ensure their needs are met and assist in gaining stability. Clark County selected Family Promise of Las Vegas, HopeLink of Southern Nevada, S.A.F.E. House, The Just One Project, and The Salvation Army through a competitive application process to provide these services. Unfortunately, the providers were unable to begin providing services due to Clark County not receiving neither the contract nor access to the funding from HUD and delays with the internal contracting process of Clark County during the specified time range for this report.

STAR RRH addresses the needs of highly vulnerable, non-chronically homeless households that cycle in and out of jails, emergency rooms, psychiatric facilities, and other high-cost systems. Due to a shift in trends among those experiencing homelessness, STAR TH-RRH shifted from the joint TH/RRH component to a RRH only program in December 2022. The project provides frequent users with rapid rehousing and wrap around services necessary to become stable, address the causes of homelessness, and reduce the population in detention centers, recidivism, and exits to homelessness. This year, the program served 196 clients through the RRH component.

STAR PSH serves households who are chronically homeless with disabling conditions. This program provides rental assistance and intensive case management services. Clients are assessed and provided with supportive services to improve their health and well-being to increase housing stability and self-sufficiency. This past year, STAR PSH served 100 clients.

Healthy Living (PSH) serves medically fragile, chronically homeless households discharged from local hospitals and medical facilities. This program provides rental assistance and intensive case management with access to behavioral health services and medical care. The Healthy Living PSH program leverages funds from managed care organizations (MCOs) to pay for supportive services and Clark County and HUD funds for rental assistance and administrative costs. Healthy Living (PSH) served 88 households in PSH during the reporting period.

Step Up, operated by Clark County Social Services, is a homeless prevention program to assist young adults who have “aged out” of foster care to attain economic self-sufficiency and general stability in an independent setting in the community. Participating youth need to have turned 18 years-old while in foster care in Nevada. The Funds to Assist Former Foster Youth (FAFFY) and Extended Young Adult Support Services Program (EYASSP) laws make up the Step Up Young Adult Program. FAFFY is funded by the State of Nevada (Nevada Revised Statute 432.017). Eligible youth may enroll in the FAFFY program between the ages of 18-20; the program ends on their 21st birthday. The EYASSP program is funded by the State of Nevada under Nevada Revised Statute 432B.591-601 “Continuation of Jurisdiction of Court Over Child Who Reaches 18 Years of Age While in Custody of Agency Which Provides Child Welfare Services”. Eligible youth may enroll as they are exiting “in-care” youth foster care at 18, and the program ends on their 21st birthday. Step Up provides services including but not limited to: case management, housing assistance, employment assistance, educational assistance, transportation assistance, and other services such as referrals to a network of community providers that can further assist the needs of aged-out former foster youth. From July 1, 2025 through June 30, 2026 Step Up served 493 young adults.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In 2021, Operation Home! (OH!) was launched using ESG-CV and CDBG-CV funds with the critical role of ensuring the safety of all vulnerable citizens of Southern Nevada and a strategic response to support Southern Nevada’s Plan to End Homelessness and COVID-19. Operation Home! began as a collaborative effort by the Southern Nevada Homelessness Continuum of Care and all Southern Nevada Jurisdictions: Clark County, City of Las Vegas, City of North Las Vegas, City of Henderson, and State of Nevada to revamp how city, county, and federal agencies work together and increase the speed and effectiveness with which the system helps people experiencing homelessness move into housing. The goal was to permanently house 2,022 people who are at the highest risk of negative impacts from COVID-19 by the end of 2022 through different pathways to permanent housing and utilizing a client-centered, community, collaborative approach. The community exceeded the goal and permanently housed 2,398 households during the program period. As of 2024, Operation Home! Focuses on Permanent Supportive Housing and Rapid Rehousing through rental assistance, utility assistance, housing problem solving, and an array of

supportive services to meet each client's unique needs. The program is currently funded through Human Services and Education Sales Tax (AB309) at a level that sustains the number of housing units developed during the initial program period. Throughout the year, OH! agencies are provided with technical assistance and training for all team members to improve their response towards meeting the needs of clients and helping them attain the goal of self-sufficiency. OH! currently serves over 500 households and has expanded the program to additional agencies in the community to address the homeless crisis in our community.

On January 22, 2019, the Board of County Commissioners set aside Marijuana fees collected by the Business License Department to address homelessness through the Clark County Housing Program (CCHIP). The mission is to develop and maintain a healthy system of care to address the needs of persons experiencing a housing crisis. The projects have built upon work done by existing programs of the SNHCoC, address gaps in systems of care using non-federal funding, and utilize flexible funding to drive innovative solutions. Due to COVID-19, CCHIP programs were expedited and expanded to meet the emerging needs of the community, including more rapid rehousing, outreach, sheltering and diversion programs. The budget for CCHIP programs in fiscal year 2026 was approximately \$11 million and was allocated to 10 providers to implement and manage 4 programs (Emergency Shelters, RRH for Families, Youth TH/RRH, Shannon West Homeless Youth Center). Clark County's Emergency Shelter programs provide congregate, hotel, and motel options for unhoused clients. RRH for Families works in partnership with families connected to the Clark County Department of Family Services to quickly house our most vulnerable families. Shannon West is an emergency shelter specifically for the youth population while Youth TH/RRH serves youth who are working towards permanent housing. CCHIP funding through Fiscal Year 2026 has served over 4,150 individuals through Emergency Shelter, and over 674 households for the RRH and Youth TH/RRH programs.

The HMIS monitors the returns to homelessness and provides reports to providers who are encouraged to monitor their performance in reducing recidivism rates of clients who have exited their programs. The CoC staff provides technical assistance (TA) for projects that have high recidivism rates to problem solve and create solutions for clients exiting the program. The CoC is working with a local partner to provide standardized case management trainings that will assist providers with improving outcomes and reducing recidivism through case management, life skill development training, income and benefit acquisition assistance, employment assistance, medical care access, legal assistance, behavioral healthcare, and job training.

Housing Problem Solving (HPS) is a short-term intervention focused on identifying immediate, safe housing arrangements, often utilizing conflict resolution and mediation skills to reconnect households to their support systems. HPS is a person-centered, strengths-based approach that seeks to identify flexible and cost-effective alternative housing solutions that can be implemented quickly. Since June 17, 2024, the Continuum of Care has incorporated HPS in partnership with Clark County Social Services to complete the training of over 500 Coordinated Entry Assessors.

The Clark County ESG program for 2025 was focused on Homelessness Prevention. These clients would have been at-risk of homelessness and would not meet the HUD definition of homelessness.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Southern Nevada Regional Housing Authority (SNRHA) is utilizing Capital Fund Program (CFP) resources to support the comprehensive modernization of public housing units through HUD initiatives such as the Rental Assistance Demonstration (RAD), Section 18/RAD Blend, and Faircloth-to-RAD conversions. In addition, CFP funds are being used to provide gap financing for new construction and the preservation of affordable housing under programs including the Home Means Nevada Initiative, the Clark County Community Housing Fund, Low Income Housing Tax Credits (LIHTC), Low Income Housing Trust Fund (LIHTF), Affordable Housing Funds (AHP) and the Mixed Finance Program.

SNRHA also continues to allocate CFP funds toward essential capital improvements across its portfolio. In July 2024, SNRHA, in partnership with the City of Las Vegas, was awarded a \$50 million HUD Choice Neighborhoods Initiative (CNI) Implementation Grant to redevelop Marble Manor in the Historic Westside. This transformative project will be carried out in five phases between 2024 and 2032.

SNRHA's Recent RAD, Restore/Rebuild, CNI and LIHTC Projects Include:

As part of HUD's Section 18 repositioning strategy, the SNRHA completed the comprehensive modernization of the 200-unit James Down Towers Senior Housing Development through the Section 18/RAD Blend Program. Under this initiative, 60% of the units (120) are Project-Based Voucher (PBV) units, and 40% (80 units) are RAD PBV units. Rehabilitation was financed through 4% LIHTC Tax-Exempt Bonds, City of Las Vegas Volume Cap Bonds, Affordable Housing Program Target Funds, Clark County Community Development and Block Grant (CDBG) and SNRHA Capital Fund Program funds. Construction began in June 2023 and was completed August 2025.

In November 2021, under the Choice Neighborhoods Initiative (CNI), HUD awarded SNRHA and the City of Las Vegas an agreement to develop a Transformation Plan for the Historic Westside, centered around the Marble Manor development. The plan was finalized in November 2023 and approved by HUD in February 2024. Following submission of a CNI Implementation Grant application in February 2024, SNRHA was one of eight cities awarded a \$50 million grant in July 2024. This funding will support housing, people, and neighborhood components over the eight-year redevelopment process.

The redevelopment will produce 627 new units, including 235 replacement units for current Marble Manor residents, 254 units for households earning up to 60% AMI, and 138 units for those at 80% AMI or above. Relocation of residents has been completed for approximately 150 of the 230 dwelling units and demolition of Phase I and Phase II (130 dwelling units and 3 non-dwelling buildings) has been completed. Construction is in progress for Phase I, which will consist of 138 mixed-income units and retail space for residents and community partners/business. Completion of Phase I construction is November 2027.

Financial closing for Phase II is scheduled for November 2026, with construction expected to begin by December 2026. Phase II will include an additional 223 mixed-income units in a variety of building styles with greenspace. Design work for Phase III is in progress. Phase II will include dwelling units, retail space, a childcare center and other recreational projects centered around the Heart of J Street connecting the eastern and western portions of the development. Relocation has started for Phase III and Phase IV residents with demolition of remaining buildings projected to start in May 2027.

To expand affordable and supportive housing across Southern Nevada, SNRHA issued a Request for Proposals and awarded over 300 PBVs to support 11 additional developments.

SNRHA is also developing new affordable housing on four vacant parcels, totaling 452 units. These include:

- Marion Bennett Apartments Expansion: Construction of 59 elderly-preference units in a three-story building in Las Vegas began in June 2025. Construction was completed in August 2026 with a Grand Opening scheduled for October 08, 2026.
- Gholson Landing (formerly 28th & Sunrise) Development: Construction of 121 affordable family units on a 6.01-acre site in Las Vegas was completed July 2026. Development is 65% leased with a Grand Opening scheduled for September 22, 2026.
- Beals-Henderson Pointe (formerly Duncan & Edwards) Development: Construction of 80 affordable family units on a 5.15-acre site in Las Vegas was completed in March 2026. Grand Opening was held in June 2026. Development is 100% leased.
- Senator Joe Neal Apartments: Groundbreaking occurred on August 1, 2025, for this 192-unit elderly preference development on 5.85 acres of the former Rose Gardens and Casa Rosa Apartments in North Las Vegas. Construction is 60% complete with construction completion anticipated by August 2027.

Preservation construction has also begun at the 100-unit Janice Brooks Bay Apartments in Clark County, part of SNRHA's non-aided portfolio. The property has been repositioned to include 52 PBV and LIHTC units. Construction began in February 2025 and 70% of the work has been completed. Total construction completion is scheduled for December 2026.

Funding sources for these developments include the State of Nevada Housing Division's Home Means Nevada Initiative, Clark County Community Housing Fund, HOME funds from the City of Las Vegas, Clark County, and the City of North Las Vegas, as well as SNRHA Capital Funds, Affordable Housing Funds, and LIHTC. SNRHA is also leveraging HUD's Faircloth-to-RAD repositioning strategy by converting 150 Faircloth public housing unit allocations into PBV units.

In addition to new development, SNRHA continues to prioritize modernization activities based on its Capital Plan. Upcoming energy efficiency upgrades at the 220-unit Arthur Sartini Plaza will be funded by Clark County Community Housing Funds and SNRHA Capital Funds. Construction is underway, replacing the HVAC systems and installation of energy efficient windows. The agency has submitted an application to the City of Las Vegas for Private Activity Bonds and will apply for 4% LIHTC to complete a comprehensive modernization of the building under the agency's preservation program. Clark County has awarded \$3 million in CDBG funds towards the total preservation development of the property.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

As of January 31, 2026, the Family Self-Sufficiency (FSS) program had 450 voluntary slots, and 425 participants from the Public Housing (PH) and the Housing Choice Voucher (HCV) programs. Of those participants, 60 were PH residents. SNRHA's Resident Opportunity and Self-Sufficiency (ROSS) program, currently with 71 participants, targets residents of PH for program participation in activities which lead up to independence and self-sufficiency. This program allows us to serve the following sites:

- Jones Gardens
- Marble Manor Annex
- Sherman Gardens
- Sherman Gardens Annex
- Villa Capri
- Simmons Manor
- Hampton Court
- Ernie Cragin Terrace Annex
- Otto Merida Desert Villas

SNRHA also has over 85 active partnering agencies as a part of its Program Coordinating Committee (PCC) which includes representatives from:

- Clark County
- Cities of Las Vegas, North Las Vegas, and Henderson
- Nevada System of Higher Education (NSHE)
- Universities of Nevada, Las Vegas and Reno
- College of Southern Nevada
- Nevada State College
- Early Childhood Education
- Workforce Connections
- Local Office of US Housing and Urban Development
- Local nonprofit and community agencies
- Resident Representatives

Commitments with these organizations are established either verbally or through MOUs.

SNRHA continues its HCV homeownership and housing counseling programs to assist low-income families reach the dream of owning a home of their own and moving out of subsidized housing. Between January 1, 2025, and December 31, 2025, six (6) SNRHA HCV participants became homeowners. Housing counseling, through SNRHA's HUD certified Housing Counselors, is utilized as a part of regular programming for Family Self-Sufficiency participants who are interested in "seeking, financing, maintaining, renting, or owning a home". We have a total of nine (9) HUD Certified Housing Counselors in the Supportive Services Department.

SNRHA continues to improve on its Section 3 program, especially while continuing the revitalization of its sites and its Choice Neighborhood Implementation grant for Marble Manor. The Section 3 program currently has a list with 205 interested participants. SNRHA will invite residents to receive training and/or employment within those PH sites and the surrounding low-income communities while working with contractors. The future of HUD Section 3 reporting will focus on labor hours attained. No reports were due in 2025.

SNRHA continues to work on PH sites to develop Resident Councils. At this time, there are two (2) active councils. SNRHA also continues to expand its partnerships and is working hard to continue securing grants, private donor funds, and charitable gifts that may promote household self-sufficiency, moving into homeownership, and assisting seniors to age in place.

In 2024 SNRHA was awarded a \$3,000,000, 4-year Jobs Plus grant to open and operate a workforce center to serve residents at six public housing developments; five on the Historic Westside and one on the Eastside. We rebranded the program to be named FLEX, standing for Fostering lasting Employment experiences. The purpose of the FLEX program is to develop locally based, job-driven approaches to increase earnings and advance employment outcomes through job readiness, connection to employers, job placement, educational advancement in technology skills and financial literacy for residents of public housing. The Jobs Plus program addresses poverty among public housing residents by incentivizing and enabling employment through income disregards for working families and providing resources and services including intensive case management, designed to build a culture of long-term economic self-sufficiency. To date, we have 235 resident enrollments in the program as of January 2026.

Actions taken to provide assistance to troubled PHAs

The Southern Nevada Regional Housing Authority is not designated as troubled by HUD.

DRAFT

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Private Activity Bonds

Clark County uses all of its Private Activity Bond (PAB) cap allocation for affordable housing. In Program Year 2025 the County (PAB) cap allocation is \$70,558,705.47. Applications were requested from Affordable Housing (AH) stakeholders May 4, 2026, and received July 2, 2026. Clark County awarded PAB cap as follows:

- \$11.075M to Ulysses Development Group for construction of their proposed 162-unit Boulder Highway Apartments, to be located near the northwest corner of Boulder Highway and East Russell Road in Las Vegas, that will target low-income households.
- \$5M to the Nevada Rural Housing Authority for their single-family homebuyer program, which focuses on providing assistance to low-income families in the rural areas of Southern Nevada to purchase a home.
- The remaining \$54,483,705.47 in PAB cap was allocated to the State of Nevada Housing Division (NHD) with a priority for multifamily housing development in Clark County.

Land Availability

One of the most significant barriers to housing development in Southern Nevada is the limited availability of land. To address this, Clark County continues to utilize the SNPLMA Section 7(b) provision, which allows federal public lands to be made available for affordable housing development at a substantial discount. In addition to leveraging federal land, the County has also committed County-owned land for affordable housing initiatives. Since 2022, a total of seven affordable housing projects have been initiated on either County or BLM land. Currently, Clark County has approximately 450 acres of BLM land reserved specifically for affordable housing development and continues to explore opportunities to utilize additional County-owned parcels.

Development Incentives

Clark County offers development fee discounts and expedited permitting for all projects certified as affordable housing. Additionally, the County has revised its Title 30 Development Code to incorporate targeted incentives that support affordable housing production, including:

- Density Bonuses: Available for all certified affordable housing developments including senior, family, and supportive housing, these bonuses are designed to reduce per-unit costs. Certification by CHO staff is required to access this incentive.
- Parking Requirement Reductions: Certified Affordable Housing projects are eligible for reduced parking requirements, helping to lower development costs and improve site efficiency.

Property Tax Exemption

Nevada is among the few states in the U.S. that offer a local property tax exemption specifically for affordable housing developments. Projects with units serving households below 60% of AMI and in some cases up to 80% AMI for LIHTC supported developments, are eligible for a property tax exemption on the portion of the property dedicated to affordable housing. To qualify, these units must be financed through designated public funding sources.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The demand for affordable housing, community development, and quality-of-life services to support low- and moderate-income individuals and families in Southern Nevada remains substantial. Clark County continues to collaborate with local agencies and nonprofit organizations to deliver a wide range of housing assistance programs and remains committed to addressing underserved needs across the region.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The County's federally funded housing programs comply with the lead paint requirements found in 24 CFR Part 35. Lead-based paint educational materials and inspection reports are provided to program recipients.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

As part of its ongoing commitment to reducing poverty, Clark County prioritizes funding for agencies that deliver direct assistance to individuals experiencing homelessness or at risk of becoming homeless.

In Program Year 2025, Clark County's Outside Agency Grant (OAG) provided \$3,045,000 to 89 community organizations. These funds supported programs that significantly benefit Clark County residents, either by providing essential services to disadvantaged citizens, helping them achieve self-sufficiency and independence, or by fostering community pride, cohesiveness, and infrastructure. Services included food banks, foster youth assistance, homeless programs, youth and senior services, arts and cultural events, and advocacy. The efforts of these community organizations play a crucial role in reducing the number of families living in poverty in Clark County.

Clark County Social Services has continued to provide workforce training and job placement for individuals that are unemployed and underemployed individuals through the Clark County Workforce Economic Stability Training (CCWEST) program with the Culinary Academy of Las Vegas. During the last year they served a total number of 202 unduplicated clients. The program provides employment access into the hospitality industry as students are training for jobs through a hospitality focused curriculum in conjunction with the majority of Las Vegas Strip hotel and casino partners for quick placement once a student graduates from their training. The program is currently funded through Human Services and Education Sales Tax (AB309).

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The County is committed to enhancing collaboration across governmental entities and the private sector to align efforts, optimize resources, and generate new funding streams for community services and affordable housing development. Key ongoing partnerships include:

- Bi-monthly meetings with entitlement jurisdictions such as the City of North Las Vegas, City of Henderson, City of Las Vegas, the State of Nevada, and the SNRHA
- Joint project management for initiatives supported by multiple funding jurisdictions
- Active engagement with and coordination through the County's Continuum of Care

During Program Year 2025, Clark County took steps to strengthen its institutional structure to more effectively administer the Community Development Block Grant (CDBG) Program. Internally, the Community Housing Office (CHO) increased collaboration between program and fiscal staff to streamline project review, contract execution, and drawdown processing. This improved coordination allowed the County to move projects forward more efficiently and support compliance with HUD's timeliness requirements.

The County also enhanced communication with subrecipients by providing technical assistance on federal compliance requirements, including procurement, reporting, and Section 3. Emphasis was placed on ensuring that subrecipients had the tools and support necessary to complete projects on schedule and in accordance with federal regulations.

Additionally, Clark County strengthened relationships with nonprofit partners and County departments by aligning project planning with readiness-to-proceed criteria. This institutional adjustment not only improved the County's ability to manage funds effectively but also increased accountability and capacity among funded agencies. Together, these efforts enhanced the County's overall structure for carrying out the Consolidated Plan and delivering services to low- and moderate-income residents.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Clark County participates on the Governing Board of the Southern Nevada Homelessness Continuum of Care (SNCoC) Board, which is responsible for making decisions on behalf of the Continuum of Care. This Board is made up of those with Lived Experience comprised of a Youth Advisory Board and Lived X Consultants; Community Representatives from sectors including nonprofit homeless and social service organizations, healthcare, and veterans' advocates; Consolidated Plan jurisdictions, and Ex-Officio participants representing the Collaborative Applicant, HMIS Lead, and Coordinated Entry Lead.

Clark County also maintains a robust network of community and housing partners, including the SNRHA, SNCoC, and other regional planning bodies. To strengthen collaboration between public agencies and the private sector, the County works closely with neighboring jurisdictions and developers to share data, align resources, and promote comprehensive housing solutions.

In support of County objectives to assist vulnerable populations, all affordable housing developments receiving County funding must provide written notices at least sixty (60) days before beginning the residency application process. This requirement ensures that Clark County Social Services clients – among the region's most vulnerable, are notified in a timely manner and have the opportunity to apply for housing units for which they may qualify. As the largest social services provider in Southern Nevada, Clark County Social Services plays a pivotal role in connecting eligible households to affordable housing opportunities.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Clark County renewed its contract with the Silver State Fair Housing Council (SSFHC) to provide fair housing discrimination testing, training, and assistance with claims. To support these services, the County allocated \$125,000 in CDBG administrative funds.

Between July 1, 2025, and June 30, 2026, SSFHC responded to general housing inquiries from households representing 394 residents across unincorporated Clark County, Boulder City, and Mesquite. SSFHC did not use CDBG administrative funds to assist Clark County residents with processing allegations of housing discrimination or file formal complaints with HUD's office of Fair Housing and Equal Opportunity (HUD-FHEO).

To advance fair housing education and compliance, SSFHC conducted five trainings: one session of ABCs of Fair Housing for Real Estate and Property Management Professionals, two virtual Basics of Fair Housing trainings via Zoom, and two Ensuring Equal Housing Opportunity trainings. These efforts reflect SSFHC's ongoing commitment to promoting fair housing awareness and enforcement throughout Nevada.

In partnership with SSFHC, Clark County implemented targeted actions to address key impediments to fair housing during the program year:

- Action 1: Address Lack of Knowledge of Fair Housing SSFHC delivered specialized trainings for real estate professionals, property managers, HOA managers, consumers, and board members. In-service trainings were conducted for social service providers and community organizations by offering a presentation on fair housing protections and fair housing resources. Fair housing information was distributed at numerous community events, and a Fair Housing Resource Fair was held during Fair Housing Month to engage community organizations and residents.
- Action 2: Address Disproportionate Housing Problems and Economic Barriers SSFHC launched a multilingual outreach campaign that included 12 print advertisements in English and Spanish across publications serving Las Vegas, Mesquite, Laughlin, Boulder City, and Moapa Valley. A three-month bus kiosk campaign also placed fair housing ads throughout unincorporated Clark County to increase visibility in high-traffic areas.
- Action 3: Educate on and Deter Subprime Lending SSFHC provided property owners with tools and guidance to support compliance with fair housing laws and deter discriminatory lending practices. The organization also offered direct assistance with housing discrimination claims, made referrals to external agencies for related housing concerns, and provided fair housing support to housing providers, consumers, and social service organizations.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Subrecipients are required to submit monthly Reimbursement Requests and Reconciliation Reports to document expenditures, verify cost eligibility, and ensure that both line-item and overall project budgets remain within approved limits. In addition, quarterly and annual performance reports must be submitted to capture demographic data, activity outputs, and program-specific outcome measures.

CDBG

The Community Housing Office (CHO) of Clark County has established monitoring standards and procedures to ensure that all CDBG activities are carried out in compliance with federal regulations and in furtherance of the Consolidated Plan. Monitoring is designed to assess program performance, verify the proper use of funds, and ensure long-term compliance with applicable requirements.

Subrecipients are required to provide CHO with client usage records on no less than a semi-annual basis, including a cumulative report of unduplicated clients served at the end of their fiscal year. These records must capture information on program participants and the target population to the extent available. CHO staff review these reports for accuracy, consistency with approved outcomes, and compliance with HUD performance measures.

In addition to desk reviews of client data and financial documentation, CHO conducts on-site monitoring visits on a risk-based schedule. These visits allow staff to evaluate program delivery, inspect records, and provide technical assistance where needs. Observations or findings are documented in formal monitoring letters, with corrective actions required when deficiencies are identified. The follow-up is then conducted to confirm that all corrective measures have been successfully implemented.

ESG

The Grants Coordinator collaborates with the other local jurisdictions receiving ESG funding, City of Las Vegas, City of North Las Vegas, and the State of Nevada. This collaboration has been integral in identifying potential issues and coordinating our programmatic efforts. Our collective ESG Written Standards has been greatly beneficial in streamlining our programs and reducing confusion among the service provider community. Applicants and subrecipients for ESG also have access to resources that are linked from the CHO page in the Clark County website for their programs. These resources explore topics such as income limits, other eligibility criteria, and rules and regulations.

The Grants Coordinator conducts monitoring for each program year with each subrecipient, to include programmatic and fiscal portions, based on CPD Monitoring Handbook exhibits. A monitoring results letter with recommendations is then prepared for each subrecipient.

HOME

In 2025 Clark County entered into an agreement with the State of Nevada Housing Division to provide Program monitoring and physical inspections of multi-family developments funded under the HUD programs. Additional HOME Monitoring information is available in section CR-50.

In Program Year 2025 Clark County initiated additional fiscal monitoring of projects to ensure that

multifamily developments funded with HOME and other County funds are not at risk, and that Program Income and loan payments are received.

The Community Housing Office (CHO) of Clark County has established monitoring standards and procedures to ensure that all HOME activities are carried out in compliance with federal regulations and in furtherance of the Consolidated Plan. Monitoring is designed to assess timeliness of project completion, verify the proper use of funds, and ensure long-term period of affordability compliance.

Subrecipients are required to undergo on-site physical inspections and desk audits annually, during which building standards, client files and project financials are reviewed for compliance and to ensure ongoing project viability. Findings are documented in formal monitoring letters, with corrective actions required when deficiencies are identified. The follow-up is then conducted to confirm that all corrective measures have been successfully implemented.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

In accordance with the Citizen Participation Plan, the proposed 2025 CAPER was made available for public review and comment beginning September 8, 2026. The document was open for public comment for a 15-day period prior to its submission. [Note public comments received here.]

The availability of the CAPER was advertised in English and Spanish via the Las Vegas Review-Journal and posted on the CHO page of the Clark County website. Interested individuals were directed to download the plan from the site.

Community members were invited to submit comments by phone or email. All public comments received after the comment period [will be] acknowledged in this report. Suggestions are reviewed and, when appropriate, incorporated into future CAPERs to improve program responsiveness and transparency.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

During Program Year 2025, Clark County maintained its core CDBG objectives but continued its approach to improve performance and meet HUD's timeliness requirements. Greater emphasis continued to be placed on readiness-to-proceed when selecting projects, and unspent funds were reallocated from delayed activities into eligible projects that could be completed more quickly. These changes allowed the County to meet the timeliness test in May 2026 and will continue guiding future funding decisions to ensure efficient use of resources and alignment with Consolidated Plan priorities.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

DRAFT

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Clark County and the State of Nevada have an agreement in place indicating that NHD will undertake the required inspections on behalf of both agencies, providing the County with the required information necessary to keep HOME/AAHTF programs in compliance. The inspections are intended to ensure the continued high quality of these developments using the physical inspection protocol established by HUD Real Estate Assessment Center. The inspections include the physical inspection of specific housing units within a development but also on the common areas, focusing on maintenance, accessibility, and safety.

Please see attachments of properties that were inspected for FY 2025. Common findings included:

- Infestation
- Garbage disposals inoperable
- Kitchen hood light inoperable
- Damage to walls
- Closet doors missing/broken
- Corrosion on water heaters Inoperable lights
- Air filters dirty
- GFI inoperable
- Blocked egress

Below is the list of properties that were not inspected in FY 2025. This was due to new staff training. The compliance department consists of 3 compliance audit staff in the southern office. The third position was a new 2025 legislative created position due to be hired in October. There were delays to the hiring process due to the cyber breach and hiring freeze / delays. The position was filled in the third quarter of FY 2025.

Properties with HOME funds are inspected annually in Nevada, regardless of HOME unit count. To remedy the missed properties below the State of Nevada has hired to full complement and will be fully trained early FY 2026.

List of properties not inspected for FY 2025:

- 1501 Apartments
- Bob Hogan
- Cedar Mojave
- Dr. Paul Meacham
- Ensemble I
- Ensemble II
- Fort Apache
- John Simmons
- Shadow Creek II (Overton Senior)
- Sunriver

- Supportive Housing
- Veteran's Supportive

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

As part of the HOME funding application process, subrecipients and developers are required to outline their marketing strategy for the proposed project, with particular emphasis on Affirmative Marketing efforts. Applicants must detail how they intend to reach eligible households that are least likely to apply and are required to submit both an Affirmative Marketing Plan (Form HUD-935.2A) and a Certification Form as part of their application package.

During desk and on-site monitoring of HOME-funded projects, tenant rolls and client lists are reviewed to ensure that subrecipients and developers are effectively serving traditionally underserved populations. The HOME Consortium mandates the use of affirmative fair housing marketing practices when soliciting renters or buyers. Subrecipients are expected to make a good faith effort to reach eligible individuals who may be unlikely to apply for housing assistance. Additionally, Clark County continues its partnership with the SSFHC to promote fair housing education throughout the community and to investigate reported instances of housing discrimination.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

The Clark County HOME Consortium spent a total of \$30,000 in program income in Program Year 2025, on 1 (one) project, North Las Vegas Donna Louise II serving families.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

- **Private Activity Bonds (PAB):** In FY26, Clark County awarded \$11.075 million in Private Activity Bonds to support the development of 162 new affordable housing units. Additionally, \$5 million was allocated to the Nevada Rural Housing Authority to support single-family homebuyer programs for low- to moderate-income households in Clark County.
- **Welcome Home Community Housing Fund (CHF):** Established in 2022, the CHF is a housing trust fund created to support the construction and rehabilitation of affordable housing units across Southern Nevada. Since its inception, the County has conducted four funding rounds, awarding over \$270 million in gap financing for multifamily affordable housing projects. These investments support the development or rehabilitation of over 5,700 affordable units including over 700 units at 30% AMI and a substantial number of units at 50% and below AMI.
- **Fee Discount Program:** Clark County offers a fee discount program for certified affordable housing developments. In FY26, the County subsidized permit, application, and infrastructure fees for projects serving households earning at or below 80% of Area Median Income (AMI).
- **Development Code Incentives:** The County amended its development code to include incentives for affordable housing, including density bonuses and parking requirement reductions, helping to reduce development costs and increase feasibility.
- **Permanent Supportive Housing (PSH):** Clark County is actively supporting the development and

rehabilitation of 260 PSH units through a combination of County general funds, AAHTF funds, and federal HOME and HOME-ARP allocations. The Consortium's entire HOME-ARP allocation has been committed to a 50-unit PSH project that broke ground in FY26, with additional County general funds contributing to the effort.

- **Land for Affordable Housing:** The County has awarded three County-owned parcels for affordable housing development and continues to utilize Section 7(b) of the Southern Nevada Public Lands Management Act (SNPLMA), which makes federal BLM land available at a discount for affordable housing projects.

- **Community Land Trust (CLT):** Clark County is in the process of launching Southern Nevada's first Community Land Trust, known as the Welcome Home CLT. This initiative is designed to create affordable homeownership opportunities for first-time buyers earning between 50% and 100% AMI. Under the CLT model, the County retains ownership of the land while selling the home and improvements to the buyer, reducing the initial purchase price and preserving long-term affordability through resale restrictions. To further support affordability, the County will offer second mortgages to lower purchase costs. The Welcome Home CLT includes two developments, the first of which broke ground in Program Year 2025, which will collectively provide 240 single-family homes in Clark County.

CR-58 - Section 3

Identify the number of individuals assisted and the types of assistance provided

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF
Total Number of Activities	3	7	0	0	0
Total Labor Hours	8177	401921

Technical assistance to help Section 3 workers compete for jobs (e.g., resume assistance, coaching).					
Outreach efforts to identify and secure bids from Section 3 business concerns.	1	4			
Technical assistance to help Section 3 business concerns understand and bid on contracts.					
Division of contracts into smaller jobs to facilitate participation by Section 3 business concerns.		1			
Provided or connected residents with assistance in seeking employment including: drafting resumes, preparing for interviews, finding job opportunities, connecting residents to job placement services.					
Held one or more job fairs.		2			
Provided or connected residents with supportive services that can provide direct services or referrals.					
Provided or connected residents with supportive services that provide one or more of the following: work readiness health screenings, interview clothing, uniforms, test fees, transportation.					
Assisted residents with finding childcare.					
Assisted residents to apply for, or attend community college or a four-year educational institution.					
Assisted residents to apply for, or attend vocational/technical training.					
Assisted residents to obtain financial literacy training and/or coaching.					
Bonding assistance, guaranties, or other efforts to support viable bids from Section 3 business concerns.					
Provided or connected residents with training on computer use or online technologies.					
Promoting the use of a business registry designed to create opportunities for disadvantaged and small businesses.					
Outreach, engagement, or referrals with the state one-stop system, as designed in Section 121(e)(2) of the Workforce Innovation and Opportunity Act.					
Other.		4			

Table 15 – Qualitative Efforts - Number of Activities by Program

Narrative

The County's Section 3 Program continued to gain strength with more employers positively responding to the appeal to offer more work opportunities to the low-income population. At the end of June 2026, contractors that have engaged at least one Section 3 worker rose to 105 from a little over 60 a year back. This represents an increase of around 75%. Such significant improvement resulted in a huge jump in the number of low-income workers hired for CDBG and HOME projects from just over 640 the previous year to 1064 by June 30, 2026, an increase of 66%.

The invitation to contractors to consider applying for Section 3 business certification elicited applications from three more companies. However, only one of them passed the assessment of the County. For good measure, the County's Section 3 Program was recognized by the National Association of Counties for Community and Economic Development (NACCED) with an Award of Excellence in the category of Innovation.

NOTE: Citizens requiring an accommodation to access this report should contact Clark County's Community Housing Office at 702-455-5025 or CHOInfo@ClarkCountyNV.gov.

PGM Year: 2021
Project: 0008 - Boulder City Capital Projects FY2021-2022
IDIS Activity: 3488 - Boulder City Senior Center Rehabilitation (BC)

Status: Open
Location: 813 Arizona St Boulder City, NV 89005-2603

Objective: Create suitable living environments
Outcome: Availability/accessibility
Matrix Code: Senior Centers (03A)

National Objective: LMC

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 03/31/2021

Description:

Boulder City funding for FY2223 is \$241,664.
The Boulder City Senior Center rehabilitation is budgeted for \$176,352 in FY2223.
This capital improvement project proposes the rehabilitation of the Boulder City Senior Center building located at 813 Arizona St in the City of Boulder City.
The Senior Center exists to enrich the lives of adults 50 years of age and older in Boulder City by providing recreation, nutrition food service, health maintenance, and other services.
The rehabilitation will be for the purposes of reconstructing the library originally built in 1982.
The Senior Center was relocated there from another site and is in need of updating.
Rehabilitation which will include, replacement of HVAC equipment, possible replacement of the walk-in refrigerator and freezer, repair of walkways on private property, roof and door repair or replacement, and solar panels are now proposed.
Potential re-piping for plumbing issues.

Years	Accomplishment Narrative	# Benefitting
2023	FY23-24 public service funding (providing emergency rent & utility assistance to income-eligible households in Boulder City). EABC also received other grant funding; the totals reflect the data for CDBG client info submitted only to Boulder City for the months within FY23-24, for some of their rent clients. Program was completed end of FY22-23 however, due to staff transitioning, delays in funding and other factors, data was not provided until late 2025.

		Matrix Code:	Child Care Centers (03M)
		National Objective:	LMC

Activity to prevent, prepare for, and respond to Coronavirus: Yes

Initial Funding Date: 03/04/2026

Description:

Construction and installation of a modular childcare facility providing at least 80 new affordable childcare seats for LMI families, with related sites, utilities, and playgroundshade improvements, delivered to restore COVID-impacted childcare capacity and support family workforce participation.
CDBG-CV tie back: The Project prevents, prepares for, and responds to coronavirus by restoring licensed childcare capacity lost or constrained due to COVID-19, adding approximately 80 affordable seats in an area with a documented shortage of licensed childcare, and supporting LMI families' workforce recovery; see Exhibit A- PPR-CV Tie-Back for the full description

IDIS Activity: 3615 - DFS - Southern Nevada Children's Advocacy Center Rehabilitation

Status: Open

Location: 1401 Mineral Ave Las Vegas, NV 89106-4342

Objective: Create suitable living environments

Outcome: Availability/accessibility

Matrix Code: Abused and Neglected Children
Facilities (03Q)

National Objective: LMC

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 04/21/2026

Description:

This activity funds rehabilitation of the Southern Nevada Children Advocacy Center (SNCAC), a County-owned public facility at 1401 Mineral Avenue, Las Vegas, Nevada. Improvements include CDBG-eligible upgrades to building systems and site components to support operations. The facility will serve as a multidisciplinary center providing services to abused and neglected children and their families.

This activity meets the Low- and Moderate-Income Limited Clientele (LMC) national objective, as it serves a HUD-presumed benefit population.

PGM Year:	2025				
Project:	0005 - CDBG Public Services 2025-2026				
IDIS Activity:	3618 - Olive Crest-Teen & Young Adult Independent Living Program				
Status:	Open	Objective:	Create suitable living environments		
Location:	4285 N Rancho Dr Ste 160 Las Vegas, NV 89130-3456	Outcome:	Availability/accessibility		
		Matrix Code:	Youth Services (05D)	National Objective:	LMC

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 05/13/2026

Description:

CDBG will fund resources to transition 16 participants successfully into adulthood with housing stability, including care coordinationcase management, life-skills training, employmenteducation assistance, mental and behavioral health services, and mentorship and community support.
Funds will support program staff, curricular materials, limited program supplies and mileage, and a prorated share of rent and utilities for agency-leased program apartments used directly to deliver these services (service-tied, time-limited housing).

IDIS Activity:	3621 - Las Vegas Clark County Library District - Chromebooks for Public Housing Residents Project		
Status:	Open	Objective:	Create economic opportunities
Location:	7060 W Windmill Ln Las Vegas, NV 89113-4678	Outcome:	Availability/accessibility
		Matrix Code:	Employment Training (05H)
		National Objective:	LMC

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 07/06/2026

Description:

This project will provide 150 Chromebooks to Southern Nevada Regional Housing Authority residents engaged in the FLEX program to help them secure long-term employment; residents will participate in financial literacy and other educational sessions designed to equip them with the necessary skills to thrive long after self-sufficiency. Access to a computer is crucial to this support, as it is paramount for job applications, resume building, and fulfilling employment requirements.
